The Embarrassing Truth.

"The vindication of Dr. Harvey W. Wiley is a great triumph," said a Washington diplomat, "for pure food. Dr. Wiley tells the truth, and the truth is painful to certain types of food producers."

The diplomat laughed.

"Dr. Wiley was talking the other day about the painfulness of the truth," he resumed. "He said it reminded him of a morning call that he once made on a young lady in his youth. In answer to his ring a tiny tot of a girl opened the door, and Dr. Wiley said to her, as he walked into the hall:

"'Where is your auntie, Mabel?' "'Upstairs in her nightie,' chirped the tot, 'a-lookir' over the balustrade.'"

and orderly ideas of doing work pay to year will be as small as possible.

Work of Gongress

m

The senate Friday adopted the remainder of the sugar schedule and the tobacco schedule as proposed by the finance committee. Mr. Aldrich agreed that the sugar schedule should be take en up again later if Mr. Clay should desire to press his amendment cutting the duties in two. Seneator Bradley of Kentucky advocated the removal of

the internal revenue tax on "tobacco in the hand.' Debate on the bill amending the organic act of Porte Rico was continued in the House. It was the expectation when the session began that consideration of the measure would be concluded, but the membership gradually dwindled away until there was no quorum, and final action on the bill was postponed. The principal speech was by Mr. Borland of Missouri, who upheld the Porto Rican house of delegates for refusing to yield its legislative rights and pleaded for a territorial government for the Porto Ricans. The House adjourned until Tuesday noon.

- :-- :-

During two hours before adjournment Saturday the Senate made more real progress in the adoption of schedules previously passed over than has been usual during an entire day. Sa spite of protests voiced by Senators Beveredge and Root, the duty on barley was increased from 25 cents a bushcents a bushel. The tax on hops was advanced from 12 cents to 20. The per bushel instead of 25, and oysters in the shell were advanced from three fourths of a cent a pound to 25 per cent ad valorem. The lemon duty was the subject of an extended debate. Mr.

Root insisted that the rate of 11/2 cents per pound, as fixed by the finance committee, was too high. Mr. Flint, speaking for the lemon growers, supported the advance, saving that the lemon industry of California would be wiped out if this duty was not granted. The schedule was still under discussion when the Senate adjourned. The subject of extended debate for over two tention to be severe in his characteri-"There should be no relaxation of zation, said that any government legislation on the tariff rendered itself a message from President Taft ended the discussion, as it accompanied the very statement on German wages that lve? not in session.

Not the Doctor's Fault. Dr. Fell at last explained why the poet did not like him.

"He knew well enough why he didn't," said the doctor, "and he could have told the reason if he had felt like it. It was because I had sued him for a doctor bill. That was the only way I could collect it.

By ginger, I made him pay it, too, with the interest !" It is with no other purpose than to do justice to the memory of a much maligned man, even at this late date, that the explanation herein set forth is given to

Baby Boy Had an Intense Itching Humor-Scratched Till Blood Ran -Found a Cure in Cuticura.

"Our son, two years old, was afflicted with a rash. After he suffered with the trouble several weeks I took him to the doctor, but it got worse. The rash ran together and made large blis ters. The little fellow didn't want to do anything but scratch and we had to wrap his hands up to keep him from tearing the flesh open till the blood would run. The itching was intense. The skin on his back became hard and rough like the bark of a tree. He suffered intensely for about three months. But I found a remedy in Cuticura Soap and Cuticura Ointment. The result was almost magical. That was more than two years ago, and there has not been the slightest symptom of it since he was cured. J. W. Lauck, Yukon, Okla., Aug. 28 and Sept. 17, 1908."

- :-- :-In the Senate Monday the proposi tion to increase the duty on lemons from 1 cent to 11/2 cents a pound was agreed to by a vote of 43 to 28. The House duty on bacon, hams and lard was restored upon motion of Mr. Aldrich, who withdrew the committee amendments increasing it. An effort of Mr. Bacon to reconsider the paragraph relating to fresh Lcef, mutton, etc., in order to decrease the duties on those articles was defeated. The House was not in session.

-:--:-The Senate spent the day Tuesday in a discussion of the cotton schedule of the tariff bill. The most noticeable feature of the debate was a speech by Senator Lodge of Masachusetts, in which he declared that the Republican party had never promised "revision downward." Senator Aldrich gave notice that, beginning with Wednesday night, night sessions would be held. The House was in session only thirteen minutes, adjourning until Thursday without transacting any business.

-:--:-The Senate Wednesday adopted a resolution for day and night sessions, and the Vice President ruled that the absence of a quorum could not be called to the attention of the chair if the Senator occupying the floor declined to yield for that purpose. Senator La Follette began a two days' speech, arguing for a lower tariff. Senators Nelson and Gore spoke along the same line and Senator Elkins pleaded for a higher tariff on coal and oil. Senator Frye defended the charge that the New England cotton mills are making unusually large profits. The

House was not in session.
