Mr. Langer is a brother of Joe Langer who died Oct. 11, 1907 of typhoid pneumonia after an illness of seven weeks, during which time he never ate solid food. Joe was well and favorably known here.

Peter Hoffman and Will Morgan came down to Valentine on business Tuesday and had time to visit a few friends around town. Will tells a good joke on Mr. Hoffman who bought some land at government auction yesterday and when they refused to take a check Pete went down to the First National Bank and got the money, all in silver dollars—700 of them in a sack—which he shouldered and carried up to the landoffice. But when Pete started to go into the bank his feet skooted out from under him and he fell upon his back. Pete says it was the ice on his shoes but Will insists that the tile floor was too smooth for him. Pete wants a pair of patent leather shoes now and thinks he could keep them clean.

### Normal Lecture Course.

The junion normal lecture course this year is as follows:

Frank R. Roberson on South America and the Panama Canal, illustrated with stereoptican views.

Adrian M. Newens, dramatic interpretation of some book, either the Singular Life, the Sky Pilot or one of Henry Van Dyke's.

Chicago Glee Club.  
The Nebraska poet, Bixby of the State Journal, and His Excellency, Gov. Sheldon.

Season tickets \$1. Single admission 50 cents.

### M. E. Church Notes.

Regular services Sunday. The morning subject, "The Fountain of Life"; evening, "The Final Test." A good attendance is desired.

Don't forget Rev. Carns' lecture this Friday evening.

### HEALTH AND BEAUTY.

When a cut will not heal, saturate a piece of absorbent cotton with coal oil and bind on.

Apply amica to a bruise if the skin is unbroken. If broken wash the bruise and apply vaseline.

The benefits of sleep are shown inversely by the haggard lines that come into even a young woman's face when she has been up night after night until long after midnight.

Women who walk with no heels make a mistake. The heel preserves the arch of the foot and prevents it from becoming flat. It keeps the ankle round and is a help to the spine.

No application is better for lusterless hair than salt. Rub well into the roots of the hair at night, then tie up in a large handkerchief or wear a night-cap. Brush out the salt in the morning. Several applications will show a marked improvement in the appearance of the hair.

There is nothing that is better for a muddy skin than a diet of fruit and greens. Fortunately both are so plentiful in this country that they can be had all the year round, but even if the cost were twice as much as it is it would be cheaper than cosmetics and professional skin treatments.

### SCHOOL NOTES.

By GERTRUDE QUIGLEY,  
MAGGIE STETTER,  
JOHN GOULD.

Examination is a week from Friday. Beware, and study.

The 11th grade have pushed their solid geometry and taken up arithmetic instead.

The Physics class has been making experiments in hydrogen gas, which proved very interesting.

Miss Gertrude Quigley entertained the class of '08 last Friday evening. A fine time is reported.

The organ is being repaired by Harold Yeast this week. The leather straps on the pedals were broken.

Miss Driscoll is having some very nice books made by the little children in her room for Washington's birthday.

Professor received a long letter from Ennis Boyer last week stating that she enjoyed her work at Peru very much.

Professor had a long letter from Marie Nelson who is attending college in Grunell, Iowa. She says she likes her work very well and is getting along nicely.

The boys of the high school held a meeting last Monday for the purpose of making a baseball organization. It was well attended and officers, viz: George Stetter, captain; Charlie Helzer, treasurer and Harvey Hornby, manager, were elected. This promises to be a strong team and soon will be ready to meet any team of its class.

We have been asked several times lately what has become of the class of 1907 and we are glad to say that they are ready to give a good account of themselves. Anna Ashburn and Geraldine Tracewell are teaching in Cherry county; Alpha Dunham and Ennis Boyer are making a splendid record in the state normal at Peru; George Hornby is doing likewise at Brookings, S. D.; John Helzer, Willie Morey and Libbie Ryschon are clerking in stores in Valentine; Herbert Jones is clerking in Cody; Chester Wells is driving the milk wagon for Mark Cyphers, Charles Lewis is taking a business course in Omaha. The only one who is not employed is Hilda Green, who on account of poor health, is living with her parents at Crookston.

### BY PROF. WATSON.

All little folks who have never been in school and expect to enter this year, should be ready to start March 2nd.

We have been so busy this year that we have neglected quite frequently to prepare school notes and we have received so many complaints about them not appearing that we have asked the seniors to take charge of the work. Chas. Helzer, Estelle Nicholson and Edith Adamson will report for the Republican; Gertrude Quigley,
