The Harrison Nursery Co. of York, Nebraska, one of the oldest Nurseries in the state, is desirous of securing local agents to represent them in this territory. Valentine friends will be surprised to learn that Miss Sara Simpson is no more, she having held up and appropriated the name of J. E. Glendinning, head air brake inspector of the Burlington at Denver May 29, thus breaking away from two year's service in the W. N. U. ready prints of Denver and thinks she prefers the R. R. business. She wishes Valentine people the best that's going. Thanks we congratulate you Sara.

Now is the Time

to cultivate your trees, cultivate several inches deep about every two weeks and as soon as the ground dries after rains to hold moisture. Where grass or other crop is grown between trees they must be given extra care and on town lawns watered. The other crop takes the most of the moisture in the ground. Trees on farms should be planted in rows each way as work can be easily and quickly done with horses and a cultivator.

We have all the varieties of Cherry, Plum, Apple and Forest and Shade Trees, Evergreens, Small Fruit Shrubs, Roses and other ornamentals. GET THE CHEAPEST for a long time usefulness. A TREE IS A PERMANENT INVESTMENT. Get trees grown nearest home. They are acclimated and grown under same conditions you want them to grow, and where they can be had the quickest. We have 25 acres in our nurseries and 40 acres in our bearing orchard. Write for catalogue or any information.
