If Dr. Frederick A. Cook discovered the north pole April 21, 1908, what in — has he been doing all this time? If it took him only a few months to reach the pole why should it take him a year and a few months to get back? We think he conceived the idea of claiming to have been at the north pole very recently, believing there would be none to dispute his claims.

To the Electors of Cherry County:

Having been nominated at the primaries of August 17 as the democratic candidate for county treasurer, I respectfully solicit your support at the general election November 2nd, promising in return if elected a faithful and conscientious discharge of the duties of the office. Thanking you for past favors, I am
Very respectfully yours,
E. B. QUIBLE.

Care in Preparing Food.

In recent years scientists have proved that the value of food is measured largely by its purity; the result is the most stringent pure food laws that have ever been known. One food that has stood out prominently as a perfectly clean and pure food and which was as pure before the enactment of these laws as it could possibly be is Quaker Oats; conceded by the experts to be the ideal food for making strength of muscle and brain. The best and cheapest of all foods. The Quaker Oats Company is the only manufacturer of oatmeal that has satisfactorily solved the problem of removing the husks and black specks which are so annoying when other brands are eaten. If you are convenient to the store buy the regular size packages; if not near the store, buy the large size family packages. 1
