About Our Ticket.

Dr. A. J. Plumer, of Mother Lake precinct, is a man well known to the stockmen throughout the western portion of this county. He will make an efficient county clerk and people ought to vote for him if they consider their business interest and the welfare of the county.

J. F. Young is the man who made the race for treasurer two years ago. Many who did not know him then will be glad to hear of his re-nomination for this office. He should have been elected two years ago but the people will try to give him a better vote this year and hope for his election.

Judge Towne has been a faithful officer and will have very little opposition. He is an old soldier and is liked by all who know him. He is not a partisan and all parties agree that he is deserving of the position he occupies. His decisions are made without political favor or personal influence. It will make the old Judge happy to know that his labor, however disagreeable at times, have met with the approval of an appreciative public.

Hugh Boyer, of Steene precinct, is a competent man for the office of surveyor, as is shown by the confidence of all his neighbors who want surveying done. He is centrally located and is acquainted with the country where surveying is needed. He is known to be honest and conscientious. His work will be done right.

D. W. Hilsinger is our popular city marshal who knows no friends and fears no enemies in the discharge of his duty. He is popular with everyone and gets along with the people so well that few arrests are necessary. Everybody is a good man with him and everybody is his friend. He is fearless in the discharge of his duty, but does not antagonize anyone nor is he ever found engaging in disputes. There is better order in our town than ever before. This man will make a good sheriff.

Prof. R. H. Watson is the principal of the Valentine schools. He has not a superior as an instructor in the western part of the state.

Dr. A. N. Compton is well known and well liked everywhere he goes. He has the confidence of Valentine people and for coroner will make a good officer.

J. P. Kreycik, of Wood Lake precinct, is well known and popular at home. As he makes your acquaintance you will be impressed

with his being a good man for county assessor.

Solomon L. Ellis is the merchant at Simeon. He is well qualified for the office of commissioner and will be a fair man to deal with. He will use every man right and will be careful with county affairs. He's always pleasant and uses good horse sense in all affairs. If you have never met him you will feel like you are acquainted as soon as you are in his presence. He is out spoken but not offensive.

In all we have a county ticket that should be elected. Every man is honest, competent, and they are worthy.

The convention was called to order by W. E. Haley, chairman of the Democratic County Central Committee. M. Christensen was chosen temporary chairman and I. M. Rice temporary secretary which organization was afterward made permanent.

On account of the small attendance a motion was made to adjourn the convention until Oct. 10th but was afterward re-considered. A committee of three were appointed by the democrats to confer with the populist committee in regard to distribution of the various offices. The populist organization was called to order by J. W. Goes Him One Better.

The Sedwick Pantagraph is authority for the statement that Osage boasts of a man who has been married thirty years and kisses his wife every time he leaves home. Mason City beats that with a man married thirty-five years who kisses his neighbor's wife every time his neighbor leaves home, and here comes the Waverly Democrat with an account of a citizen of that town married forty years who not only kisses his wife when he leaves home, but kisses the hired girl when his wife leaves home.—Manhattan Mercury.

Over 11,000 Men Will Take Part in Ft. Riley Maneuvers

Washington, D. C., Sept. 14. Plans for the forthcoming army maneuvers at Ft. Riley, Kan., were announced at the war department today. The maneuvers are to begin on or about Oct. 15th and continue until Oct. 27. They will be participated in by troops from Jefferson Barracks, Mo; Forts Leavenworth and Riley, Kan; Still and Reno, Okla; Niobrara and Robinson, Nebr; Logan, Colo; D. A. Russell, Wyo; Douglas, Utah; Shelling, Minn; Lincoln, North Dakota; Keogh, Mont; and Myer, Virginia; one regiment of infantry from the Arkansas National guard, one regiment of infantry from the Iowa National guard, two regiments of infantry and two batteries of field artillery from the Kansas National guard, one regiment of Artillery from the Missouri National guard, one regiment of infantry and one signal corps from Nebraska National guard, and one battalion of infantry from the National guard making a total of more than eleven thousand men.

For the maneuvering of large bodies of men in the working out of tactical operations, the present service, large as it is, is inadequate. The war department has obtained the written consent of 140 land owners adjoining the reservation, whose aggregate holdings amount to about 70 square miles or 44,239 acres, to the military authorities entering upon and occupying these holdings whenever it may become necessary to do so in the prosecution of the maneuvers this year, at a nominal rental of five cents per acre.

General Gillespie, of the engineers, has ordered that the entire pontoon outfit, including eight boats and other material at the Washington barracks, be transferred to Fort Leavenworth for use in the maneuvers at Fort Riley.—Manhattan (Kan.) Mercury.
