Talk of the Town.

Martin Becker was in town Monday.

When you come to town, stop at the Chicago House. 38

Born to Mr. and Mrs. Thomas Green, Feb. 26, 1896, a girl.

A. H. Stees returned from Omaha Monday where he has been for some time past.

Mrs. Catherine McDonald has been confined to her home the past week with a serious case of rheumatism.

Henry Becker was in town from North Table Monday and reports that he had two large hogs smother to death in the blizzard.

The county commissioners were in session a couple of days this week, Arthur Bowering and C. J. O'Connor being present.

Judge Wood of Rushville is in attendance at court this week, being employed in the prosecution of the Valentine saloon-keepers for violation of the gambling laws.

Judge Bartlett of Omaha is in town this week as attorney for A. H. Stees in the settlement of the partners of the Erickson Cattle Co., which is to have a hearing this term of court.

W. S. Barker and wife attended the state press association last week, returning Friday morning in the blizzard and had to remain at the depot until daylight before he ventured home through the storm.

W. Honey came up from Wood Lake Tuesday and is spending several days in town attending court. Mr. Honey reports the storm pretty severe down his way and that several parties lost a number of cattle and sheep.

I. M. Rice and wife returned from York Monday and found the weather fine, but were surprised to see snow piled up about town and over fences, which had already settled considerably and is now melting down very fast, though big drifts of snow still adorn the streets and north side of buildings.

C. A. Pote was in town yesterday, bringing in S. Q. Spain's son, Charley, to have him doctored for blood poison in his left hand. Mr. Pote purchased the Bristol place, a mile west of town, last spring and has been busy the past couple of weeks clearing brush off the bottom land. He called at this office while in town and subscribed for THE DEMOCRAT.

Sheriff Simons went out in the south country last Tuesday to subpoena witnesses for the term of court which convened here Monday, and got caught in the blizzard last Friday at A. G. Wallingford's on the Snake. Mr. Simons says the snow drifted badly in that section of the country, and being the first one over the road after the storm, had a hard time getting back to town Saturday.

District court is in session this week with Judge Westover on the bench and J. D. Scott as reporter. Monday several sheriff sales were confirmed and other matters disposed of by the judge. The jury was called up Tuesday and the case against O. C. Treadway continued to next term of court because of the absence of Wm. Ferdon, the prosecuting witness, being unable to be here. The colored man, Adams, and Harry Strickland, charged with robbing Wm. Johnson several weeks ago, as reported in these columns at the time, pleaded guilty to the charge and were each sentenced to three years in the penitentiary at hard labor.

Carl Lurz was up from Wood Lake yesterday.

Mrs. Frank Coates of Chadron is visiting relatives in this city.

We received a letter from P. Sullivan this week from Phoenix, Arizona, where he has been spending the winter. He says the weather has been mild there and plenty of sunshine, though cool nights prevail. The season is as well advanced there now, as Cherry county in June. Alfalfa is about ready for first cutting and small grain is heading out. All sorts of garden vegetables on the market. He says there are people from almost all parts of the world there and of all colors and shades of the human race, from the coal black to the pure white. Also most of the ailments, but consumption is most prevalent. Some recover but a very large per cent die and many are buried there. Mr. Sullivan says his health has been generally good with the exception of one or two light colds. He thinks of going to California soon and probably to Washington. We are indebted to Mr. Sullivan for several copies of newspapers sent us from Phoenix, Ariz., which were very interesting.

SCHOOL NOTES.

By Margaret Quigley,
Clara Dunham.

Three little people have been promoted to the 2nd grade.

With Miss Stella Spratt to assist the little people in their work they are kept busy and happy all the time.

On account of the storm last Friday many pupils were absent from school, so the examinations were not held till Monday.

The pupils in the primary room are studying the colors of the rainbow as to arrangement, also the cause of the same. The prism proved a pleasing surprise to them.

Eleven little people have entered the 1st grade this week. They are Bernidine Barker, Ora Dotson, Malvina Carlson, Bertha and Lulu Sheets, Ordale Handy, May Moroy, Wendell Cramer, Rush Clark and Wagner Millard.

In Miss Pettijohn's room the pupils who have been neither absent nor tardy are Lawrence Rice, Clair Savage, Alvah Todd, Edgar Carlson, Leon Hilsinger, Clarence Marshall, Joe Sparks, Leone Anderson, Carrie Burch, Ruth Easley, Coral Hobson, Olive Jones, Queen Moon, Mattie Malone, Georgia Slonecker, Lucy Boyer, Kathleen Yeast, Marjorie Garret, Daisy Holsclaw and Bertha Helzer.
