The Yankee-Robinson circus Tuesday afternoon was witnessed and much appreciated by a large crowd—perhaps 2,000 in number. The menagerie was small, but the elephant was a monster and his tusks were nearly three feet in length, something not often seen. They had but one ring and everybody had a chance to see it all. A great many Indians were down from the reservation to see the show and occupied one section of the seats.

Ruth Craven as "Dora". The talented actress Ruth Craven supported by a fine company of players will present for an engagement of one night Mon., Aug. 24, what is said to be her finest play, a beautiful story of English life entitled Dora Thorne. Manager Harry L. Beck under whose personal direction Miss Craven has appeared for a number of seasons has given his Talented young star an exceptionally fine supporting company and a fine performance assured. Specialties the kind that please will be introduced between acts; they do away with the tedious waits between acts so common with some companies.

## Bonds Defeated.

At the special election held Tuesday for the purpose of voting \$18,000 bonds to extend our water works and build a reservoir on the hill north of town, the vote was 67 for and 61 against said bonds. The law requires a two-thirds majority, so the bonds were defeated. The vote was light, probably on account of the circus being here. It's up to the town board to submit a different proposition as the people evidently are not satisfied with the present wells, and can see no change of water by having it pumped from the same wells to a reservoir.

## Tripp County, S. D. Government Land Opening.

The government opening of a million acres of fine agricultural and grazing lands will probably occur Oct. 1st. The Rosebud extension of the Chicago & North Western Ry. is the only railway reaching these lands, and Dallas, S. D., is the railway terminus and the only town on the reservation border. The U. S. land office will probably be located there. Pamphlets describing this land and how to secure a quarter section homestead, free on application to any agent Chicago & North Western Railway.

Springfield, Ill., commencing last Friday, has been a scene of riot and carnage, the result of an outrage on a white woman by a negro. The number of deaths are six and the property loss is extensive. The end of the mob law is now in sight, though several companies of soldiers are still guarding the city.

The common law nowadays seems to be, that if a man owes you a bill of a couple of dollars and isn't ready to pay upon demand, the proper thing to do is—if you think you can lick him—threaten to knock his head off and proceed to hold him up. It looks "to a man up a tree" like highway robbery.

A cripple was arrested yesterday for being drunk and disorderly and was lodged in the county bastille over night. He had been begging around town and when searched at the jail was found to have \$87.45 on his person. Then, wonder that some people have no shekels for the beggar. He was fined \$5.00 and costs, \$9.50 in all.

The two strangers who hired a team of Hammond & Bullis a week ago last Saturday to drive to John Neiss's and failed to return them, were finally located at Tripp, S. D., near the east line of Gregory county. U. Boyer went up and identified the team and is bringing them home. **Storz TRIUMPH**

The Best Solution of the "Temperance" Question

TEMPERANCE means "the use in moderation." You can drink two pints a day of STORZ TRIUMPH BEER and be strictly temperate. Two pints of Storz Triumph Beer contain less alcohol than one pint of cider and in addition to this contain over 8 per cent. soluble food, which builds and sustains the system. If the public drank nothing stronger than Storz Triumph Beer THERE WOULD BE NO "TEMPERANCE" QUESTION
