Late Styles in Stationery

Our new stock of stationery embraces all the latest ideas in correspondence papers—all the newest sizes, shapes and tints. Our line of box papers is especially noteworthy, ranging in price from 25 cents to 75 cents a box. We always carry a good stock of bulk and tablet papers and just now it is unusually ample. Our prices on everything in the stationery line have been proverbially reasonable and we are now offering better values for your money than ever. . . .

CHAPMAN
THE DRUGGIST.

Hallderson's photos 1, 2, 3, 4 and 5th of each month.

Grandpa Miller returned this morning from a visit in So. Dak.

Frank Segar returned to his home at Longmont, Colo., Monday

Albert and Ed Pike were transacting business in town Saturday.

A. T. Brackett of Kilgore called to see us last Saturday while in town on business.

W. S. Jackson, Joseph Sparks and A. M. Morrissey are in Lincoln this week on business.

Col. Holt held enthusiastic meetings here from Saturday to Tuesday evenings and went from here to Gordon.

J. C. Dahlman was nominated by the democrats for mayor of Omaha. E. A. Benson is the republican nominee.

Judge Towne and daughter, Mrs. Caton, returned from St. Louis Wednesday morning and are enjoying good health.

I will have my Trimmed Hats on display April 10, 1906, to which the ladies of Valentine and vicinity are cordially invited to inspect.

Mrs. ELMORE.

W. L. Handy and wife have decided to quit house-keeping and offer their household goods at private sale. Also their residence is for sale. 12-2

Miss Cora Thackrey received a telegram Monday night announcing the sudden death of her mother at Manhattan, Kan. Misses Cora and Sadie Thackrey and Mrs. C. S. Reece departed Wednesday morning from here to attend the funeral.

We were mistaken in the name of Judge Towne's son-in-law who died suddenly in St. Louis, but most of our readers in town were well acquainted with him. John M. Williamson was a retired sergeant of F company, 12th Inf., in which he served 30 years and was 55 years old at his death.

Mrs. Catherine Charbonneau, whose death we announced last week, was born Feb. 26, 1837 and died March 28, 1906. Her husband, John B. Charbonneau, and six children, 4 girls and two boys, survive her. Mrs. Grace Pool and Mrs. Kate Olmstead of Friend, Neb., who came up Saturday and are now visiting another sister, Mrs. Lillian Fessant at Springview. Mrs. A. M. McKenna of Boise City, another sister, was unable to be here. Alex P. and Ben F., sons of the deceased, live near Arabia.

Mrs. Anne McLaughlin, wife of M. R. McLaughlin, died at her home, seven miles west of Valentine, March 31, 1906, after a short illness, at the age of 56 years. Deceased was well and favorably known, having been a resident of Cherry county for a number of years. Her sudden death was a shock to the community. She leaves to mourn her loss a loving husband and four children. The funeral services were conducted at the Catholic church of this city Monday morning, Rev. B. Breitung of Stuart officiating, who preached an appropriate sermon. Her mortal remains were laid to rest by the side of her daughter in Mount Hope cemetery.

Dr. Charles V. Holsclaw died at Woodlake, Neb., last Saturday morning, March 31, 1906 of alcoholism and morphine. He had been drinking for several days and when the evening previous he seemed unsteady and in a state of collapse some of the citizens of Woodlake took care of him for awhile, but after he had gone to bed he seems to have gotten up and wandered around in a semi-conscious condition and was found early Saturday morning unconscious, lying face downward near the sidewalk not far from his office and place where he slept and seems to have fallen there, as judged by scars on his nose and forehead. He had but little clothing on when found and appeared to have lain there for several hours. He was taken to his room and efforts were made to revive him but proved futile and he died in a few hours. Wesley Holsclaw, a brother who lives here, went down on the first train and brought the remains here for interment, the funeral being held Monday afternoon at the M. E. church, conducted by the M. E. minister. The body was laid to rest beside his father and mother who preceded him only a few months.

Dr. C. V. Holsclaw was born August 16, 1862 in Monroe Co., Iowa. He studied medicine and graduated from the Keokuk, Ia., Medical college in '85 and since that time practiced medicine at Lovilla, Ia., in Missouri and conducted a Keeley institute in Ohio for a time. He came to Nebraska in 1890 and later returned to Iowa and again came to Cherry county where he has lived since 1899. He was married to Miss Ione Huffard in the spring of 1888 and three children were born to them, two of whom and their mother survive him.

What the Burlington and U. P. are Doing for the Settlement of Western Nebraska.

To secure land has become the aim of more people this spring than ever before, and daily they are moving west. The railroads are doing more in the way of taking out land-seekers than ever before. At the land offices of the Burlington and Union Pacific it is said that the one desire of the people going west is to get hold of land. They all realize that this is about the last opportunity, and so they are hustling to get it before the last of the public domain has disappeared. They contend that the system of farming in the west has been revolutionized during the past twenty years, and that with the methods now employed, it is possible to raise good crops on land that a generation ago was considered worthless. In many sections to the northwest of Omaha, where a few years ago men attempted to raise only wheat and corn, they have now adopted the dry system of farming, gone into dairying and kindred pursuits and are making money.

Daily the Burlington land department is receiving hundreds of letters, making inquiry about the land subject to entry to the northwest of Omaha. Scores of people are rushing into that country to either buy land or file on tracts subject to entry under the provisions of the Kinkaid act.

Tonight the Burlington will take out a party of land seekers to Bridgeport, where most of them are prepared to file on vacant land. The next of the Burlington land excursions will be on April 17 and will be to Mullen, Hooker county, a locality that is said to offer many fine opportunities owing to the numerous cancellations of fraudulent entries made by people who were in the employ of the cattle barons who until recently had control of that portion of the state.—World-Herald.

Hay for Sale.

300 tons, with or without water and range. Six miles south of the mouth of the Snake river.

Miss Edna Fox, an experienced trimmer and milliner, has been employed by Miss Martin for the spring and summer trade. Miss Martin has purchased a big stock and expects to have what the trade demands in all the Latest Styles and Patterns in Hats.

Miss Louisa E. Martin.

The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.
