Paxtine TOILET ANTISEPTIC

THE TEETH Paxtine excels any dentifrice in its cleansing, whitening and removing tartar from the teeth, besides destroying all germs of decay and disease which ordinary tooth preparations cannot do.

THE MOUTH Paxtine used as a mouth-wash disinfects the mouth and throat, removes the germs which collect in the mouth, causing sore throat, bad teeth, bad breath, grippe, and many other ailments.

THE EYES when inflamed, tired, sore and burn, may be instantly relieved and strengthened by Paxtine.

CATARRH Paxtine will destroy the germs that cause catarrh, had the inflammation and stop the discharge. It is a sure remedy for uterine catarrh.

Paxtine is a harmless yet powerful germicide, disinfectant and deodorizer. Used in bathing it destroys odors and leaves the body antiseptically clean.

A Contagious Idea.

Imitation may be a nuisance rather than a form of flattery. A writer in the Outlook tells of an incident in a bank which is as amusing as it is probable. The teller was asked by a woman for a new envelope for her bank-book. It was passed out, and the lady behind, noting that her own envelope was a trifle dingy, also asked for a fresh one.

The third woman said, "Me, too," or words to that effect, and so it went down the line. When the teller's patience and his stock of envelopes threatened to give out, he determined to call a halt.

A fastidiously dressed lady appeared at the window, holding out a perfectly gloved hand.

"I should like one, too, please," said she.

"One what, madam?" asked the teller.

The lady flushed and began to look comical.

"Why," she stammered, "what the other ladies had."

POST CARDS KEPT OUT OF MAIL.

Thousands of Tinselled Missives Sent to Dead Letter Office Daily.

Failure to inclose tinselled or frosted post cards in tightly sealed envelopes to prevent the escape of particles of tinsel, mica and the like, as required by the postal regulations, is causing from 15,000 to 20,000 of such cards to be withdrawn from the mails and sent to the dead letter office of the Post Office Department every day. Following the issuance of an order by the department declaring cards of such character to be unmailable unless inclosed in envelopes so treated as to prevent injuries to employees, post card dealers began supplying their customers with flimsy transparent envelopes for inclosing the cards, which has resulted in much difficulty to the department. The postage stamp is frequently placed on the card inside the envelope, thereby preventing its cancellation, and the envelopes fail to prevent the escape of particles, which fill the air in postal cars, thereby causing inflammation of the eyes of railway mail clerks.

LAKE TRAFFIC GROWS DECIDED

Business Improvement Shown by Government Figures for June.

Considerable improvement in the business situation compared with conditions a year ago is noted in a report by the National Bureau of Statistics for June. It is shown that domestic shipments of leading classes of commodities from lake ports reached 10,179,633 net tons, compared with 7,427,616 net tons in June, 1908. Domestic shipments for the current season to the end of June are 19,589,552 tons—about 65 per cent in excess of the total domestic shipments for the corresponding period of 1908. Iron-ore shipments for the month, 5,250,657 gross tons, were more than double those in June, 1908.

More than 53 per cent of the June shipments came from Duluth and Superior.

Soft coal cargoes, amounting to 1,767,038 net tons, were about 17 per cent below the 1908 figures, although the season's shipments, 3,268,262 net tons, were nearly 18 per cent higher than last year. Shipments of hard coal during June, principally from Erie, Buffalo and Oswego, aggregating 526,401 net tons, also proceeded at a lower rate than in 1908.

Lumber shipments were far in excess of those in June, 1908, and it is pointed out that the largely increased receipts at Chicago, North Tonawanda, Detroit and Buffalo indicate improved conditions in the building trade.

His First Hair Cut at 16.

Harry Sanford, 16 years old, residing near Franklin, Pa., had his hair cut for the first time in his life. The shorn locks weighed more than a pound. His parents, proud of the luxuriance, refused to allow it to be cut, but the boy is going to college next fall and finally decided for himself. Until he was 8 years old Harry wore his hair loose about his shoulders, but of late years he has braided it and let it hang down under his coat.

The Astor Fuel Machine.

The current number of the Scientific American contains an account of a new process invented by John Jacob Astor, the New York multimillionaire, for utilizing as fuel the peat deposits. The process involves the disintegrating of the fiber of the peat so as to allow it to be thoroughly and uniformly heated. The machine is to be run by the gas derived directly from the peat. Colonel Astor says that he will experiment further.

Galveston's sea wall seems to have stood the test, but it found out what it was put there for, all right.—Kansas City Star.

FROM FAR AND NEAR.

The four-story brick building in Pittsburg occupied by the Kirby Shoe Company burned. Loss, \$75,000.

Fire that swept the business district of Orange, Va., caused \$75,000 damage, only partially covered by insurance.

While bathing at Medicine Hat, Alberta, two employees of the Canadian Pacific Railway, John Ritchie and William Shaw, were drowned.

Work of Congress

When the Senate met Friday Senator Hale, chairman of the Committee on Appropriations, reported the urgent deficiency appropriation bill, with amendments necessary to carry out certain provisions of the new tariff law. After five minutes' open session the Senate went into executive session and a few minutes later adjourned until 12 o'clock. Entering upon the last stages of its consideration by Congress, the tariff bill as reported by the conferees was submitted to the House by Chairman Payne and ordered printed in the Congressional Record. Three hundred and fifty of the 390 members were in their seats when Chairman Payne passed up to the Speaker's desk the bulky document which has occupied the attention of Congress for four and half months.

Provision was made for the administration of the new tariff law by the adoption by the Senate Saturday of numerous amendments to the urgent deficiency appropriation bill, which was passed. In addition to the salaries for judges and other officials and employees of the new United States Court of Customs Appeals the Senate appropriated \$100,000 to aid the State Department in making treaties, \$25,000 for the President's traveling expenses, \$100,000 to pay the expenses of the advisory board which will assist the President in carrying out the duties imposed upon him by the maximum and minimum provision and \$100,000 to defray the expenses of a bureau which will enforce the collection of the new corporation tax. The Senate voted to reduce the salaries of the judges of the new Customs Court to the amount received by Judges of United States Circuit Courts. Salaries of the government attorneys who will try customs cases also were reduced. The House adopted the conference report on the tariff bill, 195 to 183, twenty Republicans voting adversely. A motion to recommend the bill to conference was lost by a narrow margin.

Several Senators insisted that the conference report be read in full Monday to avoid undue haste, and the Senate dragged through a seven-hour session. Senator Daniel opened the debate on the report, charging that the Democratic members of the Finance Committee had been dealt with unfairly in that they had not been permitted to vote in committee on the adoption of the report. He claimed that an agreement entered into for that purpose with Mr. Aldrich had been violated. Intentional violation was disavowed by Mr. Aldrich, who could not agree with Mr. Daniel as to what had occurred between them. Senator Brewster said the bill did not keep party pledges and he would not vote for it. The conference report on the Philippine tariff bill was agreed to by the House. The measure is supplementary to the Payne tariff bill and is intended to provide enough additional revenue to make up the amount which will be lost to the Philippine government by the enactment of the provision for free trade between the United States and the Philippines. A bill granting a franchise for the construction of a dam across the Savannah River was passed. The remainder of the session was taken up with a discussion of the urgent deficiency appropriation bill as amended by the Senate. One of the amendments provided for carriages for the Vice President and the speaker, and all of them were disagreed to.

Exit Clemenceau.

Does Premier Clemenceau—as was now realize the danger there is in sassin' back?—St. Louis Republic.

M. Clemenceau seems to have touched the button at the unpsychological moment.—Galveston News.

M. Clemenceau challenged a backfire, and as a result of his bravado was shot full of holes.—Detroit Free Press.

Possibly M. Clemenceau will decide to spend the rest of the summer with the former shah and the ex-sultan.—Richmond Times-Dispatch.

At this juncture it appears to be up to the private business of M. Clemenceau to demand all his time and attention.—Indianapolis News.

This country is fairly well supplied with medical practitioners, but if Dr. Clemenceau should see fit to return he could probably build up a comfortable practice.—Boston Herald.

The French people, who are now saying things about M. Clemenceau, are handicapped by having no exact equivalent for the word "quitter."—Pittsburg Gazette-Times.

Her Strong Point.

The near-sighted dame was attending a play in which the part of the buxom domestic was taken by a stout young man.

"Mr. Meekun, don't you think a woman should receive a man's pay when she does a man's work?"

"Why—er—look at the other side of the question a moment, will you? Think how many men are doing women's work and not getting a cent for it!"

Reminiscence.

"How long will eggs keep, anyhow?" said the casual customer at the lunch counter.

"I have met some in my career," answered the dark, gloomy man with the deep, tragic voice who sat next to him, "that I am willing to swear had been kept for not less than two years, by Jupiter!"—Chicago Tribune.

CHILD HAD SIXTY BOILS

And Suffered Annually with a Red Scald-Like Humor on Her Head—Troubles Cured by Cuticura.

"When my little Vivian was about six months old her head broke out in boils. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her entirely. Some time later a humor broke out behind her ears and spread up on to her head until it was nearly half covered. The humor looked like a scald, very red with a sticky, clear fluid coming from it. This occurred every spring. I always used Cuticura Soap and Ointment which never failed to heal it up. The last time it broke out it became so bad that I was discouraged. But I continued the use of Cuticura Soap, Ointment and Resolvent until she was well and has never been troubled in the last two years. Mrs. M. A. Aak Your Druggist For Allen's Foot-Ease.

"I tried ALLEN'S FOOT-EASE recently, and have just bought another supply. It has cured my corns, and the hot, burning and itching sensation in my feet which was almost unbearable, and I would not be without it now.—Mrs. W. J. Walker, Camden, N. J." Sold by all Druggists, 25c.

A Vigorous Critic.

Ruskin was always hot on the trail of immature critics, but he seems to have gone beyond himself on a certain occasion, which Chambers' Journal records, when he threw a large quarto at A. Stodart Walker's head because he had dared question the artistic excellence, in the matter of proportion, of Michelangelo's "Moses" in Rome.

After the throwing was over, Ruskin asked:

"How often have you seen it?"

"Oh, half a dozen times," Stodart Walker answered, confidently.

"Good heavens!" Ruskin cried. "No man should dare to give an opinion on any work of art unless he has seen it every day for six months;" adding, after a pause, "and even then he should hold his tongue if he has used his eyes as you seem to have used them."

AN EASY WAY.

How to Cure Kidney Troubles Easily and Quickly.

It is needless to suffer the tortures of an aching back, the misery of headaches, rheumatic pains, urinary disorders or risk the danger of diabetes or Bright's disease. The cure is easy. Treat the cause—the kidneys—with Doan's Kidney Pills. P. W. Champion, Salem St., Marion, Ky., says: "I did not expect ever to be well again. Deranged kidneys caused me untold sufferings. Stones in the kidneys seemed to be tearing me apart and the secretions were seriously disordered. Doan's Kidney Pills righted this trouble and removed all pains and aches and dissolved the stones. I am completely cured."

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but to no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.
