Samuel Ernest Smalley received a letter last Monday from a cousin six miles from Burr Oak, Iowa, stating that his uncle had recently died, leaving an estate in which he is one of three heirs. Two sons and Samuel, a favorite nephew, get the whole estate, amounting to about \$30,000 to \$50,000. It is not known what share is left to Samuel but if he gets a third share it will be Mr. Smalley instead of common "Sam."

Capt. Houston, the evangelist, has been in our city going on three weeks, holding meetings at the M. E. church. Considerable interest is being shown in the meetings and many persons have been induced to become members of the christian faith and religion. Captain Houston is an earnest, interesting and forceful speaker, appealing to the true and brave to take a stand for a righteous cause. Those who have heard him are enthusiastic in their praise of his characteristic word pictures of Bible scenes. Captain Houston is remarkably a firm believer of the power of God and the christian faith and talks it. He is endowed with the gift of reasoning and argument, presenting a logical and plausible theory of the superiority of a christian life. If you haven't heard him you should. His sermons are most uniformly of interest and he preaches the gospel, modernized in effect, applying to surrounding conditions with logical and forceful doctrines and profuse illustration.

The Rise of Jimmie Johnson.

I.—"BOY WANTED."

Little Jimmie Johnson was a very likely lad. Sharp as tacks, and looking out for chances to be had. Watched the papers—found one: "WANTED—Boy for office work." Went and got the job at once and hustled like a Turk.

"Jimmie Johnson."

People who want to change their position in life must advertise or answer someone's advertisement.

A newspaper advertisement is the most reliable. It is based upon facts and there is a man at both ends of the string in every case.

The newspaper leads them together and a profitable deal is made for both parties.

People are mis-fits, or the articles they are trying to use are mis-fit for the service required in many cases, because they work at a disadvantage for want of a correct occupation for the ability of the person, or a driving horse is hitched onto a plow, while nearby a neighbor is trying to drive a plow horse.

A suitable trade would benefit both parties and animals.

Advertise for what you want and save money; save time and get into the right channel.

Success is sure to follow.

Next week we will have more to say about the rise of "Jimmie Johnson."
