### Resolutions Adopted by the State Press Association at Lincoln, Feb. 28, 1906.

Whereas, The thirty-fourth an-  
nual convention of the Nebraska  
Press association has been one of  
the most enjoyable meetings in the  
history of the organization, be it

Resolved, That the thanks of the  
members of the association be ex-  
tended to the State Journal, News,  
the Lincoln Daily Star, Common-  
er, the Frie Presse, the Lincoln  
Wageworker, the Nebraska Inde-  
pendent, Lincoln Trade Review,  
the Western Newspaper Union,  
the Carpenter Paper company,  
the Ameridan Press Association,  
the Lincoln Commercial club, the  
Lincoln Traction company, and to  
Chancellor Andrews, and the fac-  
ulty of the state agricultural school  
for the high order of entertain-  
ment accorded visiting members;  
also to Lafe Young for his able  
and interesting addresses, also to  
E. Rosewater for his instructive  
address on newspaper libel.

Resolved, That sincere thanks  
be extended to the retiring presi-  
dent, secretary, executive com-  
mittee and other officers of this as-  
sociation for the able and highly  
satisfactory manner in which each  
and every officer has performed  
the duties of office. It is recom-  
mended that this association ap-  
point a committee of three to pre-  
pare a history of Nebraska journal-  
ism, and that A. E. Shelton of the  
State Historical society be made  
chairman of said committee.

#### ON THE POSTAL LAWS.

Whereas, The postal laws of the  
United States authorizing the post-  
office department to print return  
requests with the name and ad-  
dress of writer upon stamped en-  
velopes and furnish such envelopes  
at the same price as stamped en-  
velopes not printed is manifestly un-  
just to every job printing office in  
the United States; and

Whereas, This practice of the  
government causes a loss of many  
hundreds of thousands of dollars  
annually to the job printers; and

Whereas, The interests of the  
government would be in no way  
injured, and the printers would be  
greatly benefitted if this practice  
was discontinued; and

Whereas, The printing of these  
addressed envelopes is now being  
done at a great loss and unneces-  
sary expense to the government;  
therefore be it

Resolved, That section 137 of  
the "1902 Postal Laws and Regu-  
lations" (page 76) be amended so  
as to cause the government to  
cease printing the name and ad-  
dress of private business men,  
firms or corporations on stamped  
envelopes.

Whereas, The privilege accorded  
publishers of newspapers and peri-  
odicals to mail their publications  
at the second-class rate is a sub-  
sidy granted in behalf of public  
education and for the benefit of  
the masses in general, and is in-  
tended by the government to ap-  
ply only to papers published for  
the dissemination of news, or de-  
voted to literature, the arts and  
the sciences; and

Whereas, During the last few  
years numerous papers and peri-  
odicals purporting to fill various  
fields have built up great circula-  
tions through placing the subscrip-  
tion prices so low as to barely  
cover the cost of the blank pa-  
per used in their editions and are  
published for the sole purpose of  
gaining support and profit from  
advertising printed; and

Whereas, The carrying of this  
class of publications costs the gov-  
ernment millions of dollars yearly  
more than the revenue from the  
same; and

Whereas, The abuse of the sec-  
ond-class privilege has reached  
such magnitude as to call for the  
public attention and governmental  
action; be it

Resolved, That this association  
in convention assembled petition  
congress to so amend the postal  
laws pertaining to matters of the  
second-class as to more clearly de-  
fine the character of the publica-  
tions allowed admission to the  
mails under the second-class rate,  
and to exclude from this classifi-

cation all publications which are  
purely advertising mediums and  
published at a subscription price  
so low as to make evident that  
they are sustained by advertising  
solely; also to exclude from the  
second-class privilege so-called  
parts, sections and supplements  
that are issued to publishers to be  
sent out with their publications  
for the distinct purpose of circula-  
ting the advertising which such  
supplements or parts may contain.

Resolved, That a copy of these  
resolutions be forwarded to the  
United States senators and mem-  
bers of congress from Nebraska,  
and also that a copy be forwarded  
to the postmaster general of the  
United States.

Whereas, The Hon. Edward  
Rosewater has recommended that  
libel laws of Nebraska be so  
amended as to make criminal libel  
a misdemeanor only, and not a  
felony, as at the present time;  
therefore be it

Resolved, That it is the sense of  
this organization that the libel  
laws of Nebraska be so amended;  
be it further

Resolved, That it is the sense of  
this association to adopt the fol-  
lowing recommendations as offered  
by Mr. Rosewater.

That after a court has tried a  
case and passed upon it, the pa-  
pers ought to be allowed to discuss  
it without fear, and that the laws  
should be amended so that courts  
should be prohibited from drag-  
ging up and editor for construc-  
tive contempt.

Whereas, The Nebraska Press  
association is an organization sole-  
ly for the purpose of the upbuild-  
ing and betterment of the news-  
papers of Nebraska, and for the  
benefit of promoting sociability of  
fraternal friendship; be it

Resolved, That it is the sense of  
this association that only matters  
pertaining to the fundamental  
principles of the Nebraska Press  
association be permitted to come  
before this organization.

## Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda  
crackers, because they are the one food with which all of  
them are familiar.

Uncle Sam has given out figures showing that soda  
crackers are richer in nutriment and body-building elements,  
properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and  
much more for **Uneeda Biscuit**, because they are  
soda crackers of the best quality. They are baked better—  
more scientifically. They are packed better—more cleanly.  
The damp, dust and odor proof package retains all the good-  
ness and nutriment of the wheat, all the freshness of the best  
baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best  
for his people. His people have shown that they think  
**Uneeda Biscuit** the best of that food, nearly  
400,000,000 packages having already been consumed.

#### Notice to Delinquent Sub- scribers.

We do not like to criticize the  
people whom we have sent notices  
to the first of the year. Some may  
be out of luck or short of money.  
In either case we are out of luck.  
If you will try to pay a part of  
what you owe and pay at the rate  
of \$1.50 per year, which is 12c  
per month, it will make us feel  
better than to totally ignore our  
statements. Some have already  
remitted in full. We dislike to  
speak of this in the paper but  
many have overlooked or mis-  
placed our statements to Jan. 1,  
1906, and we hope to remind them  
by this notice at much less ex-  
pense than to send other notices.  
Pardon us for again reminding  
you. 4-4
