WESTERN CANADA

What Prof. Shaw, the Well-Known Agriculturist, Says About It:

"I will sooner see cattle in Western Canada than in the corn belt of the United States. Feed is cheaper and climate better for the purpose. Your market will improve faster than year after year. Wheat can be grown up to the 60th parallel (60 miles north of the international boundary). Your vacant land will be taken at a rate that will prevent speculation. We have enough people in the United States alone who were homes to take up this land." Neely

DR. E. R. TARRY

224 Bee Building Omaha, Neb.

But He Wasn't. Senator Dewey, in his Washington residence on his seventy-sixth birthday, told a reporter that his health was perfect.

"You do, indeed, sir," said the reporter, heartily, "look the picture of health."

"Yes," said the senator, "I shouldn't have said I was well if my appearance didn't bear me out. A self-contradictory statement is merely ludicrous. You have heard about the census taker?"

"A census taker rang the bell of a Hillier place residence the other day and an elderly gentleman opened the door."

"I'd like to see the head of the house," said the census taker.

"Ssh! Not so loud!" whispered the elderly gentleman. "Now, what is it? I'm the head of the house?"

Wrong Angle.

"There's a bright side to everything."

"A bright side! Bah!"

"Well, there is."

"Do you mean to tell me, doctor, that there is a bright side to my having had my leg amputated?"

"Indeed, there is; and if you could put yourself in my place you could really see it."

Teacher.

Teacher—Children, nature is superior to man in everything. For instance, there is nothing that travels so fast as the unseen wind.

Willie—Hub! You ought to hear what my pa says about a slight draft!

RATES ARE LOWERED

COMMERCE COMMISSION TAKES ACTION IN CASES AFFECTING ENTIRE COUNTRY.

SOME REDUCTIONS A HALF

Shippers of Spokane and Reno Win in Contest Against Paying Tariffs to Coast and Back to Destination.

Washington.—Reductions in class and commodities on all shipments west from Chicago to the Pacific coast were ordered Wednesday by the Interstate commerce commission. The commission decided that the capital invested in railroad property and betterments did not justify the advance in rates to the point marked in the new schedules filed by the railroads.

The decisions are in what are known popularly as the Pacific coast cases. These cases were heard last autumn by the commission on its six weeks' trip to the Pacific coast and intermountain territory and had been under consideration ever since then. In every instance reductions in the existing rates were made.

The commission found a remarkable rate situation on the Pacific coast, and even a more remarkable one in intermountain territory. This is true especially of the rates to and from Spokane, Wash., and Reno, Nev. The Spokane rate issue had been before the commission in one form or another for several years. The shippers of that city complained insistently of the tariffs on freight classes and commodities from eastern points of origin, because they were required to pay the Pacific coast terminal plus the local rates back to Spokane from those terminals, although the freight was discharged at Spokane on the western trip.

Substantially the same state of facts existed at Reno and other Nevada points, which had to pay the rates to San Francisco and the back haul local rates from San Francisco or Sacramento to destination. These local rates in the majority of instances amounted to two-fifths or more of the origin rate from eastern points of origin to Pacific coast terminals.

The decisions of the commission affect all class and commodity rates between eastern points and the far west. No complaint was made of the rates of the eastern lines between Atlantic points and Mississippi river transfers and all of the reductions ordered by the commission affect rates from Mississippi and Missouri river transfers to Pacific coast terminals and intermountain territorial points.

In a case involving class freight rates from eastern territory to Phoenix, Ariz., the commission held the rates to be unjust and unreasonable and ordered reductions of approximately 30 per cent.

MANY DIE IN CLOUDBURST

Three Kentucky Counties Are Swept by Storm and Flood—Deaths May Reach Forty.

Saylorsville, Ky.—Fifteen people are known to be dead, fifteen additional are reported as having died and fully forty are missing as the result of a cloudburst in Magoffin, Floyd and Knott counties, Ky., late Tuesday.

Twelve bodies of the known dead have been secured by the workmen in Saylorsville and the towns affected by the terrible cloudburst. When late reports came in from sections lying near Saylorsville, it was estimated by the people here that fully forty have been killed in the floods and that forty are missing from their homes.

Saylorsville is the county seat of Magoffin county which is in eastern Kentucky. There are no railroads running to the town and little else than farming is done in this vicinity. Floyd and Knott counties lie adjacent to this county and have several small towns lying directly on the Licking river and large creeks which were affected greatly by the downpour. It has been raining in this section for three days and the rivers and streams were all full of water when the downpour from the cloudburst broke over this section. Instantly many houses in this section were carried from their foundations and were swept into the streams.

Many of the people in these three counties are homeless. The property damage is estimated to be fully \$100,000 and the losses in stocks and grains will go to even higher figures.

SENATOR J. W. DANIEL DEAD

OLDEST DEMOCRAT IN SENATE DIES AT LYNCHBURG.

Has Third Paralytic Stroke, but Cause of Death Was Cerebral Hemorrhage.

Lynchburg, Va. — John W. Daniel, senior senator from Virginia, died at the Lynchburg sanitarium Wednesday night, his death being due to a recurrence of paralysis. The immediate cause of his death was cerebral hemorrhage.

This was Senator Daniel's third paralytic stroke. He suffered the first last fall while in Philadelphia and the second in Daytona, Fla., during the winter, having gone to Florida to recuperate. He had not been in Washington for several months. Senator Daniel was sixty-seven years old.

With Senator Daniel were his wife and his son, Edward M. Daniel, and his daughter, Mrs. Fred Harper, whose husband, also here, is Senator Daniel's law partner.

The death of Senator John Warwick Daniel removes the oldest of the Democratic senators in point of service. Of the entire list he was the only one who could be said to belong to the old regime. And, as he was the oldest in service, he was one of the most conspicuous in popular favor.

New Orleans.—Samuel Douglas McEnery, United States senator from Louisiana, suddenly expired at his home here Tuesday from an attack of acute indigestion.

The senator arrived here Monday from Washington. He was seventy-three years old, and death was superinduced by old age.

The senator is survived by his wife, who was before marriage Miss Elizabeth Phillips of Monroe, Pa.; his daughter, Mrs. Warren B. Parker, and his two sons, Charles P. McEnery and Dr. Douglas W. McEnery of Washington.

In all probability Gov. Jared Y. Sanders will be chosen by the Louisiana legislature, now in session, as Senator McEnery's successor. It is thought that the leading figures in state politics have figured upon the aged senator's passing for some time, but it was not anticipated exactly at this juncture.

CONGRESS COMES TO CLOSE

Adjournment Sees Most of the Taft Program of Legislation Carried Out.

Washington.—With President Taft's legislative program practically carried out in its entirety the first regular session of the Sixty-first congress adjourned sine die Saturday night. Signed the rivers and harbors bill, but sent a message to congress indicating that he had made up his mind to do so practically at the last minute of time at his disposal, so far as that measure was concerned.

Congress was warned that it must change its method of framing river and harbor improvement measures, and announcement is made that unless reforms which he suggests are carried out in future bills the withholding of executive approval will be justified, even though a rivers and harbors bill fail.

The president also signed without comment the postal savings bank bill, the omnibus public building bill, the latter carrying authorization for improvements aggregating \$23,000,000, but leaving the items of appropriation to be attended to later, in connection with the regular estimates of the treasury department with respect to work authorized by congress.

TRIUMPH FOR AMERICANS

German Campaign of Slander Against the Deutsche Vacuum Oil Company Fails.

Berlin.—The long and venomous campaign waged by German newspapers and rival industrial interests against one of the German branches of the Standard Oil company—the Deutsche Vacuum Oil company—has just been brought to a victorious end for the Americans involved.

A well-known Hamburg newspaper for months printed such a series of attacks on the "American graft methods" alleged to have been practised by the vacuum company in the conduct of its German business that the public prosecutor of Hamburg felt constrained to make an official investigation with a view to eventual indictments. The prosecutor has now concluded his investigation, especially of the work of E. L. Quarles, American manager of the German company's sales department, and announces that no necessity exists for pursuing the inquiry further.

No evidence of anything warranting prosecution was found against Mr. Quarles, and the costs of the entire inquiry will be borne by the state.

The result of the investigation constitutes a notable triumph for American interests in Germany.

It is not the first time that Germans, finding themselves unable to compete with Americans on ordinary terms, have resorted to slander.

ROB PASSENGERS ON TRAIN

Three Bandits Escape After Raid on Oregon Short Line in Ogden, Utah.

Ogden, Utah.—Three masked bandits held up the second section of Oregon Short Line train No. 1, northbound, which left Ogden at 1:30 a. m., in the northern part of this city. All of the passengers were robbed of their valuables and the express messenger was compelled to deliver the contents of the safe. The exact amount the robbers obtained has not been ascertained. Two passengers and two trainmen were injured. After the train had been robbed the bandits fired into the air to frighten the passengers, got into their buggy and drove away. Sheriff Wilson gathered a small posse and started in pursuit.

PICTURE SHOW RUINS EYE

Omaha Attorney's Frequent Attendance at Nickel Theater Said to Have Affected Optic.

Omaha, Neb.—Over-indulgence in moving picture shows may cost Attorney C. W. Britt of Omaha his eyesight. He went to Clarkson hospital, where an operation was performed on his right eye by Dr. Harold Gifford Sunday.

Flickering of the moving pictures attended almost nightly for two months by Mr. Britt and members of his family is said to have aggravated former eye trouble. A growth under the lid of the right eye resulted. Mr. Britt was totally blind in the right eye before going to the hospital, but hoped that the operation would restore the sight.

FROM THE MOUTHS OF BABES

Johnny Probably Told the Truth, but at a Dreadfully Inopportune Time.

A teacher in one of the lower grade schools was entertaining two visitors to the classroom. Several days previously the teacher had furnished amusement and at the same time increased the children's store of knowledge by a series of questions of the following nature:

"What do we sit on that rhymes with hair?"

Some child would answer: "Chair." Today the visitors would be pleased to observe how readily the pupils could answer.

"What do I wear on my head that rhymes with cat?" asked the instructor.

Up went the hand of a boy with red hair.

"Well, Johnny," said she, "you may tell us."

Johnny arose and appeared frightened.

"It's a rat," he blurted.

And then the tableau.

A Hibernian Verdict.

A New Yorker is the happy employer of an aged Irishman, who grows eloquent over the woes of the Emerald Isle. Said the boss: "Pat, the king of England is dead."

The old man was silent for a moment. Then he took off his hat.

"Well," he said slowly, "as a man he was a fine bit of a boy. As Englishmen go, he was as good as yez can make them. As a king, there was nobody on earth as could beat him. But still, I'll keep me eye on George."
