CALUMET

INSTEAD OF CHEAP AND BIG CAN BAKING POWDER

You simply cannot get as good results from the cheap and big can kind—the baking cannot be as evenly raised—it cannot be as delicious—because the quality is not there. And it cannot be any more economical. Calumet is medium in price—the standard 1-lb. size can costs 25c. Less of it is required and the baking is certain to be better. Try one can—if not satisfactory your money will be returned. Calumet Received Highest Award—World's Pure Food Exposition. FREE—large handsome recipe book. Send to and slip found in pound can.

The Cheap and Big Can Kind

In this can you get more substance but not more baking powder. It is great in quantity only—not in economy—not in satisfaction.

G. W. Klingaman died in Wood Lake last Thursday, June 16, at 8:50 a. m. The deceased was a brother to W. L. and Charles Klingaman. Heart failure was the cause of his death. No more pathetic scene could have been witnessed than the one when the faithful wife, who had gone thru life's journey for the past 25 years through the ups and downs and still at her post to the last and such devotion is seldom seen as was the case with the wife of the deceased, whose every thought was of the life partner she had

chosen 25 years ago. George W. Klingaman was married Oct. 21, 1884, to Miss Cora Slater of Iowa at Boulder, Colo. The deceased was born July 5, 1857 at Buckingham, Iowa. Mrs. Klingaman wishes to thank the R. N. A. lodge and the many friends who showed their sympathy.

The Harrison Nursery Co. of York, Nebraska, one of the oldest Nurseries in the state, is desirous of securing local agents to represent them in this territory. We are prepared to make a liberal commission proposition to responsible parties. Write for particulars. No application will be considered unless applicant furnishes first class references as to reliability.

Now is the Time

to cultivate your trees, cultivate several inches deep about every two weeks and as soon as the ground dries after rains to hold moisture. Where grass or other crop is grown between trees they must be given extra care and on town lawns watered. The other crop takes the most of the moisture in the ground. Trees on farms should be planted in rows each way as work can be easily and quickly done with horses and a cultivator.

We have all the varieties of Cherry, Plum, Apple and Forest and Shade Trees, Evergreens, Small Fruit Shrubs, Roses and other ornamentals. GET THE CHEAPEST for a long time usefulness. A TREE IS A PERMANENT INVESTMENT. Get trees grown nearest home. They are acclimated and grown under same conditions you want them to grow, and where they can be had the quickest.

We have 25 acres in our nurseries and 40 acres in our bearing orchard. Write for catalogue or any information.
