School Notes.

Miss Schaper, the principal of the high school, was sick with a bad cold and sore throat Tuesday and was unable to teach her classes.

The ninth grade dropped Civil Government and Physiology this week and took up in their stead Book-keeping and English Composition.

The county superintendent commenced visiting the Valentine school with primary room about 2 weeks ago and is gradually working her way up through the grades. She has not yet reached the high school.

Ralph Brosius entered the ninth grade last week. He has been doing ninth grade work under Miss Ada Stindard in the district north of Valentine and will probably be able to go right on with the ninth grade work here.

The wet, sloppy weather of last week has left its effect on the school. Many little ones have such bad colds that they are not able to be in school this week and some who are in school cough so hard that they would probably better be at home where their mothers' could doctor them.

Ada Lewis and Lillian Holsclaw entered school this week to take up Book-keeping and English Composition with the ninth grade which is just beginning work in those two studies. The girls have no intention of finishing the work of the Valentine school but wish only to fit themselves as well as may be to enter a business college next summer. We prophesy that they will wish before they are through with their business course that they had stayed in the Valentine school a year or two longer.

All teachers who are planning to take part in the reading circle work in Valentine on the second Saturday of February should read carefully chapters 5, 6, 7 and 8, and note carefully the matter of each chapter and the order in which the chapters have been arranged. Every teacher should read Tennyson's "May Queen," "New Year's Eve," and "The Conclusion," so as to be able to discuss them freely. Bring to class any poem or prose selection which will in any way help to illustrate Tone Quality as given in chapter five of the book on reading.

A bill has been introduced into the Nebraska legislature to compel parents to send their children to school until sixteen years of age instead of fourteen as the law now is. The period of attendance must be for the full time

the school is in session instead of two-thirds of the time as the present law demands. Perhaps a compulsory education law is a NECESSARY evil. If so, let us have it good and strong and for the full time school is in session in the district.

W. C. T. U. Column.

All but eleven members have come forward with dues to Sept. Now is the time to call in March dues, as will be seen by the Union Worker, the state treasurer's blanks will be sent out the first of Feb., and her books will close by 1st of March. When all have paid up we will be able to report a membership of over 60 and 12 honorary members. If numbers count for anything what not be accomplished along temperance lines in Valentine? Let us rally to the front and make our influence felt.

Mrs. Moon, superintendent of medal contests is endeavoring to make up a silver medal contest class of young people. She would be glad for volunteers to join the class. A full set of contest books on hand. No line of work brings more satisfactory results to the W. C. T. U. than medal contests, and we hope our county superintendent of contests, Mrs. Lottie Cramer will make a strenuous effort to hold a contest somewhere in the county outside of Valentine before convention time. Supt. Press Work.

A basket social and dance was given at the home of J. M. Ralya on the Snake river last Friday evening. About \$20 was taken in, which was for the benefit of Wm. Kennedy and family, whose home was recently destroyed by fire. A very pleasant evening was enjoyed by all, and as we started away everyone thought Mrs. Ralya's home an excellent place to go for a genuine good time. A GUEST.
