A PROMINENT REPUBLICAN SPEAKS.

The republicans in the Fifteenth Judicial district have placed in nomination for judges Allen G. Fisher, of Chadron, and W. T. Wills, of Butte. It seems to have been a scheme of Fisher's to get a weak man on the ticket in order that he might be traded off to advantage. Fisher is a politician, and will leave no stone unturned to secure his own election. The only hope for a continuance of judicial fairness in that district is that the people are well enough acquainted with Mr. Fisher and his methods to bury him so deep he will not know what hit him. Personally Mr. Fisher is a pleasant gentleman to meet and is a personal friend of the writer, but we cannot support him although a voter in that district.—Niobrara Tribune (Rep.) Sept. 3.

The foregoing article is copied from the "Niobrara Tribune" a strong republican newspaper published at Niobrara. Editor Kendall is a legal voter and resident of Boyd county. He is a life long republican, but he knows as The Independent has known for some time that Mr. Fisher was nominated in the railroad interest, and Mr. Wills was nominated only for the purpose of trying to trade him off in Fisher's interest. Long before the republican convention The Independent had inside information but of a confidential character that Mr. Dickson did not intend to be a candidate for the reason that he well knew he could not be elected; but in the interest of the railroad he is attorney for he would try to get the Holt county delegation made up of his friends on the claim that he might be a candidate and then he would deliver them to Fisher. It was well known to Mr. Dickson that Fisher could not get the delegation from Holt county on his own merits; Mr. Fisher very well understood this likewise. There are some republicans in Holt county who personally know Mr. Fisher and there are others who knew that he has knifed Judge Kinkaid at every opportunity for the last fifteen years. These men would have made short work of Fisher's candidacy in the republican county convention if it was ever admitted that the delegation should be delivered to him. Mr. Dickson picked the committee that selected the delegates and he selected the delegates and he selected only those that he could deliver to Fisher. An examination of the list of delegates so selected show that they were people who were either under railroad control or under the control of Mr. Dickson. Some of them are persons who stuck the knife into Judge Kinkaid just as industriously as Fisher has done.—O'Neill Independent.

AS A WORKING TOOL

for the student and the writer, as an authoritative reference book for schools, families and business men, there is one book which offers superior advantages both in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Gazette of London, England, says: For the teacher, the pupil, the student and the litterateur, there is nothing better; it covers everything.

The New and Enlarged Edition recently issued has 25,000 new words and phrases, 2364 pages and 5000 illustrations.

Our name is on the title-pages of all the authentic dictionaries of the Webster series.
