Cigar Facts

We have the constant patronage of a large share of the critical smokers of the city. Sometimes they drift away for awhile, but they're back shortly and seem glad to come.

We have no corner on good cigars, and believe that the secret of our hold on smokers is that we pay more for our cigars than most dealers think necessary.

Once convinced that a brand is exceptionally fine, we stock it no matter if the margin is slender. While we pay liberally for our cigars, we see to it that we get full value for our money, which means unusual quality for our customers.

A Safe, Simple System

The system of paying by check was devised by all neg- for any man-for you. It is suited to the need of any business, either large or small. It makes no difference whether we pay out \$10 or \$10000 a month. A checking account will serve your needs.

Pay by check, the method puts system into your business and gives you a record of every transaction.

The weather turned cold Tuesday of last week and has been hovering around zero ever since. Saturday night the wind blew from the north after a warm day and a touch of real winter is with us this week.

John Stetter has completed the addition to his pool hall and added two tables, taken from the Owl saloon, making six tables. He has also bought a fire proof safe and put in some fine shelving back of the counter, and has a five gallon water filter for drinking. He expects to put in two more tables yet, so that more players may be accommodated.

Four of the old timers, Yank O'Bryan, Curly Huggins, Henry Stetter and Chpt. Shaw had their pictures taken together a few days ago and John Stetter had one of them enlarged and framed and is hanging on the wall of his pool hall. John has a number of old timers pictures and says he'd like to have all the boys' pictures of the early days in and around Valentine to hang on his walls. Another photo made about the same time was a group of six, adding Pole Hudson, Billy Smith and Fred Francke. leaving out Capt. Shaw.
