**Land Receivers May Have
To Go.**

Washington, Oct. 25.—The position of land office receiver is to be abolished if Secretary Hitchcock can have his way. He will recommend a change in his forthcoming report.

Mr. Hitchcock believes that the landoffice registers could do the work and save \$250,000 a year.—Omaha News.

More Local.

We forgot to mention that R. A. Marrall and wife had moved onto a farm near Atkinson which they have rented for a year.

Mrs. Nellie Williams and daughter, Marjorie, departed last week for their home in St. Louis, after spending the summer with her parents, Judge Towne and wife.

A prairie fire broke out yesterday noon near Tom Spratt's and close to the state line, burning furiously all afternoon. It is said to have started from Mumford's engine.

The ladies of St. John's Episcopal church are preparing to hold a "Chrysanthemum Show" and a "Feast of Pumpkins" on Tuesday evening, Nov. 28. Watch for particulars later. 41

We received a letter from G. W. McFarland of Chico, Cal., last week asking us to send THE DEMOCRAT to him at that place. He says they had a pleasant journey there and are well pleased with the country.

Mrs. Frank Sageser visited friends in Valentine a couple of days this week, after spending several days with her sister, Mrs. Munshower at Crookston. She returned to her home at Chambers, Neb., this morning.

The boys made the night hideous with their yells and shooting which was freely indulged in Tuesday night much to the discomfort of many persons who think that a night of recklessness for boys is not conducive to good behavior at any time.

Frank Day had the misfortune to get shot in the leg last week while he and Charley Shepard were examining a revolver. The bullet entered his leg near the knee and was taken out near the hip by Dr. Compton, Frank is walking around but limps.

A Halloween party was given at Judge Walcott's home Tuesday evening. A large number gathered and report an enjoyable time sitting upon pumpkins for stools while they ate their pies of pumpkin. They put candles in pumpkins for lanterns, and ghosts, witches and spectres helped to bring back memories of olden times.

The U. S. weather bureau report for the week ending Nov. 1, shows: The mean daily temperature 35° was 9° below the normal. The highest temperature 63° and the lowest 22°, a range of 41°. The month of October shows up as the coldest in seventeen years. The precipitation for the week was .34 of an inch, giving a total for the season of 27.01 inches. The winds were slightly above the normal, the highest velocity being 29 miles per hour from the NW on the 31st.

The ladies of the Alpha Society of M. E. church made a good play when they secured the prodigy, Blind Boone, for a benefit performance. It was given last night in the main auditorium of St. Paul's church, and was attended by as many people as could be conveniently seated in the lower part of the house and in the gallery. The satisfaction given by the entertainment has not been equaled in the city for some time. As a pianist, he is, as his manager claims, a wonder. His rendition of a selection by Gottschalk was given faultlessly.—State Journal.

Blind Boone will be in Church's opera house Saturday evening, Nov. 4, 1905. Reserved seats on sale at Church's store.

Notice to the Public.

Application for grazing permits for 1906 on the Niobrara Forest Reserve will be received by the undersigned until December 1, 1905. For rules and regulations, governing granting of privileges on Forest Reserve see "Use Book" at postoffice, landoffice and hotels. Application blanks are furnished at request.

CHAS. SCOTT,
Acting Supervisor,
Halsey, Nebr.

Sparks Quills.
Mr. Swain and wife went to town Saturday.

Messrs. Breachbill went to town Friday with wheat.

John Grooms, Jr., went to town Saturday on business.

Ruby Swain visited at Highland school Wednesday of last week.

Dave Archer is erecting a set of scales and will buy corn this winter.

Hello Bad Boy! How about fighting? Now, listen for the Porcupine's mule.

Geo Jaquins went to town last Thursday, and Friday brought out a load of lumber for Mr. Swain.

John Berry and family and Mr. Berry's mother have moved onto Mr. Berry's farm near the Berry bridge.

Langer Bros, of Norden, are building a new store 28x20 feet so as to be able to take care of their growing trade.

Miss Dora Gardner, of Cody, is teaching the Highland school this year. Everybody seems to be well satisfied.

Frank Grooms went to town Thursday with a load of oats, returning Friday with a load of freight for the Sparks' merchant.

Geo. Huggins, of Norden, went to Valentine last week for supplies for the winter, returning with two loads of coal and a load of lumber.

Mr. Callen has put a partition through his store and moved one of the counters to the east side. Hereafter they will live in the north half of the store.

Burdick Bros. went to town Friday with oats. They took one of the largest loads of oats that the writer has ever seen on the road to Valentine. These boys are good farmers and have a good all around crop this year.

A "Ghost" social at Pleasant Valley school house Friday evening, Nov. 3, to be given by Miss Olive Bliss. Ladies are requested to bring supper for two. This time the girls will be sold instead of the baskets. Come everybody.

Frank Grooms experienced a runaway Friday night at Sparks. When he left town, banker Sparks saw him greasing his wagon and said: "That's right my boy, it will run easier." His four-horse team ran through three wire fences and wound up at Mr. Halsey's, about three miles from Sparks, slightly scratched but not hurt.

We notice as we pass the farm of Mr. Bowden that everything is neat and well kept. We notice a nice young orchard which in a few years will well repay him for the time spent caring for it. A fine row of hedge along the north of his house will, in a few years, make an excellent wind break for the young trees. If more of our neighbors would follow his example the country would be greatly improved.

We feel proud of our county ticket this fall. Our nominee for sheriff, Pete Simons, is a good straight, honest and upright man; a man who has passed through the up-and-downs of Cherry county, through its droughts and prosperity; a man who has proved himself master of everything he undertakes; a man who would trade dollars with anyone to please them but would not trade two new ones for an old one; a man who is honorable in all his dealings, kind and agreeable, and, most adn best, the next sheriff of Cherry county.

PORCUPINE.

Weather Data.

The following data, covering a period of 15 years, have been compiled from the Weather Bureau records at Valentine, Nebr. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

November.
TEMPERATURE.

The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.

NATIONAL BISCUIT COMPANY
