RANSOM MONEY IS READY.

Bandit Raisuli's Terms Met by the

Sultan. Mohammed El Torres, representing the sultan of Morocco, has caused the arrest of two shieks, as demanded by Raisuli. The amount of ransom demanded for the release of Perdicaris and Varley is ready. Raisuli's answer is expected by the end of the week.

News has been sent to Raisuli through the shereef or Bazzan that all his demands have been complied with.

The authorities hope that the landing of some 400 Moorish troops at Tangier Friday will not upset the arrangements, and this is now the only thing which threatens difficulties. These troops are of the worst type, and though they were ostensibly sent by the sultan for the protection of Europeans the residents of the city continue uneasy, because the troops have no discipline whatever and endanger life and property.

A British steamer is momentarily expected with the remainder of Raisuli's follows who were imprisoned at Larache. The authorities express the hope that Perdicaris and Varley will reach Tangier on Monday next.
