A Sioux Indian named Thompson shot and killed himself on the Rosebud reservation Saturday. He had been accused of horse-stealing and an Indian policeman was after him with a warrant for his arrest. The policeman shot down the fugitive's horse, and seeing that his capture was certain Thompson turned his gun on himself and fired two shots thru his mouth. He had served a term in the penitentiary for horse stealing.

J. H. Jacobson and H. B. Boyer of Steene precinct drove in Tuesday to attend to some official business at the court house. Mr. Jacobson has not been here for eight years and this is Mr. Boyer's first trip here. They live in the south part of the county near the line and have to go a long distance to vote. Some of their citizens have to go 20 miles to vote or stay at home, which most people prefer to do. Something should be done to relieve this situation. Give everyone a chance to vote.

Mrs. Cora L. O'Connor and sister Miss Blanche Watters are visiting Major Shockley's at Fort Niobrara.

It was our pleasure to go out to the lakes last Friday to catch and eat fish. We got a late start and two miles south of Hackberry Thompson's the rain began to fall and kept it up until we got to C. W. Bennett's, four miles southeast of Simeon where we put up for the night. Mr. Bennett is a jolly good-hearted man who likes to show his friends around and he took us out on his lake Saturday forenoon in boats. We caught fish until we were tired taking them off the hooks, and had the boats loaded with the black croppies, similar to sunfish but larger. They were good eating and we ate a lot of them for dinner. In the afternoon we tried fishing for bass in Trout lake. Got four and worked hard. Saturday night Len Bivens, Del Sherman, Geo. Hunter and Val Nicholson arrived and went to sleep with the thought of "wake me up early for I'm going after the bass." But it rained and we were content with some more croppies in the afternoon and they returned. Monday we got a few bass and came home. We had bad weather but a delightful time. Stopped to see C. S. Reece's family Monday noon and found them well. Mrs. Thackrey is getting stronger and doing nicely. We've been eating fish this week.

While excavating for a cesspool on the new Mark Cyphers place, George Cyphers found the head of a large buffalo twenty-three feet below the surface of the ground. The skull is completely petrified except the horns and is certainly a great sight. From the tip of the horns it measures three feet, two inches, and the large horns are sixteen inches in circumference. On the forehead is a network of holes, probably made by ancient slugs of lead or spear heads. Those who have seen it say it is the largest they have ever seen and the buffalo must have been a monster. The state it was in and the depth indicate that it must have been killed centuries ago. Mr. Cyphers has been offered various sums for his "find" but refuses to sell.

The republican convention convened at Chicago Tuesday. There seems to be lack of enthusiasm and the usual preliminaries have lasted until today (Thursday) when they hope to nominate Wm. H.
