Crookston, Neb.

Tubular Wells made to order at 60c per foot, complete with pump. Windmills and Well Repairs at reasonable prices. Call us up over the North Table Telephone Line.

## It's Drinking Time

Don't wait until you're thirsty. Thirst isn't necessary for the enjoyment of our soda. Extra good soda is good any time. There's satisfaction enough in its deliciousness.

Our soda isn't ordinary soda—it isn't made from ordinary materials. It's the kind of soda that requires the best grade of fountain supplies, lots of ice, skill and conscience in the making. It's the kind that affords little profit and makes friends.

**CHAPMAN**  
THE DRUGGIST.

**Strayed or Stolen.**  
One bay gelding, ten years old, branded & on left thigh, circle on jaw. W. L. COHEE, Oasis, Nebr.

## Earthquake Is Felt at Valentine, Rosebud and Nearby Vicinity

Wednesday evening about 6:40 an earthquake was felt in Valentine by a number of citizens, there being a slight rumbling and rattling of dishes, tinware and crockery in stores and dwellings.

It was at first thought to be caused by wind or approach of a train, but neither were in existence at Valentine.

Rosebud reports the roof of one

bank damaged and misplaced and the shock was manifest to a number of citizens, some women becoming hysterical.

Crookston, Hooper and Kennedy reported having felt the shock, and at one place considerable excitement existed.

At Cody the citizens were aware of the disturbance and comment was general.

## Five Days For Cattlemen To Lower Their Fences; Land Goes Back to Public

By an order issued by Judge Munger last evening twenty-five cattlemen are given five days in which to remove their unlawful fences from the government domain. If the illegal wires are not down at the end of that period, Marshal Warner is ordered to pull them down and destroy them at the expense of the cattlemen. The cattlemen are also permanently enjoined from constructing fences upon the public domain.

One of these restraining orders was issued against Rev. George G. Ware, president of the U. B. I. Land and Cattle company in Hooker county. Eight other defendants are included in the suit and the injunction operates against all of them. Their illegal inclosure comprises over 111,000 acres of government land, and all the unlawful homestead entries within the inclosure have been recommended for cancellation.

The suit against Ware, Henry Hoffgard, foreman of the ranch, Reuben W. Mahaffy and R. H. Shimmmin was filed by Special District Attorney Rush last November. In default of their filing an answer to the petition, or appearing in person to answer the allegations of the complaint, they will now have to face the decree which was prepared by Mr. Rush and presented to Judge Munger for his signature Tuesday. He signed this one and the decree in six other similar cases late in the afternoon.

A similar order has been issued against Wm. E. Black; T. B. Hord

and fifteen other defendants to oblige them to remove their fences from the Dismal river forest reserve in Thomas county.

Their inclosure comprises about 85,000 acres.

In the Niobrara forest reserve the Federal Cattle company, with ten other defendants, has been ordered to remove fences from 100,000 acres of government land.

Likewise a judgment has been taken against Robert Gillespie and Jacob W. Stetter in Thomas Co.

Those who have been commanded to take down their fences in this case are: Clinton J. Anderson, Bernard J. Hoffacker, the O'Connor Cattle company, Daniel Adamson, H. G. Wallingford, Enos R. Barnes, a cattle company known as Dawson, Woodruff and Ball, George Heyne and Gustave Gunderson.

Three cattlemen in Blaine county have also been ordered to abandon the unlawful inclosures. They are H. S. McMillan, Joseph Demil and S. M. Cooper.

In Custer county, Charles and Ernest Guthrie are commanded to take down their fences, and in Cherry county Robert Gillespie and Jacob W. Stetter are obliged to do the same.

The injunction suits which have resulted in the issuance of these decrees, were filed last fall. At last reports the fences were still up, and this is the first order of the court which has been issued to clear the government domain of unlawful fences.—World-Herald, Wednesday, May 9.

### Receiver Asked to Account.

A petition was filed in the district court Tuesday asking that E. R. Leigh, receiver of the Fidelity Mutual Fire Insurance company, be required to make an accounting into court and that his services and those of W. A. DeBord, as attorney, be discontinued. The petition also asks that the attorney general and the state auditor be notified of the proceedings in order that proper steps might be taken to bring the affairs of the insurance company to a close.

The petition was filed by H. N. Wheeler in behalf of the policy holders, against whom suit was recently filed to recover assessments alleged to be due. It is asserted the receivership proceedings were not proper; that the affairs of the company have not been conducted economically and that the attempt to assess the policy holders is improper and should be enjoined.—Omaha Bee, May 2.

E. R. Leigh and W. E. DeBord have endeavored to induce former policy holders of the Fidelity Mutual Insurance company to pay enormous assessments levied by E. R. Leigh as receiver, promising a receipt in full for all claims and immunity from further prosecution. Persons who have paid the sums so assessed would still be liable for further payment under the ruling as construed by Leigh as receiver that all former policy holders were liable for all debts contracted by officers of the company. But their liability was limited in each and every application signed, to the extent only of the

old line rate of insurance and specified that amount in each contract. If that contract was void as to the limit, it was also void as to any liability whatever and a policy would likewise be void beyond limit; consequently the company was compelled to go out of business, since that limited liability failed to provide sufficient revenue to meet the demands. Any moneys secured by Leigh and DeBord exceeding the limit of such policy holder's liability is obtained fraudulently and Leigh should be held to account for it.

### Other Cities Than Frisco Are Also in Sore Need.

Omaha, Neb., May, 9.—Editor World-Herald: Permit me to call your attention to the distressing condition of other town in California besides San Francisco.

San Francisco suffered much, but not half as much in proportion to the population as other cities on the coast. Only rich people can hold property in Frisco, who have yet some other means; but in the rest of the cities affected by this calamity the poor lost all they had.

Frisco is yet able to ask for help, but the other towns are so crushed that they do not even have courage to beg.

San Jose, as an instance, has lost everything, but no one yet has moved a finger to help, if you except the "benevolent" martial

## The Backbone of a Mighty Nation

is good food—food for brain, food for brawn, food that is strengthening, that gives energy and courage. Without a proper appreciation of this great fundamental truth no nation can rise to greatness.

As an article of food, soda crackers are being used more and more every day, as is attested by the sale of nearly 400,000,000 packages of **Uneeda Biscuit**, which have come to be recognized as the most perfect soda cracker the world has ever known.

And so **Uneeda Biscuit** will soon be on every table at every meal, giving life, health and strength to the American people, thus in very truth becoming the backbone of the nation.

# CODY, NEBRASKA

Train loads of provisions pass San Jose for the metropolis, but not one loaf of bread is spared for poor San Jose.

Please publish this. It may be the means of letting even the president know that San Jose, Napa, Santa Cruz and Santa Rosa are sadly affected cities—not in China, but in California, United States.—A CITIZEN OF SAN JOSE, formerly of Omaha, in World-Herald.

### Penbrook Quills.

Burdick brothers are disposing of their horses, intending to stock up with mares.

A civil, decent, honest man so rarely needs a gun, that he seldom takes the trouble to carry one.

Born—Sunday, April 29th, to Mr. and Mrs. Henry Brown, a ten pound girl. Mother and child are doing well.

Al. Whetstone brought in a string of twenty horses last week. He buys further west, unbroken horses, breaks them and moves the bunch east, selling as he goes.

A number of Penbrook people were in Valentine Saturday. Among them were Messrs. Wm. Sorby, C. W. Hamar, Charlie Burdick, Dick Burdick and wife and Mrs. John Hittle.

There has been quite an exchange in the ownership of horses in this vicinity: John Hittle traded teams with Mr. Klingaman, sold a horse to a shipper for \$175 and sold a mare to D. E. Burdick for \$85. C. E. Burdick sold to John Hittle a team for \$200. C. W. Hamar sold C. E. Burdick a mare for \$90. D. E. Burdick sold a horse to John Owens for \$80, and another to a shipper for \$110. B. L. Graddy sold a horse to Jas. Hughes for \$120.

Thomas Fitzhenry came in from Chesterfield last week to doctor for dropsy and is at the home of Mrs. Shore. Since coming to town he has grown worse and it is doubtful if he will recover.

## Our JOB PRINTING DEPARTMENT

Is Up-To-Date in every respect. When in need of

- Letter Heads
- Packet Heads
- Bill Heads
- Statements
- Cards
- Wedding Stationery
- Envelopes
- Sale Bills
- Dodgers

Or any other kind of printed stationery, call in and get our prices and our samples over. We have a number of different faces of Job Type, every one of which is strictly up-to-date. Our stationery is of the best.
