E. B. QUIBLE

Democratic Candidate for County Treasurer.

It is a good many years since E. B. Quible located on a ranch in Merriman precinct and during all the years since he has been an honest, hard working citizen. His path has not always been strewn with roses but he has kept his courage up and by industry and economy he has supported his family and built up a nice little ranch.

Four years ago he was nominated by the democrats for the office he now holds. The county was then several hundred republican but he polled nearly a solid vote in the precincts where he was known, although they were very strongly republican, and when the returns came in it was found he was beaten by only five votes. Many people thought he had actually been elected and urged him to contest the election and demand a re-count. He refused to contest and returned to his family and his ranch. Last July when Treasurer Armstrong vacated the office there was a well nigh universal demand for Mr. Quible from the people who knew him and thought he had been kept for nearly four years out of an office to which so many of his fellow citizens believed he had once been elected. He was accordingly appointed. Mr. Quible took immediate possession of the office, but as he believed that local offices ought to be free from party politics, he appointed the same deputy who had served under Mr. Armstrong, although she was a republican. This appointment was made because he did not believe in drawing party lines, and he expected to find everything in the office in such condition that there would be no reason for a change. Later developments made it necessary to make a change and he selected William Kennedy of Kennedy precinct, a man of family and long residence in the county, for the position of deputy.

It may be safely said of Mr. Quible that no man stands higher for honor or integrity than he. In his management of the office he has not drawn party lines but has given the best there is in him to each and all. It has been his purpose to serve the public faithfully and honestly. He will be content to fulfill the duties of the office for the salary allowed by law, and he will give his entire time to the conduct of the office.

This is an office requiring good judgment, ripe experience and strict integrity, and Mr. Quible

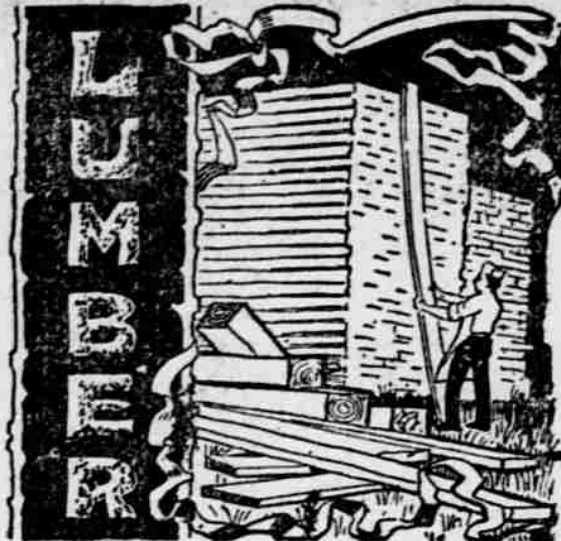

will bring all of these to the service of the public. We do not ask a man to vote for Mr. Quible because of party issue. There can be no party issue on an office of this kind. If you are a democrat you want the best possible service from your county officers and if you get that service you do not care whether they are democrats or republicans. If you are a republican you want the same class of service and you do not care what party ticket carries their names. The same is true if you are a prohibitionist. You must remember that the county treasurer has many questions presented to him that calls for quick decision, prompt and effective action, and it requires a person of practical business experience to meet these requirements.

The selection of a new treasurer is a practical one that is put up to you and it is to be hoped that you will decide it as you would if you were making a selection of some person to take charge and manage forty or fifty thousand dollars of your own money—say if you had a bank or trust company that would have collection of vast sums of money and the disbursement of that money whom would you select? If under these circumstances you would select Mr. Quible, or a man of his experience and ability, then why not select such a man for the important office of county treasurer?

Joseph P. Kreycik candidate for County Commissioner lives in Wood Lake Precinct and is one of the early settlers, coming here with but little of this world's goods and has now a nice home surrounded by a good ranch and several hundred head of stock. Mr. Kreycik is still a young man, strong and jovial with lots of good cheer and a progressive turn of mind that has made him a leader among men. He is the organizer of "Kreycik's" concert Band and Orchestra and has made a success achieved by few persons in the west.

Beside his musical ability he has looked well to his business and is one of the prosperous level headed men who has succeeded because of his close attention to business, industry and integrity. From his neighbors and friends who are most intimately acquainted with him we learn that Mr. Kreycik is a good citizen and a helping neighbor always ready to help those in need of his services which he gives with hearty good will and it is these neighbors who advocate his candidacy and appeal to the citizens of Cherry County for their votes at the coming Nov. election. Mr. Kreycik has superior qualifications and will make a good county commissioner and he will use the same good business judgement in the county affairs that has made his own success and that is the kind of man that Cherry County needs.

The public sales advertised in THE DEMOCRAT the past couple of weeks drew good crowds and everything sold at top prices. The Richards' sale amounted to \$12,700. Yearling steers sold at \$26.75, cows at \$40.75 and two-year-old heifers at \$28.50. Yank O'Bryan's sale aggregated \$8,000. One team of young mares with colts by side brought \$600 and 20 head of yearling colts sold at \$52 per head. His cattle also brought good prices. Webster Wertz had a good sale, yearling heifers selling at \$20 a head. At the Christopher sale one milch cow sold for \$65. Prices were also strong at the Gaskill sale. Auctioneer Col. G. E. Tracewell says a man was heard to remark at the Richards' sale that the cattle brought higher prices than ever before paid in Cherry county.

Omaha in struggling with a street car strike of no small proportion entails the usual riots, stagnation of business, and damage to property. Their demands were made two weeks ago for increased pay with more uniformity to new and old employees, for elimination of discrimination against Union men, for shorter hours and equalized runs and for the arbitration of grievances. Pres. Wattles of the Street Ry. Co. has refused a settlement upon these terms and the Co. has imported a horde of men from other cities to operate the cars as "strike breakers."

The sympathy of the public seems to be with the striking union men and they have conducted themselves in such a manner as to win the support and admiration of other unions in Omaha and also the good will and wishes of thousands of Omaha people. The cost of this strike to the street car Co. will be probably greater than if they acceded to the wishes of the strikers even if they win out for they will yet have other men to deal with who will be new to the work and their inefficiency will cost many dollars in accidents and lack of knowledge and acquaintance with their work. The public will suffer also.

The street car Co. refuses to negotiate with the union and offered to take back 90 percent of the strikers but would employ no new men who affiliated with or belonged to a union.

A petition has been started asking for the initiative and referendum vote for 3 cent car fares at the election of the city and it looks like the street car Co. will have to look somewhere for votes to hold the former 5 cent fares as the unions will stick together. Wattles had better settle and settle quick.

Without Globe Sights or Goggles.

A man walks different when he thinks he's dressed up, though his clothing may be shabby looking to the swell dressers.

After a farmer works hard all summer on the farm or ranch without a coat or vest he feels odd with a coat on in town.
