Secretary W. R. Mellor of the State Board of Agriculture and Secretary W. H. Whitten of the Lincoln Commercial Club appeared before the meeting of the Western Passenger Association at Chicago last week together with representatives from five other states, and secured a rate of one-half cents per mile for all state fairs in this western territory.

This will be the first reduced rate granted to farmers since the enactment of the two-cent fare law, and should result in an increased attendance for the Nebraska State Fair, August 31st to Sept. 4th.

Hackberry Items.

Doctor Wills just finished a third outing on Hackberry, together with a band of his friends from Anselmo and with Dr. Foote of Omaha. They all say that the Cherry county lakes are the finest in the land.

A most satisfactory school meeting was recently held in the new Hackberry school house.

Ed Thackrey, S. S. Supt., and Chas. Reece, bible class leader, and their band of fellow workers just adjourned the biggest and best S. S. held in this country and will take up the work again after haying. It is a boundless good for any man to live where such fellowship reigns.

Thurlo Latta and wife are visiting his uncle Milt Latta.

The State Fair management has arranged a track meet for the athletes of Nebraska this year. The meet will be held independently of the horse racing and the men will be well taken care of. Participants will be given admission to the fair grounds on the day of the meet (Tuesday.) Gold, silver and bronze medals will given the winners of first and second and third places. Out of town contestants will receive hotel accommodations for the day meet. The events are 100, 220 and 440 yard dashes, half and mile runs, high and broad jump, pole vault, shot put and county relay races. In the country relay races four men run 220 yards each.

All amateur athletes are eligible to compete and register either in the A.L.N.A. or A.A.U. The cost of registration is 25 cents for one year's membership. Registration entry blanks and information may be had by writing George M. Pinney, Y.M.C.A. Bldg., Lincoln, Neb.

Do you know that you can write your name on the metal of your farm tools? You can. Just take a little tallow or beeswax, melt it and spread it over the place on which you want your name;—write your name down through the wax with a big needle or awl and pour a few drops of nitric acid over the letters you have made. Leave a few minutes. Then wipe off the wax and your name will be on the iron.
