Mr. Morphy has been before the public for several years and has sung in nearly all the well known vandeville theaters in the country and is a recognized artist in his line of work. His distinctly enunciated and stentorian tones invariably are heard above the toot of the big horn and the clamor of the bass drum. He has made a reputation as a band soloist because he is the only man in America today who attempts the seemingly impossible feat of singing with the deafening accompaniment of a brass band, Mr. Sanderson and Mr. Morphy will proceed at once to organize their band ig Chicago and will then take the road.

From 11 o'clock until noon the Symons building burned free as a bonfire, and the firemen confined their labors to saving adjoining property. The Renshaw building seemed doomed, as did the Lewis and Clark buildings.

The Miner, Broadway, Howard, Argyle and other buildings were licked by the flames, but good work on the part of the owners and the firemen prevented what seemed for a time a general conflagration, as a stiff wind was blowing flaming embers everywhere.

By 11 o'clock every piece of fire apparatus in Silver Bow County was at the scene of the fire. The fire departments from the Barus, Cora, Parrott, Original Vaguon, Anaconda and other mines responded and rendered great service.

ATTEMPT TO LYNCH A NEGRO

Members of His Own Race Composed the Mob

A negro attempted to assault the wife of Deputy Sheriff A. J. Shores at Clayton, Mo., Sunday night and was shot by Shores and badly wounded. The shooting attracted a mob of negroes from the congregation of a colored church who attempted to lynch the negro, Robert Taylor, but were prevented and Taylor was safely landed in jail.

Deputy Sheriff Shores had alighted from a street car, and hearing a woman scream and seeing a negro running, he fired and the negro fell.

Later he discovered it was his own wife whom the negro had seized as she was on her way home from a neighborhood visit. He found her in a faint lying on the sidewalk.
