gives the best reasons for eating more

In an article published in the duces a big-boned, well-devel-Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building-

There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal.

Dats are the most nutritious of all the cereals, being richer in fats, organic phosphorus and goithins."

Me says oatmeal is gaining ground with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish fabuter's diet and says it pro-

oped, mentally energetic race. His experiments prove that good oatmeal such as Quaker Oats not only furnishes the best food for the human being, but eating it strengthens and enlarges the thyroid gland-this gland is intimately connected with the nourishing processes of the body.

In conclusion he says-"It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oat-
