REPUBLICANS CLAIM EVERY NORTHERN STATE

Roosevelt Elected by Largest Majority of any President Heretofore.

Democratic national committee concedes that Roosevelt has carried every doubtful state and got increased majorities in republican states. Nebraska goes 65,000 to 70,000 for Roosevelt, but the vote on governor will be close. Republicans claim that Mickey is elected by small majority.

Fusion committees claim that Berge is elected governor.

Congressman Hitchcock defeated in 2nd district by only a small majority.

McKillop also defeated in 3rd district.

Republicans elect Kinkaid to congress from the 6th district, Bresce to the state senate and Horton state representative.

Folk is elected governor of Missouri by 40,000 to 50,000.

Delaware elects a democratic governor.

Massachusetts gives democratic governor 36,000 plurality and Roosevelt 89,000 plurality.

West Virginia elects democratic governor but electoral vote goes to Roosevelt.

La Follette (rep) is re-elected governor of Wisconsin by 60,000.

Colorado is claimed by both republicans and democrats but the state will give a small plurality to the democratic governor.

Nevada is the only state in the west not claimed by the republicans.

Montana elects a democrat governor but goes for Roosevelt.

Parker is defeated by a bigger majority than W. J. Bryan.

A party of the people and by the people will overthrow Rooseveltism in 1908 but it must have its origin and support principally from the agricultural and industrial pursuits of life.

Republicans are boasting over their victory and are rejoicing in the election of John M. Tucker county attorney of Cherry county by a large majority.

With victory comes a responsibility. There will be a greater task now to convince the people that Roosevelt means to attack the trusts.

Money and Fraud the Stock of the Combine.

Money and fraud constitute the final resource of the combine that is seeking to elect its candidates at the polls today in Douglas county. It may be safely counted that nothing that can be done in either direction will be left undone.

An offer of \$600 was made to an influential employee of the stock yards at South Omaha Monday afternoon to "fix" the election boards in two of the South Omaha wards. All that was demanded in return for this money was that the democratic judges would "back up and

not pay too much attention to the count."

A judge of election in the third ward in Omaha was Monday paid \$150 from the same source, but the deal was tipped off, and the purchasable individual was notified that he will be "spotted," and that trouble will begin very promptly if he attempts to deliver even 50 cents worth of goods on the contract.

Nothing that may be attempted will occasion any surprise, after the printing deal that was worked at the primaries, the high-handed action of the machine committee in overruling the fraud protests, the attempt made to hire a second Howell to allow his name to be used on the ballot, the use of over \$35,000 of water works money to control the result of the election and the attempts to corrupt election judges that have already been made. It can only be surmised from what has already been attempted that the election itself will be made a saturnalia of crookedness if it is possible to make it so.—Tuesday's World-Herald.

More Local.

Capt. Howell and Odell Peterson came up from the Soldier's Home to put in a vote for Teddy and Mickey.

Rasmus Anderson and family came down from Rosebud Tuesday to cast his vote. They are visiting at Ed Parry's.

O. W. Hahn brought in the returns from Table precinct, showing about the usual vote. Mr. Hahn thinks that the populists are just as firm there as ever.

H. H. Morgan came down with the Nenzel returns yesterday. It was the only precinct in the county that gave majorities to all the democratic candidates on the ticket.

Ira Stuart brought down the returns from Cody in which the democrats carried their usual vote. Mickey run behind his ticket there as in most every precinct in the county.

Wash Honey came in with the Woodlake returns yesterday. The vote there was pretty nearly equally divided on most of the candidates with Mickey several votes less than the party vote.

Archie Pettyerew has been ill for several weeks. Last Saturday it was intended by his physicians to perform an operation for appendicitis, but owing to his weakened condition it was delayed until he became stronger. He is said to be some better at present.

The U. S. Weather Bureau report for the week ending Nov. 9th show highest and lowest temperature to have been 69° on the 5th and 19° on the 9th. The precipitation from rain and snow was .17 of an inch, the snow melting as it fell during the early part of the storm. The winds have been principally from the west and Indian summer continued all week up to the evening of the 8th. The highest velocity was 33 miles from the northwest on the 9th.

A man by the name of Wm. A. Luke of Johnstown fell down Robert McGeer's cellar it is supposed last Tuesday week, causing a fracture of his skull. He was found there by Mr. McGeer and thought to be drunk, as he had been drinking some. On Wednesday he was examined by Dr. Lewis and the above result was the conclusion. Luke had filed on a homestead at the land office. He was taken to the Massingale hotel where he was cared for and doctored up.

Potatoes and Potato Culture.

The Chicago & North-western R'y has issued a bulletin on the culture of potatoes in northern and western Nebraska. It tells you how to prepare the ground, select the seed and cultivate the crop so as to obtain best results. Send to J. A. Kuhn, Assistant G. F. and P. A., Omaha, Nebraska for free copies or apply to nearest ticket agent of the Chicago & North-western R'y for same. 464

J. C. Pettijohn filed a protest against the name of Wm. Butler being placed on the democratic ticket for county commissioner. The county clerk, Reece, did not notify us of this action and said, upon our inquiry Tuesday morning of election day, that he thought we "would find it out." There was not much to complain of, considering how the election has gone, but it shows the disposition of the republican managers to be to defeat the will of the people that the land office boss might have his own way. It was a dirty trick in Pettijohn as also in county clerk, Reece, in not informing the Editor who filed the nomination and had the promise of Reece that he would have the name placed upon the ballots and then immediately proceeded to lay the matter before Boss Pettijohn who filed a protest and, excepting for the notification of Wm. Butler, the protest was kept quiet. Boss Pettijohn rules with a high hand while holding his land office club over the people to compel them to do his bidding under the penalty of his disfavor. How long the people will submit to this high handed rule depends only upon his disposition and tenure of office.

WAGE EARNERS AT THE FAIR

Prominent Men Planning to Help Workers See the Great Exposition.

Wage earners of America are to see the World's Fair by tens of thousands under the auspices of the National Civic Federation. A new bureau of the Federation has just been established at St. Louis upon the World's Fair grounds. Back of the movement are Grover Cleveland, David R. Francis, Andrew Carnegie, Cornelius N. Bliss and others. Plans are making to have a vast number of the wage earners of the United States see the World's Fair, the most glorious spectacle of the age and the most influential factor in the education of the American citizen.

The bureau is in charge of Miss Gertrude Beeks, secretary of the Federation's welfare department, of which Mr. H. H. Vreeland, head of the street railway system of New York city, is chairman. The bureau headquarters is in the east end of the Palace of Transportation, on the ground floor. The Exposition management is in hearty accord with this movement on the part of the Federation to induce the large manufacturers and other employers of labor to provide ways and means for the wage earners of America to visit the Exposition. President Francis is displaying personal interest in the undertaking by affording the Federation every facility for the consummation of its efforts, and in this connection he has directed Theodore Hardee, assistant to the secretary, to co-operate with Miss Beeks and Ralph M. Easley, chairman of the Federation's executive council, in every possible way.

The Exposition management has also equipped this bureau with clerical assistance and a full supply of World's Fair literature. The bureau will be used as headquarters for all wage earners coming to the Exposition under its auspices. The aim of the Federation is to make it feasible for the largest possible proportion of wage earners to visit St. Louis and see the World's Fair. It will see that they are met at the depot by responsible persons and conducted to suitable lodgings, where they will be treated fairly.

There will also be furnished, free of charge, appropriate itineraries indicating the points of interest to be seen within a limit of one week, which is about the average time each party will spend here. It will also indicate the objects of special interest to various craftsmen in their particular lines, so that they may devote as much time as possible to the objects of peculiar interest to them. These and many other efforts will be made to help all wage earners to enjoy the benefits of this great Exposition comfortably and at an expense within their means.

WHARFAGE FREE AT ST. LOUIS

Twenty Miles of River Front For Water Craft at World's Fair City.

Free wharfage will be given to all boats landing at St. Louis during the World's Fair. Traffic Manager Hilleary of the Exposition and Joseph P. Whyte, harbor and wharf commissioner of St. Louis, have decided on the locations assigned to the various kinds of boats.

Yachts, steam launches and all boats propelled by their own power have been assigned wharf space between Chouteau avenue and Biddle street. These streets, running east and west, form the boundary lines for the central business district of the city.

House boats have been assigned wharf space north of Biddle street and south of Chouteau avenue.

St. Louis has a river front of twenty miles. The Broadway line of the Transit company parallels the river from the city limits on the north to Jefferson Barracks on the south. At no point are the cars more than five blocks from the Mississippi river. The World's Fair may be reached for one fare by transferring to any of the eight lines that cross Broadway and reach the Exposition grounds.

No charge will be made for wharfage. Application for space should be made to the harbor and wharf commissioner at the City Hall, on Twelfth street between Market street and Clark avenue.
