### Prizes for Nebraska Flyers.

The Aero Club of Nebraska announces an amateur aviation contest in connection with the Midwest Aviation meet to be held on a site near Omaha July 9 to 14.

There are a good many people in Nebraska interested in aviation but it was not known anyone pretended to fly until the Aero club announced enough amateur aviators had been found in Nebraska and Western Iowa to have an amateur meet in connection with a big demonstration. Nine applications are now in for entries to this contest.

Professionals who will compete include Glenn M. Curtiss, who recently made the record breaking flight from Albany to New York City. Chas. K. Willard and C. J. Mars, both professionals in the heavier than air machines are under contract to come.

The Nebraska Aero club has put up \$15,000 to secure these men and they will give a five day demonstration on some site to be selected by Mr. Mars within a few

days. Both Florence and Benson are bidders for the meet and it will be held some place about Omaha. Clarke Powell of Omaha is secretary of the Nebraska club.

### "For God's Sake, Do Something."

We have answered this call in our new book "Fighting the Traffic in Young Girls," by Ernest A. Bell, U. S. District Attorney Sims and others. The most sensational indictment of the White Slave Trade ever published. It tells how thousands of young girls are lured from their homes annually and sold into a life of shame. The Cincinnati Inquirer says: "Of all the books of the season the war on the white slave traffic is the most helpful; it should be read by every man, woman, and child."

Agents are making from \$8 to \$17 a day selling this book. Over 500 pages. Many pictures. Price \$1.50. Best terms to agents. Outfit free. Send 15c for forwarding charges. Book sent to any address postpaid upon receipt of price. Address, James E. Sharkov, sec'y., 123 Plymouth Court, Chicago.

### VALENTINE DEMOCRAT

I. M. RICE - Editor and Propr.  
Mark Zarr - Foreman.

Subscription - \$1.50 Per Year.  
Local Notices, 5c per line per issue

Thursday, June 23, 1910.

A state-wide meeting of the Nebraska democracy has been called for Columbus on June 27, at 6:30 p. m., at which hour a banquet will be served. A dozen democratic orators will be heard at this banquet. The purpose of the meeting is to organize a Nebraska democratic club. Every democrat is urged to be present.

### To Democrats:

It is generally believed that the next House of Representatives at Washington will be Democratic if there is united and harmonious effort on the part of Democrats every where.

The National Democratic Congressional Committee is charged with much responsibility in furnishing a campaign book and other literature, directing speakers, and doing the general work of organization. We need your active support especially in a financial way. Please send to the National Democratic Congressional Committee, Washington, D. C., a check at once as we are greatly in need of funds to push our work, and must depend upon Democrats to furnish them. Our Committee is sustained by voluntary contributions. We are reliably informed that the Republican Committee is already generously supplied with money. Will you aid us at once?

JAMES T. LLOYD,  
Chairman.

JOS. E. RANDALL,  
Chairman Finance Committee.

### Washington News.

(By a Special Correspondent.)

Indications are that congress will pass, over the protest of Democrats and Progressives, a railroad regulation bill that will not provide for a physical valuation of railroads.

The millionaire colony of the Senate, some of the members of which own stock in railroads, fought desperately to kill every physical valuation amendment proposed.

A physical valuation would expose to the country the extent to which railroad stocks have been watered, and would, therefore, tend to prevent over-capitalization in the future and pave the way for reasonable freight and passenger rates. This is why the railroads fear it.

The interstate Commerce commission, partisan Republican in make-up, has recommended physical valuation year after year. The commission in its last annual report some what hopelessly says: "The commission has, in previous reports, expressed the opinion that it would be wise for Congress to make provision for a physical valuation of railroad properties, and desires to reaffirm in this report its confidence in the wisdom of such a measure."

Physical valuation was recommended by Roosevelt time and again. This is at least one Roosevelt policy that Mr. Taft has deserted cold-bloodedly. The president has raised neither voice nor pen on behalf of physical valuation.

Yet the Supreme court, in the Nebraska rate case, held that "the basis of all calculation as to the reasonableness of rates must be the fair value of the property being used for the convenience of the public." As the interstate commerce commission does not know the value of a single railroad, it must fix reasonable rates by sheer guesswork.

PRESIDENT'S BILL IS NOT PROGRESSIVE.

As progressive legislation, a railroad regulation bill without a

provision for physical valuation, is a farce.

The national democratic platform of 1908 declared for "efficient supervision and rate regulation of railroads" and to that end strongly recommended the taking of a physical valuation.

But when it is considered that Harriman contributed \$260,000 to the Republican campaign fund on behalf of the railroads, that probably numerous other railroad magnates advanced equally large sums, and that the very bill Congress is about to place upon the statute books was originally drawn in New York and submitted to the railroad interests before being introduced in Congress, it is not so strange that physical valuation amendments received their death stabs even after passed by a goodly majority in the House of Representatives.

Oh, American people, you must be more vigilant than you are if you would continue to deserve the name of a patriotic people!

Frank Fisher, jr., and wife returned from their wedding tour Tuesday of last week.

Japanese and German millet seed for sale, five miles northwest of Valentine.

JESSE BROSIUS.

We print notes payable to your order with your name and address. Better have a hundred or two printed while you think of it. They are convenient for closing up your accounts and will save you several dollars.

Dr. C. N. Dawson of Omaha Nebr. a lecturer of note, who for a number of years has been connected with the Co-Operative Lyceum Bureau of Omaha will be in Valentine Wednesday evening June 29 and deliver his lecture on "How to raise Cain." Those who have heard Dr. Lawson speak very highly of his lecture as a laugh provoker properly blended with wholesome advice. Lecture will be given in Quigley's hall. Admission 35c.

The carnival company is in town this week and the town is full of people each evening who principally come out for sight seeing and merrymaking. It is about the same as the carnival company of last year with some changes. Those who enjoy a good time should come in and see Valentine as she'll look in a few years more as a city with something doing all the time for those who wish amusement.

### Presbyterian Church.

J. M. CALDWELL, D. D. PASTOR.

Preaching in the morning. Subject: "Pentecost, the second successive Sabbath hallowed." In the evening, the usual Sunday evening lectures on the Holy Land will be omitted to give place to the annual children's day exercises. Also an opportunity will be afforded for baptism of children or adults. All cordially invited to all our services.

## Start in with a DEERE No. 9 Corn Planter

THE great accuracy of drop is what naturally interests you most. Deere's genuine edge selection of corn gives the highest accuracy of drop attainable. Repeated tests show ten to fifteen bushels per acre in favor of accurate planting. This, combined with many other exclusive, desirable features, makes the No. 9 a profitable investment. You profit by the increased yield due to perfect stand, by the additional years of service and freedom from break down.

Most progressive farmers and planters won't have any other. Best informed dealers refuse to consider handling any other. Investigate the time-saving and profitable reasons why.

Main seed shaft driven directly by traction wheels takes all the strain from check wire, and avoids side draft. Compensating valves insure perfect check regardless of team speed.

Instantly changed from check to drill drop. Tip-over hoppers—very convenient in changing places. Plates for all kinds of corn. Five sets always furnished. Standard runner, stub runner, or single disc furrow openers, as ordered. Concave or open tire

Accurate Edge Selection Drop

and keep posted. We have but briefly mentioned some of the strong features above. Or drop us a post card, and we will promptly send detailed proof-free. Deere goods are of the highest standard, and satisfy the most exacting. Ask for our latest corn book. The whole subject of gathering, selecting, curing and testing the seed, as well as planting, treated in a small space, fully illustrated; a book for the man who wants better corn. Handsome pocket ledger free
