## More Local.

Mrs. McDonald and son Wallace have moved into their residence recently purchased and rebuilt on Hall street.

Dr. Hemingway, Elkhorn Valley dentist. Office at Valentine House. See him about your teeth and dental work.

P. H. Young and M. F. Clynes are at Merriman getting acquainted with the people this week. They are good men and the people will make no mistake in voting for them for assessor and county judge.

J. W. Mann, the Cody druggist, came down to Valentine Monday, and G. A. Chapman, our popular druggist, accompanied him to Sioux City and Omaha, where they expect to purchase a supply of fall and Christmas stock for their stores. They will also be in Omaha for the carnival.

Frank Krampert, a stockman of the firm of Krampert & Uck, ten miles south of Woodlake, was in town yesterday, paying taxes and looking after other business. Bob Nelson, a young man who has been working for Mr. Krampert for several years, came along with Frank for a visit to our city.

H. B. Logan of Springview stopped in town last Monday a few hours, enroute home from Cody, where he had attended the sale of W. H. Carter as administrator of the household goods of Mrs. Shore, deceased. We hear that the sale was a success. Henry Carter accompanied Mr. Logan home for a visit.

A number of Valentine people are at Merriman attending the carnival. They took tents and cooking outfits so they would not have to depend upon sleeping in box cars for they are scarce of late. A crowd went up Tuesday night and another bunch of Valentine people went up last night. Some, perhaps, will have a chance to huddle together in the sand in the shelter of a building or barn for we suppose every nook and corner will be sought for shelter in case of rain or storm and the weather man has a blue flag up.

J. R. Lee and wife have just returned from a two months trip through Alberta, Canada, British Columbia to Victoria and visiting a brother to Mr. Lee in Alberta, the Skirvings and McCleans in Seattle, and the Martins near Los Angeles. They took a four days trip on a steamer from Portland to San Francisco and saw a great many whales and some rough sea. Mr. Lee says San Francisco is still a wreck, with debris covering the streets and sidewalks in places, with just enough wreckage cleared away to permit traveling. Mr. Lee came in last night via Omaha where he left Mrs. Lee and she will arrive tonight at Woodlake where Robert and William will meet them.

## SCHOOL NOTES.

BY PROF. R. H. WATSON.

Miss Holley is doing some excellent work in vocal music with the high school. Every student who takes hold of the work in earnest and tries to follow her teaching will be much benefitted by this year's work.

Mrs. McLean and Mrs. Bates came down on the street Monday to hear the high school students sing. Come all ye that are weary and heavy laden and do likewise the very first time you hear the cheerful voices of the students singing on the street.

Last Monday evening fifty high school students and their teachers made a trip to "Lone Pine," north of the Minnechaduzza. We hardly know whether to call it a stroll or a run. It was sometimes one and sometimes the other. The evening was a most beautiful one and all were in their highest spirits.

Some of the high school students say that on account of their music and home duties they have no time to study outside of school hours. We do not object to that at all. We think it were better for many students if they never had any time to study outside of school hours; but where such is the case the parent should never insist on the child's carrying more than three studies. Four studies a year for three years finishes our course or three studies a year for four years finishes our course. Where parents insist that their children shall finish the course in three years, they should also insist that their children prepare at least one lesson each evening, which will require from one to two hours earnest study.

The sixth and seventh grades tried hard to have a picnic last spring but every Saturday chosen turned out to be rainy, so they concluded to be in time this year and held their picnic last Saturday in Judge Walcott's grove west of town. They were accompanied by Miss Wendte and Mr. and Mrs. Watson. Judge Walcott came out and took dinner with them and stayed as long as he could spare the time from his business. After dinner the boys indulged in a game of base ball which resulted in a score of 14 to 12 in favor of the seventh grade. The girls showed by the dinner given us that they know how to prepare good things to eat. The day was a very pleasant one and will long be remembered by those who were present.
