A. T. Brackett of Kilgore was in town on business last Monday.

August Epke of Crookston was in town on business last Thursday.

Curt Callen, the Sparks merchant, was in town after lumber and freight last Tuesday.

Monday was arbor day and many people planted trees and shrubbery or garden.

Miss Uheling and Mr. Miller of Goose Creek were married by Judge Towne last Saturday.

Mrs. W. S. Plum of Woodlake is visiting her friend, Mrs. L. H. Smith of this city, this week.

Jake Breachbill hauled in a load of corn from Sparks last Friday, remaining in town over night.

Ben Steadman was in town last Saturday. He says he has begun plowing and is putting in a crop near Oasis.

W. A. Parker, a merchant of Woodlake, was in town Monday as witness for Calvin Doop in making final proof.

Miss Minnie Hornback returned last week from the south part of the county where she has been teaching school.

A dance will be given in Honey's hall at Woodlake Friday evening, April 27, for the benefit of the San Francisco sufferers.

Our correspondence from Sparks which reached here yesterday was so heavy laden that the envelope was bursted and tied with a string.

Sheriff Simons bought a new buggy at Geo. H. Hornby's last week to hitch his new driving team to and is now equipped for driving.

D. J. Drebert, special agent for the German Mutual Fire Insurance company, was in town Tuesday on business for the company with I. M. Rice, their local agent.

Rasmus Anderson came down from Rosebud last week and visited friends in town a couple of days. While here he sold Sheriff Simons his fine team of bay horses.

A. H. Keach has closed a successful term of school in district No. 43. Those scholars deserving of special mention are Laura and Florence Hendershot. Mr. Keach goes onto his ranch one mile north and one mile east of Sparks.

J. A. Hornback has purchased U. G. McBride's interest in the Chicago hotel and will continue in the business. Mr. McBride and family departed Tuesday for Rushville where they will visit awhile, but they are talking of going west.

A windstorm came up from the northwest Tuesday about 4 o'clock p. m. and for an hour blew a gale, filling the air with dust and the whole horizon seemed a dense cloud, though the sky overhead was cloudless. As the storm raged chimneys were swept off of some buildings and loose boards, shingles from the repair of houses, and other debris were flying in the air making a howling hurricane. The storm came up suddenly and continued to blow throughout the evening in fitful gusts, damaging several buildings and awnings or porches that were not firmly anchored. Previous to the beginning of the storm the weather was ideal, many remarking that the splendid weather and heat of 92° the day previous was the forerunner of a storm but no one expected such a sudden change.

The Christian Endeavor will give a May breakfast on Tuesday, May 1, from 6 to 9 a. m., at the home of Mrs. Jas. H. Quigley. Everyone invited to come and try the following: Strawberries, wafers, veal croquettes, cream potatoes, eggs, hot biscuits, maple syrup, jelly, coffee.

James H. Day and son of Wood Lake were in town last Saturday and called at our office on business. Mr. Day has a three-horse evener that is the best we've seen if mathematically correct and Mr. Day says it has been tested by scales and otherwise and found to be correct. The advantage of the evener is that it places the third horse where it ought to go and the three in correct position for mowing or working on a wagon, the extra horse working on either side of the team which works in the same position as without the third horse.
