A Skin of Beauty is a Joy Forever.

DR. T. Felix Gouraud's Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash, and every blemish on beauty, and defies age. It has stood the test of 45 years, and is so harmless we taste it to assure its purity. It is the counter-fact of similar preparations. Dr. Gouraud said to a lady of the highest social position (a patient): "As you ladies will use them, I recommend 'Gouraud's Cream' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

NEW AND LIBERAL Homestead Regulations IN Western Canada NEW DISTRICTS

Now Open for Settlement

Some of the choicest lands in the grain growing belts of Saskatchewan and Alberta have recently been opened for settlement under the Revised Homestead Regulations of Canada. Thousands of homesteads of 160 acres each are now available. The new regulations make it possible for entry to be made by proxy, the opportunity that many in the United States have been waiting for. Any member of a family may make entry for any other member of the family who may be entitled to make entry for himself or herself. Entry may now be made before the Agent or Sub-Agent of the District by proxy (on certain conditions) by the father, mother, son, daughter, brother or sister of an intending homesteader.

"Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 5 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less."

The fee in each case will be \$10.00. Churches, schools and markets convenient. Healthy climate, splendid crops and good laws. Grain growing and cattle raising principal industries.

For further particulars as to Rates, Routes, Best Time to Go and Where to Locate, apply to W. D. Scott, Superintendent of Immigration, Ottawa, Canada, or E. T. Holmes, 315 Jackson St., St. Paul, Minn., and J. M. MacLachlan, Box 115, Watertown, S. D. Authorized Government Agents.

CUNNING OF MUSKRATS.

Foresight With Which These Animals Build Winter Homes.

In the month of March, before the rivers have opened, on the snow around the heads of the creeks and about the airholes in the thick ice may be seen the curious trail of the muskrat. It can readily be recognized by the firmly planted footmarks, heavily and slowly impressed and the sharp after drag of the long, scaly, blade-like tail. All through the cold winter months these heavily furred animals have lived warm and comfortable in their well constructed houses, rearing their third and last litter. One house erected about September seemed planned with almost human foresight. Here, with their long sharp teeth and strong, inch long claws, they had cut and cleared paths through all the marshes—paths so deep that three feet of ice did not close them, so wide that we have often paddled along them, marveling at the great floating masses of torn up aquatic vegetation. These paths were a hundred yards long and four feet wide and were cut through a mass of tangled cover high enough in most places to thoroughly conceal a duck hunter and his canoe. In the winter months the muskrats can easily dive from their houses into these under ice channels, and the whole marsh is before them to choose their meal from. The long yellow roots of the flag and the juicy tubers of the wild onion (the muskrat apple is the more poetic Ojibway) hang exposed before them or are readily torn out.—Bonnycastle Dale in Outing Magazine.

Putting Him Next.

"Willie, will you tell your sister I am here?"

"Would you like to have her come down?"

"Of course."

"Then if you'll give me a quarter I'll tell her you are not here."—Houston Post.

"There's a Reason"

WASHINGTON GOSSIP

It is stated that the coming report of Frank P. Sargent, Commissioner General of Immigration, will show that the total number of immigrants admitted during the year ending June 30, 1907, was over 1,400,000, or 200,000 in excess of the number that came during the preceding year. Mr. Sargent does not agree with some members of the Congress Immigration Commission that undesirable immigrants come from particular localities, such as Italy, Syria and Asia Minor. He says that our need of laborers necessitates our taking such nationalities as come, and it is impossible to exclude all the Hunchakists and Black Hand people who come in with the others, but we must have laws which will as far as possible exclude such persons from the country. Regarding the diversion of the tide of immigration, Mr. Sargent says that it is impossible to divert the growing influx into such a place as New York in a day or a year, although gradually the tide is turning to the South, the Southwest and the Northwest, and it is only a question of time when foreigners will learn that they can do better in smaller places than in the big cities.

An Unfair Advantage.

The twin boys, Johnny and Tommy, not only looked almost exactly alike, and could wear each other's clothes without the slightest misfit, but usually weighed the same, there being a difference of not more than an ounce or two between them, notwithstanding the efforts they were always making to outweigh each other.

"Tom," said his brother one day, "let's go and get weighed. I believe I can beat you this time."

Tommy agreed, and they went to the grocery store where these contests were usually decided.

"You get on the scales first," said Johnny.

Tommy complied, and his weight was found to be sixty-eight pounds, twelve ounces.

Then Johnny took his turn. He tipped the scales at exactly sixty-nine pounds.

"That ain't fair!" exclaimed Tommy. "And it don't count! I forgot about that big boil on your arm!"

Quarrelsome Persons.

The mistress of the house always goes straight to the point, says a writer in Punch. "Why did you leave your last place?" she bluntly asked the applicant for housemaid's place.

"I couldn't stand the way mistress and master used to quarrel, mum."

"Dear me, did they quarrel very often?"

"Yes, mum. When 'twasn't me an' 'im, 'twas me an' 'er."

The War Department has ordered the Twenty-fourth (colored) Infantry, now on duty in the Philippines, to be brought home and stationed at Fort Ontario, Oswego, N. Y., and at Madison Barracks, near Watertown, N. Y.

The Navy Department has received bids from two concerns for the old warship Saratoga, one of Perry's famous fleet which visited Japan in 1854, and which is now to be consigned to the junk heap.

The Signal Corps of the United States army has organized a balloon corps of nine men under Capt. Charles De P. Chandler, who has been detailed for some time on this work.

A Hard Task.

A Chicago man tells of a resident of that city who had been unsuccessful in one venture after another. At last, however, he made a large sum of money by means of an invention in car wheels, and very soon thereafter his family, consisting of his wife and two young daughters, were to be seen taking their daily outing in a motor car.

One day the three were being driven rapidly through the park, while a look of painful self-consciousness overspread the features of the inventor's wife, as she sat bolt upright, looking straight before her.

"Now, ma," came in clear tones from one of the daughters, whose keen face was alive with enjoyment. "Now, ma, can't you loll back and not look as if the water was boiling over?"

Variations of Cards.

There are an enormous number of possible variations of cards in card games. Every man when he takes up his cards at whist holds one out of 635,013,559,000 possible hands. The total number of variations possible among all players is so great as almost to exceed belief. It has been calculated that if a million men were engaged in dealing cards at the rate of one deal every minute day and night for 100,000,000 years they would have exhausted only a hundred-thousandth part of the variations of the cards.

TEN YEARS OF PAIN.

Unable to Do Even Housework Because of Kidney Troubles.

Mrs. Margaret Emmerich, of Clinton street, Napoleon, Ohio, says: "For fifteen years I was a great sufferer from kidney troubles. My back pained me terribly. Every turn or move caused sharp, shooting pains. My eyesight was poor, dark spots appeared before me, and I had dizzy spells. For ten years I could not do housework, and for two years did not get out of the house. The kidney secretions were irregular, and doctors were not helping me. Doan's Kidney Pills brought me quick relief, and finally cured me. They saved my life."

AN INSECT PLAGUE.

The Mosquitoes that Infest the Region of Lake Nyassa.

In his book "From the Cape to Cairo," E. S. Grogan writes: "The Kungu fly, which is peculiar to Lake Nyassa, resembles small May flies, and at certain seasons of the year they rise from the water in such stupendous clouds that they blot out the whole horizon. Seen in the distance they have exactly the appearance of a rain-storm coming across the lake. When they are blown landward they make every place uninhabitable by the stench which arises from the countless millions that lodge and die on every inch of sheltered ground. I myself have seen them lying a foot deep in a room, and I was told that they are often much worse. The natives sweep them up and makes cakes of them.

"Biting and poisonous ants are another pest, but the mosquito is the great enemy of man. It was absolutely necessary to turn in half an hour before sunset and to make all the preparations for the night. I piled all my belongings round the edge of my net and kept a green wood fire burning at each end, and then I lay inside, smoked the native tobacco and prayed for morning. As soon as the sun went down the mosquitoes started operations.

"It was like having a tame whirlwind in one's tent. They could not possibly have been worse. Every night 200 or 300 contrived to enter my net—I have no idea how. The most pernicious and poisonous kind was a very small black mosquito that might possibly have penetrated the mesh. I used to turn out in the morning perfectly dazed from the amount of poison that had been injected during the night."

BABY WASTED TO SKELETON.

In Torments with Terrible Sores on Face and Body—Tore at Flesh—Cured by Cuticura.

"My little son, when about a year and a half old began to have sores come out on his face. They began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton and was hardly able to walk. I sent to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment, and at the end of about two months the sores were all well. He has never had any sores of any kind since, and only for the Cuticura Remedies my precious child would have died from these terrible sores. I used only one cake of Soap and about three boxes of Cuticura Ointment. Mrs. Egbert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organization and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound cured me completely."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Phew! Salts and Castor Oil!

Why take sickening salts or repulsive castor oil? "Goes through you like a dose of salts" means violence, grips, gripes, gases, soreness, irritation, and leaves your stomach and bowels weak and burnt out. Might just as well take concentrated lye. Then there's castor oil, disgusting, nauseating truck that your stomach refuses unless you disguise the taste. Fool your own stomach, eh? Don't ever believe that anything offensive to your taste or smell is going to do you real good. Nature makes certain things repulsive, so you will not take them. Force yourself to nauseous doses, and you ruin your digestion, weaken your bowels, destroy your health.
