

Cigar Facts

We have the constant patronage of a large share of the critical smokers of the city. Sometimes they drift away for a while, but they're back shortly and seem glad to come.

We have no corner on good cigars, and believe that the secret of our hold on smokers is that we pay more for our cigars than most dealers think necessary.

Once convinced that a brand is exceptionally fine, we stock it no matter if the margin is slender. While we pay liberally for our cigars, we see to it that we get full value for our money, which means unusual quality for our customers.

A Safe, Simple System

The system of paying by check was devised by all men—for any man—for you. It is suited to the need of any business, either large or small. It makes no difference whether we pay out \$10 or \$10000 a month. A checking account will serve your needs.

Pay by check, the method puts system into your business and gives you a record of every transaction.

What is a Tree Worth?

That produces 25 bushels of apples and does it in a majority of years. We are doing this in our own orchards and others in every part of the country and town among you are successful. Plant the best trees and cultivate well and see them do something for you. Cultivate fairly deep during the growing season and cultivate shallow in the latter part of the season as soon as ground dries after rains, keep a dust on top to save moisture. Best varieties, good cultivation, trees grown near home. Moderate pruning and manuring are the great and important things.

If you have horses do not put garden truck or anything else in your orchard cultivate both ways with horses and a cultivator of some kind you can do it quickly, easily, often and do it well. If on a town lot it is all right to put garden truck among the trees if you cultivate them good.

We have the following trees in our nursery. 22 varieties of Summer, Fall and Winter apples. 7 varieties of Crab Apples. 5 varieties of cherries. 7 varieties of plums, peaches, currants gooseberries, blackberries, raspberries, grapes, strawberries, evergreens shade trees forest trees, roses and other ornamentals adapted to this part of the country.

Get the cheapest for a long time of usefulness. A tree is a permanent investment. Get trees grown nearest home, they are acclimated and grown under same conditions you want them to grow, where they can be had fresh and planted the quickest and from those who are growing orchards for themselves and are producing fruit and will furnish any information desired for you to succeed.

Come to our nursery and see the stuff or write for catalogue.

LOMBARD PIANOS

The
Pianos
With

The
Sweetest
Tone

Praised by Press and Pulpit

No Piano has ever been more enthusiastically endorsed. The Artistic Case, the Easy, Responsive Action, and above all the deep, sweet, rich Tone, captivates performer and listener. The united verdict is that . . .

LOMBARD PIANOS ARE THE BEST IN THE WORLD !!

Mrs. Helen M. Slaker, 24 Grand Ave., Aurora, Ill., says: "I cannot find words in the English language to express my appreciation to you for having sold me such a beautiful instrument. I really think it is the most beautiful case I ever saw, and the tone is simply grand. I shall be glad to give you any testimonial, as I think the Lombard should take the lead."

Rev. Geo. Donbley, Pres. Corpus Christi College, Galveston, Ill., says: "We are using the Lombard in our College work at Corpus Christi, and it is a pleasure to recommend it. It is a beautiful instrument with a deep, sweet, rich tone."

J. W. Purvis, Editor McNairy County Independent, Selmer, Tenn., says: "The instrument (Lombard Piano) fills our most sanguine expectations. It is not only a rare beauty in its outward finish, but the tone is round, full, rich and sweet. Your firm has proven to be prompt and reliable in its dealings with me."

J. Ernest Paxson, Editor Press, Parkersburg, Pa., says: "I must say that the Lombard sent me is a beautiful instrument, and a credit to a standard firm. We are more than satisfied."

R. S. Knapp, President Federal Charter Co., Washington, D. C., says: "We now realize after a careful and comprehensive trial of the Lombard by many musical artists of Washington, that it stands second to none, regardless of price or make. Every one who has tried this instrument is enthusiastic in its praise."

These are samples of hundreds of enthusiastic letters received in every mail.
