## Tools of Honor

We wish to call your attention to our extensive line of "Keen Kutter" tools. We carry at all times a complete line of carpenter tools, including the best of everything in hammers, saws, planes, hatchets, auger bits, bit braces, squares, draw knives, chisels, files, etc. In fact everything that an up to date carpenter will need. Try one of our "Keen Kutter" axes or forks. They are tempered right, hung right, and made right. Always buy a "Keen Kutter" pocket knife. We also have the exclusive sale of "Manard" spades and shovels. Their are many imitations of these goods. Always watch the label and accept nothing but a "Manard" and profit thereby. Each and every article is thoroughly guaranteed by us and backed by the makers. "The recollection of quality remains long after the price is forgotten."
