Hogs sold at \$7.00 per 100 in Cleveland's administration. Many farmers remember that. If they didn't have hogs to sell or corn to fatten hogs then it was no fault of the democratic party. Taft would have you believe that all the hard times are chargeable to the democrats. It is an insult to human intelligence. There were hard times during Grant's and Garfield's and Arthur's and Harrison's administrations. An era of prosperity followed Cleveland's first inauguration which was in turn followed by depression in '90 and '91 during Harrison's administration and there was a general unrest in '92 which called for Cleveland again and toward the close of his administration times had grown exceptionally prosperous.

Storz's TRIUMPH

The Best Solution of the "Temperance" Question

TEMPERANCE means "the use in moderation."

You can drink two pints a day of STORZ TRIUMPH BEER and be strictly temperate.

Two pints of Storz Triumph Beer contain less alcohol than one pint of cider and in addition to this contain over 8 per cent. soluble food, which builds and sustains the system.

If the public drank nothing stronger than Storz Triumph Beer

THERE WOULD BE NO "TEMPERANCE" QUESTION
