We have answered this call in our new book "Fighting the Traffic in Young Girls," by Ernest A. Bell, U. S. District Attorney Sims and others. The most sensational indictment of the White Slave Trade ever published. It tells how thousands of young girls are lured from their homes annually and sold into a life of shame. The Cincinnati Inquirer says: "Of all the books of the season the war on the white slave traffic is the most helpful; it should be read by every man, woman, and child." Agents are making from \$8 to \$17 a day selling this book. Over 500 pages. Many pictures. Price \$1.50. Best terms to agents. Outfit free. Send 15c for forwarding charges. Book sent to any address postpaid upon receipt of price. Address, James E. Sharky, sec'y., 123 Plymouth Court, Chicago. 21 4

Why is it that the price of articles on which the tariff was not advanced, has increased since the Payne-Aldrich bill?

I put this question to United States Senator Moses E. Clapp of Minnesota, one of the genuine progressive Republicans of Congress.

"I can answer that question," replied Senator Clapp, "in less than two minutes, and no one will successfully contradict my statement."

"In the Payne-Aldrich revision of the tariff the rates on scores upon scores of articles were advanced. Those increases have advanced the price of everything; yes, have increased the price of articles on which the tariff was not changed.

"You can't raise the cost of living to a man who is producing something to sell, without forcing that man to raise correspondingly the price of what he has to sell.

"Suppose both of us are in business, and each has to use what the other produces. Suppose the tariff on the article I handle increased, while the tariff on the article you handle is not increased. By virtue of my increased protection, I force you to pay increased prices. What are you going to do about it? What must you do about it? Answer: you must increase the price of what you have to sell! And that's just the way it works out all along the line, and in the end all of the increases fall upon the broad shoulders of the consumer.

"But you will hear it said constantly with reference to something on which the price has been advanced 'Oh that isn't in the tariff at all. That increase has nothing to do with the tariff.' But the fact is tariff revision upward on a few articles reaches all along the line.

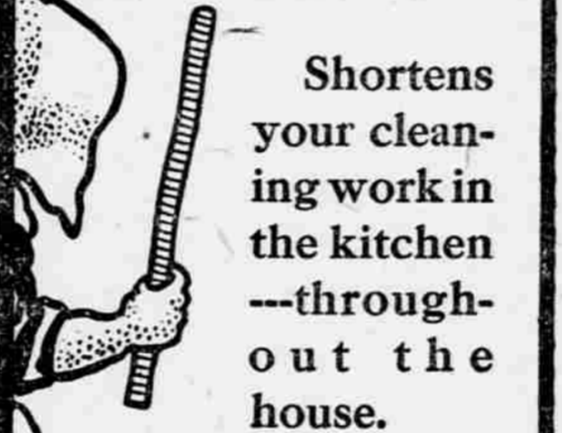

"The new tariff law has cost, and is costing the American people millions on millions of dollars, in increased cost of living. And if the Payne-Aldrich bill had been beaten, those millions would have been saved to the people."

**BATTLESHIPS ARE EXPENSIVE.**  
Congress has authorized two more battleships. It is estimated each ship will cost \$12,000,000 to build and \$1,000,000 a year during its 20-year life-time to maintain. The aggregate ultimate cost of each ship, as a matter of fact, is, therefore \$32,000,000!

The cost of each ship would buy 8,000 farms at \$4,000 each; it would construct 1,600 churches throughout the country at \$20,000 each; it would furnish the means of education through a four-year course to 16,000 men or women at \$500 per annum; it would build and equip 50 manual training schools with necessary tools and appliances, giving a trade to 75,000 young people each year; it build a macadam road between Chicago

and New York, or equip 40 Y. M. C. A. buildings of magnificent proportions, each building accommodating the young men in a city of 200,000 people!

**Order of Hearing on Petition for Appointment of Administrator.**

In the County Court of Cherry County Nebraska. STATE OF NEBRASKA, ss. To the heirs and to all persons interested in the estate of Martha A. Robinson, deceased: On reading the petition of Joshua Emanuel praying that the administration of said estate be granted to Mary Emanuel as administrator. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held on and for said county on the 13th day of July, A. D. 1910, at 10 o'clock a. m. to show cause, if any there be, why the prayer of the petitioner should not be granted and that notice of the pendency of said petition and that the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Valentine Democrat a weekly newspaper printed in said county, for 3 successive weeks prior to said day of hearing. Witness my hand and the seal of said SEAL court this 21st day of June, A. D. 1910. JAMES C. QUIGLEY, County Judge. E. D. Clarke, attorney.

Under the proposed scheme of the county optinist, all ballots cast for the dry policy would be counted, and all ballots cast against such policy would be suppressed; or, in other words, under the terms of the proposed bill, the will of voters favoring the license policy cannot be registered and made effective. This means that thousands of legal voters in Nebraska would be disfranchised by legislative enactment if the Anti-Saloon League manipulators shall succeed in promoting their schemes.
