

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—
Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.
Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.
Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.
Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:
Dear Mrs. Pinkham:— (First Letter.)
"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

Dear Mrs. Pinkham:— (Second Letter.)
"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:
Dear Mrs. Pinkham:—
"Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches.
"But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?
A Valuable Suggestion.
"Peter," said a grocer to his clerk, "I owe about \$1,500."
"Yes, sir."
"I have about \$4,000 in the safe, but the shop is empty. I think it is the right time to fail."
"Yes, sir," said the courteous clerk.
"But I want a plausible pretext for my creditors. You have brains, and I would 'd think the matter over tonight."
The clerk promised to think it over carefully. On entering the shop next morning, the grocer found the safe open, the money gone, and in its place a note which ran as follows: "I have taken the \$4,000 and am off to South America. It is the best excuse you can give your creditors."

WASTED TO A SHADOW.
But Found a Cure After Fifteen Years of Suffering.
A. H. Stotts, messenger at the State Capitol, Columbus, O., says:
"For fifteen years I had kidney troubles, and though I doctored faithfully, could not find a cure. I had heavy backaches, dizzy headaches and terrible urinary disorders. One day I collapsed, fell insensible on the sidewalk, and then wasted away in bed for ten weeks.
After being given up, I began using Joan's Kidney Pills. In a couple of months I regained my old health, and now weigh 188 pounds. Twelve boxes did it, and I have been well two years."

Both Expired.
The charge was one of keeping a dog without a license, and the defendant evinced a tendency to interrupt the evidence. He was sternly hushed, but eventually his turn came. The clerk of the court turned to him:
"Do you wish the court to understand that you refuse to renew your dog license?"
"Yes, but—"
"We want no buts. You must renew the license, or you will be fined. You know it expired on Jan. 1."
"Yes, but so did the dog. Do I have to renew him, too?"
Mrs. Winslow's **Soreness Soother** for Children teething, soothes the gums, reduces inflammation, allays pain, cures wind colic. 25 cents a bottle.

HINTS AT BLACKMAIL.

Hyde Says Trust Company Paid Ex-Gov. Odell \$75,000.
James H. Hyde in his testimony before the insurance investigating committee in New York Tuesday practically charged ex-Gov. B. B. Odell with having blackmailed the Mercantile Trust Company out of \$75,000 in settlement of his suit to recover losses growing out of the shipbuilding combine tangle. Mr. Odell had invested rather heavily in the shipbuilding bonds. Mr. Hyde accused Edward H. Harriman, Mr. Odell's friend, with having advised the payment of this money. He testified further that Mr. Harriman had used the Equitable's money in the notorious \$50,000,000 Union Pacific blind pool for the purpose of facilitating his control of that road, and that the railroad magnate, together with Henry C. Frick, conspired, by means of the report of the Equitable's self-investigating committee, to obtain control of the Hyde majority stock.

Mr. Hyde also said that the society contributed \$50,000 to the Republican national committee in the last campaign—\$25,000 through the solicitation of Mr. Frick—and that during the year Mr. Frick, Mr. Harriman, Jacob H. Schiff, Senator Depew and others used their influence to have him appointed Ambassador to France and thus get him out of the country.
Edward H. Harriman, appearing as a witness before the Armstrong legislative committee, flatly contradicted all the sensational accusations made against him by James Hazen Hyde. He denied that he had advised the settlement of Gov. Odell's shipbuilding suit against the Mercantile Trust Company for \$75,000; he denied that he had ever warned Hyde that the Mercantile's charter might be revoked through powerful political influence at Albany; he denied, in fact, that he had ever taken the initiative in any way in the negotiations for the settlement of the Odell suit.

Ex-Gov. Odell charges James H. Hyde with "uttering a base calumny" on the witness stand. Odell denies he forced settlement of his shipbuilding trust suit by threats to cause repeal of Mercantile Trust Company's charter. He admits, however, he favored a bill to repeal that charter, because it formed so many corporations that failed.
United States Senator Denev testified that Equitable trustee accounts were hidden from him. He wants law to prohibit campaign contributions.

James Hazen Hyde, who was the chief witness Tuesday before the insurance investigating committee, is the son of the founder of the Equitable, Henry B. Hyde, and was born in New York City June 6, 1876. He was bred at Harvard, whence he graduated in 1898, and in November of the same year entered the service of the Equitable as second vice president. Five months later he was elected vice president, and upon the death of his father became one of the trustees of his estate. He is a director in over a score of corporations and belongs to several clubs.

GRATEFUL TO CUTICURA.
For Instant Relief and Speedy Cure of Raw and Scaly Humor, Itching Day and Night for Many Months.
"I do wish you would publish this letter so that others suffering as I have may see it and be helped. For many months awful sores covered my face and neck, scabs forming, which would swell and itch terribly day and night, and then break open, running blood and matter. I had tried many remedies, but was growing worse, when I started with Cuticura. The first application gave me instant relief, and when I had used two cakes of Cuticura Soap and three boxes of Cuticura Ointment, I was completely cured. (Signed) Miss Nellie Vander Wiele, Lakeside, N. Y."

Practical Arithmetic.
A teacher received the following from a complaining parent a few days ago, says the New Zealand Graphic:
Sir: Will you please for the future give my boy some easier somes to do at nites. This is what he brought home two or three nites ago: if fore gallons of bere will fill thirty-two pint bottles, how many pint and half bottles will nine gallons fill? Well, we tried and could make nothing of it all, and my boy cried and sed he wouldn't go back without doing it. So I had to go and buy a nine-gallon keg of bere which I could ill afford to do, and then we went and borrowed a lot of wine and brandy bottles, besides a few we had by us. Well, we emptied the keg into the bottles and there were nineteen, and my boy put that down for an answer. I don't know whether it is right or not, as we split some in doing it.

P. S.—Please let the next one be water, as I am not able to buy any more bere.
Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
