Valentine Wins 14 Inning Game.

Wednesday afternoon the local team met Ainsworth and put up one of the best exhibitions of the art that has been seen here this year. From the sixth to the fourteenth inning it was anyone's game, the score standing 5 to 5.

Ainsworth began to score in the first inning, running in two men on errors; in the second bringing in another and in the third still another, giving them an almost safe lead over the locals. But in the fourth Frank Fischer came to bat and got a three bagger. That began the fun; the fans began to work on DeSilva and when the smoke had cleared away the score was tied. There was nothing doing in the fifth, but in the sixth each brought in a man. Then began the battle royal. For seven innings no man crossed the home plate. It was primarily a pitcher's battle, where Grimes showed his superiority. Both men, however, pulled out of some bad holes and each played a great game. In the fourteenth inning Ainsworth got in two scores. The locals, batting last, sent three men in, winning the game by a score of 8 to 7.

This game had ought to awaken some of the dormant baseball fans. Support from the bleachers is as necessary to a team and pitcher as is support from the field. If the people would show the same enthusiasm as a few showed yesterday we would have a team that could hold its own with any in this part of the state.

A. M. Morrissey is in Lincoln this week on business before the supreme court.

Prof. D. F. Story was in town this morning, returning from the Thompson sale.

C. H. Cornell returned Tuesday night from a several days business trip at Norfolk.

The Indians are receiving one of their annual payments this week. They receive \$8.00 per.

Hammond and Bullis have had a cement walk laid in front of their livery stable this week.

Henry Detgen was in town Tuesday, closing up the estate of his father in the county court.

Miss Ethel Jeffers, who has been visiting at Phoenix, Ariz., the past year, is home again.

Everett Harvey returned from York this morning, where he had been attending business college.

The dirt excavated for the basement in the new Quigley building is being hauled north of the opera house, where it will be used to grade up the sidewalk so cement may be used in place of the present board walk.

Henry Porath recently shipped some heavy corn fed steers to the Omaha market and received top prices. Feeding cattle is just beginning in Cherry county, which goes to show that more grain is being fed than ever before.

A large crowd attended the sale of A. Thompson's on the Schlagel yesterday. Stock sold well, \$455 being paid for one team of mares, and the cattle brought good prices. The sale totaled nearly \$7,000, and Mr. Thompson is well pleased with the prices paid.

Nicholas J. Uck came up from Woodlake yesterday, looking for a plasterer to finish up the fine new building he has just erected for his hardware store. While here he called at this office and ordered bills for the public sale of Henry Lausen. See advertisement elsewhere in this paper.

Parland Newhall Co.

This famous musical company will entertain the public at Church's opera house evening of July 7th. L. O. Jones, superintendent of Lincoln University Assembly, says: "The Parland Newhall company is A 1—the best quartet of entertainers I have ever heard." This company does all that three of the next best musical companies are doing. They are a first class vocal company; their brass quartet is not excelled by any; their bell ringing is alone worth the price of admission. This company comes at an expense of \$125 for one night. Watch for further notices.

Notice of Dissolution.

Notice is hereby given that the firm heretofore existing under the name of Kohl & Terrill, is this day dissolved by mutual consent, George C. Kohl retiring. The business of the firm will be conducted by Robert M. Terrill, who has this day become sole owner of all property belonging to said firm located at Brownlee, Nebr., conducting a general ranch business, and who will assume all debts and collect all obligations due the old firm.

THE PALACE SALOON,
HENRY STETTER, Propr.

James Lawless arrived here from California, Sunday morning and will make Cody his home for a while. He at one time owned a farm near Sparks this county, but sold out a few years ago and went to California. He says the climate there is fine and he may return in a few months—Cody Cow Boy.

Saturday night Solomon Marshall stole two chickens from S.Q. Spain, and Sunday morning was arrested and lodged in jail by the city marshal. Monday he was arraigned before Judge Quigley on the charge of burglary and entered a plea of guilty. He was bound over to the district court, and being unable to give bond was committed to jail.

Ed Thompson, a son of A. Thompson of Schlagel creek, arrived from Moscow, Idaho, last Saturday morning to visit his parents and attend his father's sale which was held yesterday. Ed is in the dray business at Moscow, running several wagons, and says he is doing well. He will return to Moscow in a few days, accompanied by his father and mother.

H. H. Wakefield called on us last Saturday to get out sale bills for his auction sale which he has set for Tuesday, June 29, at which time he will sell off all his personal property and numerous useful farm articles, farm machinery and includes 18 head of horses and 110 acres of land under fence, 90 acres of it good farm land. Think of a home being offered at auction to the highest bidder two and one half miles from a R. R. station. It will pay you to be there if you want a home. One year's crop in potatoes will pay for this land and leave purchaser money to bank. It will be a novel sale and the people within reach of this place should attend the sale. See his big advertisement elsewhere in this paper.

The local baseball team suffered two defeats Sunday and Monday at the hands of the Atkinson team. The Sunday game resulted in a score of 8 to 1, and the Monday game 9 to 4. Grimes pitched the first game and Hayne the second. Both men played good clean ball but received poor support. The local team loose out at the bat, not being able to hit the ball. And then the season just opening they've had little practice together. We have the material for a first-class team and with some batting and fielding practice they should be able to successfully cope with the best in this part of the state. The attendance at both games was small. If we are to have a successful season the team must be supported by a large crowd of fans. At the next game let everyone turn out and make the home team win.
