

# Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

Fannie Fox

Miss Luella Adams

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain extending from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound at once and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:—(First Letter.) "In looking over your book I see that your medicine cures Tumors. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."—Fannie D. Fox, Bradford, Pa.

Dear Mrs. Pinkham:—(Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine. "Eighteen months ago my periods stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor and would have to undergo an operation. "I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined by the physician and he says I have no signs of a tumor now. It has also brought my periods around once more; and I am entirely well. I shall never be without a bottle of Lydia Pinkham's Vegetable Compound in the house."—Fannie D. Fox, Bradford, Pa.

Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound. Dear Mrs. Pinkham:— "About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor. "I'm sure that it meant my death warrant, and was very disheartened. I spent hundreds of dollars in doctoring, but the tumor kept growing, till the doctor said that nothing but an operation would save me. Fortunately I corresponded with my aunt in one of the New England States, who advised me to try Lydia E. Pinkham's Vegetable Compound before submitting to an operation, and I at once started taking a regular treatment, finding to my great relief that my general health began to improve, and after three months I noticed that the tumor had reduced in size. I kept on taking the Compound, and in ten months it had entirely disappeared without an operation, and using no medicine but Lydia E. Pinkham's Vegetable Compound, and words fail to express how grateful I am for the good it has done me."—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

## Calamity.

"I see they have discovered a new comet," remarked the passenger who is interested in astronomy. "In olden days the people used to regard the appearance of a comet as bad luck." "And I still regard it as bad luck," replied the Throop street man.

"Why so?" "Well, the night the comet was discovered we lost our cook."

I have used Piso's Cure for Consumption with good results. It is all right.—John W. Henry, Box 642, Fostoria, Ohio, Oct. 4, 1901.

An Innocent Intruder. Careful Housekeeper—Have you boiled the drinking water? Faithful Servant—Yes'm. "And sterilized the milk?" "Yes'm."

"What is this in the soup?" "Oh, that isn't no bacillus, mum. That is only a cockroach."—New York Weekly.

Worth Knowing—that Alcock's are the original and only genuine porous plasters; all other so-called porous plasters are imitations.

Very Likely. "What's the old lady doing now?" asked the old stocking in the work basket. "She's getting out her needle and yarn," replied the scissors.

"Well, well!" exclaimed the stocking. "I'll be darned."—Philadelphia Press.

A Real Lady. "You couldn't select anything nicer than this bracelet," said the salesman. "I guess I'll take it," said Mrs. Nutt. "Are you sure it's made of refined gold?" "Oh, yes." "Because I do detest anything that ain't refined."—Philadelphia Press.

**Nasal Catarrh** In all its stages. ELY'S CREAM BALM cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly. # CONGRESS

The House discussed the urgent deficiency appropriation bill Friday, much of the debate relating to the necessity for curbing the department heads in their demands for additional money. Mr. Perkins (N. Y.) made a short speech favoring free bids. There was no session of the Senate.

Abuses in the expenditure of appropriations was the text of the discussions in the House Saturday during the consideration of the urgent deficiency bill. Little progress was made with the bill. The \$2,615 Knox portrait was again a topic of unfavorable comment and department heads generally came in for criticism. The most animated debate took place on the amendment to increase the amount for the transportation of silver coins. One argument advanced was that to cut this appropriation meant distress to the interior sections of the country, where silver money is used, but the opponents of the amendment declared that the appropriation was abused by the express companies, for whose benefit, it was stated the appropriation was made. The amendment was lost by a vote of 70 to 74. A bill was passed providing for the holding of a Federal court at Grand Island, Neb. There was no session of the Senate.

Right to bridge St. Andrews bay, Fla., was granted the Birmingham, Columbus and St. Andrews Railway Company by the House on conveying Monday. The urgent deficiency bill was taken up, District of Columbia day being passed over until the next Monday. Senators Platt and Depey were in their seats when the Senate convened, the first appearance of either for some time. Both gentlemen were given warm welcomes and were heartily congratulated upon their appearing in good health. Senator Clay addressed the Senate on his resolution relating to the governmental power to fix maximum future charges by railroads.

In the Senate Tuesday Mr. Spooner defended the course of President Roosevelt in appointing delegates to the Moroccan conference and in relation to Santo Domingo. Messrs. Tillman and Culberson also spoke, insisting that in the Dominican affair the executive had usurped the powers of the Senate. In the House the urgent deficiency appropriation bill was under consideration. An amendment abrogating the eight-hour day for work on the Panama canal was defeated, and another, providing that canal commissioners may not receive additional compensation besides their salaries, was passed. The item of \$2,615 to reimburse the Department of Justice for an oil portrait of former Attorney General Knox met defeat. A bill creating a new land district in Montana, to accommodate settlers in the Great Crow reservation, which will be opened for settlement in August, was passed.

In the Senate Wednesday Mr. Lodge defended the course of the President with regard to the affairs of Santo Domingo and the Moroccan conference and Mr. Teller spoke in support of the Senate's prerogative in treaty making. At 3 p. m. an executive session lasting fifteen minutes was had and then the private pension calendar was taken up. The forces opposed to the joint statehood bill, consisting of the Democrats and the Republican insurgents, met their first defeat in the House when a motion ordering the previous question on the adoption of the rule for debate prepared by the Republicans was passed by a vote of 192 to 165. Several members had left the chamber when the vote on the rule itself was taken, the result being 187 to 157. Mr. Crumpacker of Indiana took the chair and debate on the bill in committee of the whole was begun at once. After passing a bill to create jury commissioners in Oklahoma the House at 5:25 p. m. adjourned.

A discussion of foreign affairs occupied the session of the Senate Thursday, Messrs. Money and Heyburn speaking. The consular reorganization bill was read at length, but was not acted upon. At 4:15 p. m. the Senate went into executive session and at 4:25 adjourned until Monday. The House passed the statehood bill by a vote of 194 to 150, according to the schedule. Only thirty-three insurgents went on record against the measure. The resignation of Claude A. Swanson, recently elected Governor of Virginia, was presented to the House.

**National Capital Notes.** President Roosevelt plans to go tiger hunting in Africa when he retires from the presidency in 1909. Ensign Wade, U. S. N., has been acquitted on all charges in connection with the Bennington disaster and has been restored to duty. Among the nominations sent to the Senate was that of Capt. William S. Cowles, the President's brother-in-law, to be chief of the bureau of equipment of the Navy Department. Alexander Goehr and Harry J. Collins, at one time officers in the United States army, were arrested at San Francisco on the arrival of the transport Sherman from Manila. They will be held pending investigation. The Secretary of the Interior has withdrawn from all forms of disposals except under the mineral laws, 1,300,000 acres of public lands lying in Missoula and Flat Head counties, Montana and Kootenai county, Idaho, for the proposed cabinet forests reserve.

William I. Buchanan has been selected by the President as one of the delegates to the pan-American congress in Rio de Janeiro next July. Mr. Buchanan was a delegate to the second congress, which met in Mexico five years ago. Charges against James W. Reynolds, renominated by the President as secretary for New Mexico, are being considered by the Senate committee on territories, and the confirmation will be held up until they can be investigated. He is charged with being an offensive partisan.

**Dogs Are Barred.** A woman dressed in the garb of a lady's maid, who entered a barber shop on North Clark street the other day with a dog in her arms, was approached by the manager as soon as she got within the door, and an animated discussion began. The words could not be heard by the patrons in the chairs, but when the maid turned away and went out it was evident she was angry and surprised. "She wanted the dog's hair clipped," said the manager to the man he was shaving. "I'd like to oblige her, but it won't do. We've done the job twice already, and the last time we lost three customers who happened to be here when it was done. They said they didn't want any dog barbers in theirs. Since then we have had to turn away three dogs. We charged 50 cents each time for the one dog we did handle, and if I get many applications I'm going to set up an annex."

**A DESPAIRING WOMAN.** Weak, Nervous and Wretched from Wasting Kidney Troubles. Mrs. Henry A. Reamer, Main and Garst streets, South Bend, Ind., says: "When I began using Doan's Kidney Pills I was so weak I could hardly drag myself across the room. I was wretched and nervous, and had backache, bearing-down pain, headache, dizziness and weak eyes. Dropsy set in and bloating of the chest choked me and threatened the heart. I had little hope, but to my untold surprise Doan's Kidney Pills brought me relief and saved my life. I shall never forget it."

**An Apt Reply.** A Sunday school teacher connected with one of the prominent Methodist churches tells the following story of a member of her class: One Sunday she asked her scholars if any member could tell her about Good Friday. A hand was raised. "Well, what do you know about Good Friday?" she asked. "He was the man who did the chores for Robinson Crusoe," replied the eager boy.

**DOCTOR CURED OF ECZEMA.** Maryland Physician Cures Himself—Dr. Fisher Says: "Cuticura Remedies Possess True Merit." "My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician, and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter. G. M. Fisher, M. D., Big Pool, Md., May 24, 1905."

**Net Result.** "Did you go into that speculation you were talking to me about?" "Yes." "What do you expect to realize from it?" "Just at present there's a strong prospect that I may realize what a fool I was."—Philadelphia Press.
