WORK OF CONGRESS

The Senate Friday passed a general service pension bill which will give survivors of the Civil and Mexican wars \$12 per month at the age of 62, \$15 at 70 and \$20 at 75. Senator Hopkins of Illinois defended Reed Smoot, arguing against the right of the Senate to pass on the private acts of its members. The legislative appropriation bill was taken up and read, after which the Senate adjourned. The House made a new record by passing 628 private pension bills in an hour and thirty-five minutes. A bill was passed making the limit of cost of five lighthouse tenders \$200,000 instead of \$135,000, and at 1:45 p. m., in the absence of a quorum, the House adjourned until Monday.

The time of the Senate Saturday was devoted mainly to the discussion of the rack question, in which Senator Tillman of the Brownsville affair and Senator Patterson defended the executive. Senator Foraker gave notice that on Monday he would endeavor to secure action on the resolution for an investigation of the matter. The Senate adjourned until Monday. The House was not in session.

The Senate Monday passed the legislative, executive and judicial appropriation bill carrying \$30,855,833, and devoted the remainder of the day to the Brownsville affair, following the receipt of a message from the President submitting additional evidence, and a cigar box filled with bullets and shells. The message was ordered printed. Senators who participated in the debate were Mallory, Clay, Tillman, Bacon and Spooner, the latter's speech being unfinished when adjournment was taken. The House spent most of the day considering legislation pertaining to the District of Columbia, after which consideration of the fortifications appropriation bill was resumed. The message of the President regarding the Colorado River was read.

The time of the Senate Tuesday was taken up by the speech of Senator Spooner on the Brownsville affair, and at its conclusion the Senate adjourned. The House spent almost the entire day in considering the fortifications bill, among the amendments defeated being one to increase the appropriation for sea coast batteries in the Hawaiian and Philippine Islands to \$1,000,000. Speaker Cannon announced the appointment of Representative Sherley of Kentucky to a place on the judiciary committee made vacant by the resignation of Representative Little. At 4:15, after a roll call demanded by the Democrats, the House adjourned.

The Brownsville affair again occupied the time of the Senate Wednesday. Senators Carmack, Stone, Money and Knox defended the action of the President. Senator Foraker offered a substitute for his previous resolution providing for an investigation of the matter and started to make his closing speech when the Senate adjourned. The House passed the fortifications appropriation bill without amendment and began consideration of the District of Columbia appropriation bill. Mr. Foster of Vermont delivered a speech supporting the President for his message on the Japanese situation in California, and Mr. Sheppard of Texas discussed politics and the State of the nation. Sunday, Feb. 24, was fixed for eulogies of the late Representative H. C. Adams of Wisconsin.

Senator Foraker, in the Senate Thursday, concluded his argument against the action of the President in the Brownsville matter and opposed an amendment to his compromise investigation resolution, of which Senator Blackburn gave notice. Consideration of the resolution was deferred until Monday at the conclusion of Mr. Foraker's address. Eulogies for the late Senator William B. Bate of Tennessee were deferred after which the Senate, as a mark of respect to his memory, adjourned. The House resumed consideration of the District of Columbia appropriation bill under the five-minute rule. During the day an emergency bill was passed for the relief of the sufferers from the earthquake in Jamaica. After completing forty pages of the district budget the House adjourned.

The man of this story is a very light sleeper, one who is easily awakened and who is a long time getting to sleep. In a Leeds hotel he had at last got sound asleep, when a loud rap, repeated, awoke him.

"What's wanted?"

"Package downstairs for you."

"Well, it can wait till morning, I suppose."

The boy departed, and after a long time the man was sound asleep again, when there came another resounding knock at the door.

"Well, what is it now?" he inquired.

BRING GOOD HEALTH

Dr. Williams' Pink Pills, Used After the Grip, Arrest Fatal Decline and Rebuild the System.

Any bodily weakness caused by a deficiency in the blood can be cured by the use of Dr. Williams' Pink Pills because these pills actually make new blood. After attacks of the grip the blood is generally run down and the patient continues to decline.

"About three years ago," says Mrs. Jennie Cowan, of 718 N. Henry Street, West Bay City, Mich., "I caught a severe cold, which ran into the grip. I was confined to my bed for two weeks. At the end of that time I was able to be about, but was completely run down. I was so weak I could hardly stand, my cheeks had no color and I felt faint. My heart would flutter and it was difficult for me to breathe at times. Neuralgia settled in the back of my head and stomach and I suffered from rheumatism in my shoulders."

"I had the care of the best doctor in town but became no better until a friend told me one day how she had been cured by Dr. Williams' Pink Pills and I decided to try them. I soon felt better and continued using them until I was entirely cured. They built me up again to perfect health and I use them now whenever I feel at all sick and they always help me."

Dr. Williams' Pink Pills are invaluable in such cases, as well as in other blood diseases, because they not only drive off the germs of the disease but build up the system. The pills have cured anemia, rheumatism, after-effects of fevers, neuralgia and many other severe disorders.

Dr. Williams' Pink Pills are sold by all druggists, or sent postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
