EJUITABLE MUST DEFEND.

Suit to Compel Accounting for Mismanagement is Sustained.

The Equitable Life Assurance society and its directors, according to a decision by Justice Bischoff in the supreme court of New York, must defend the suit brought against it by State Attorney General Mayer, of New York City, to compel an accounting as to the management and disposition of the funds and property of the society. The suit also demands that the directors be compelled to repay any of the society's money which may have been lost or wasted by a violation of the duties of the directors.

The court upholds a demurrer interposed by the attorney for defendants that there was improper joinder of causes of action, but rules that the directors must answer the complaint of the attorney general except insofar as it may be effected by the sustaining the demurrer as to improper joinder. Twenty days is allowed the defendant in which to make answer.

In addition to demand an accounting of funds, the attorney general's suit also asks that any defendant now a director or officer of the society shall be removed upon proof of misconduct.

Cow May Cause Second Strike. Milwaukee has a cow that caused one strike and may cause another. Sixteen young women who sewed in the tailor shop of Frank Heft said a few days ago if the animals in an adlimit expired and the cows remained they struck. As a result the health department compelled the owner to remove the animals. He kept one, however, and the girls declare this is still a nuisance, and if proper quarters are not provided in three days they will strike again.

SECRETARY WILSON PLEASED.

Finds Packers Generally in Line with the New Law.

Secretary Wilson has returned to Washington, D. C., from an extended trip through the west and northwest. He inspected personally many meat packing plants in the various cities he visited, making it a point always to call at the plants of a given city without previous notice.

In the majority of instances the secreatry found the plants in good sanitary condition. The packers everywhere, he learned, were disposed to meet the requirements of the law without quibble or protest and by the 1st of October, when the inspection of domestic products will take effect, the secretary believes that the majority of the packing plants of the country will have completed their arrangements for full observance of the provisions of the new law.
