

GUARD YOUR HEALTH

AVOID ALUM

Vigorous Health is the most Dependable Wealth to possess.

It reaps a steady harvest.

Alum in food will change Health's ruddy glow into pinched paleness by drying up the rich red blood, which nature provides.

You take alum into your food by the use of, so called, cheap Powders in which alum is used as a cheapening substitute for pure Cream of Tartar. There is only one sure way to guard your health against alum and its injurious effects—Buy only an absolutely pure Grape Cream of Tartar Baking Powder—buy by the name—

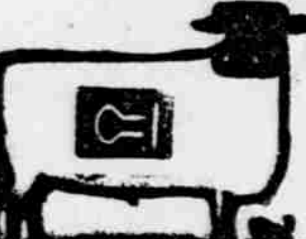

Say plainly—

ROYAL BAKING POWDER

Royal is made from absolutely pure Grape Cream of Tartar. Royal is a safe-guard to health.

M. E. Church Notes.
The Sunday school is growing in numbers and interest.

Strangers are especially invited to attend all our services when stopping in the city. You will be given a welcome.

The puzzle question for next Sunday is: "Who was the man who caught 300 foxes, and, tying fire brands to their tails, turned them loose in the fields of grain; and why did he do it?"

The morning service was not so well attended last Sabbath as it should have been. Doubtless some remained at home on account of the light fall of snow, which should not have hindered anyone from going to the house of worship. Come out friends and let us worship together. The evening service was well attended and the anthem by the choir was highly appreciated.

C. E. CONNELL, PASTOR.

W. C. T. U. Column.
The regular meeting of the W. C. T. U. will be held at Bethel hall on Tuesday at two o'clock p. m. As our state treasurer calls dues' dues! so let the call come to all in the local union who have not paid up to September, as the time will soon roll around when March dues will be called for. Please come in the spirit on next Tues.

The election returns show a great increase in the number of votes vast for the prohibition of the liquor traffic. It is coming—can't you hear the rumbling? Think of the young recruits, from schools where scientific temperance instruction has been vigorously taught for years, just on the verge of voting age. Think of the vast army of Loyal Temperance Legion graduates coming on. Think of the great world's convention with representatives from 31 different nations, reporting active work along all lines of temperance work. Prohibition sentiment is spreading over every state and territory of our own nation, and, if all believers in righteousness would break ranks with the old parties and join hands with those who will ultimately win in our final effort to dethrone king alcohol—this menace that has polluted our fair land, lo these many years could be wiped out in one presidential campaign. The following is quoted from Rev. Miss Shaw's address before the great World's convention in Boston: "Patriotism! What is it? Is he a patriot who says 'My country, right or wrong,' and applauds whatever

his country does, no matter what it is? He is a patriot who says 'my country if she is right, but if she is wrong, then by every power of my being I shall seek to make her right.' He is a patriot who has learned the kind of patriotism our cause has taught us. We began by saying, 'For God and home and native land.' Years of toil and sorrow and suffering taught us a broader patriotism and now we write on our banner, 'For God and home and every land.'"

School Notes.
Miss Gordon spent last Saturday and Sunday visiting her home in Hot Springs, S. D.

While in Lincoln recently we met Miss Leta Stetter who is now principal of the Dewitt schools. She reports that she has a very pleasant work this year.

The Wesleyan, the college paper of the Wesleyan University, is now on our reading table. We notice that Clinton Collett is the business manager and that he is making a good college paper of it.

We met Supt. Hunter in Lincoln at the superintendents' and principals' meeting and he reports that Miss Bernice O'Keif is giving excellent satisfaction in the primary room of the Fairmont school.

Miss Bessie Gaskill, of the class of '06 of the Valentine high school, has a place on the program of the Northwest Nebraska Educational association which meets at Crawford Nov. 30, and Dec. 1. We prophesy that Bessie will prepare a good paper.

Most of the students from the country, who were frightened home on account of the diphtheria scare, have returned. However, there are four or five that will not return at all. Some who have returned are so far behind their classes that they are having quite a struggle to catch up with their work.

The voters of Valentine precinct showed their confidence in their school superintendent on election day by giving him such a large vote for state superintendent of public instruction, regardless of politics, and the superintendent fully appreciates this mark of appreciation of his work in the Valentine schools.

Miss Olive Bliss is assistant principal in the high school at Seneca, Wis., and seems to be doing nicely. She wrote to us recently for a declamation for one of the high school boys to deliver at an entertainment. The school

notes in the Seneca paper last week states that Miss Bliss had just been out of school two days, attending the funeral of her aunt.

Purple and Gold, the Bellevue college paper, says that James C. Quigley, who was on the staff of that paper last year as local and exchange editor, is this year one of the associate editors and will handle the exchanges and also athletics. The same paper says of Alberta O'Kane that on entering Bellevue college in '05 she quickly made a name for herself as a good student and that her literary ability brought her a place on this year's staff which she will fill with credit.

We are very sorry that circumstances have made it necessary for Frank Fischer, who entered the State University in September, to return to Valentine to take his place in his father's store. He and Frank West and Alfred Lewis seemed to be doing good work when we met them in Lincoln on Oct. 20. Alfred is now spending his third year in the State University. He has decided to lengthen his course one or two years more than he intended when he first went to Lincoln. He will thereby have a college degree as well as a medical diploma when he graduates.
