Rushville vs. Valentine

The Rushville base ball team returned home Monday night, having filled a two-game engagement scheduled with the locals. The Sunday game resulted in a score of 4 to 2 in favor of Valentine and was witnessed by quite a number of fans of both sexes. It was an interesting game throughout and attended by a number of good plays that did not fail to elicit appreciative applause. Of course there were errors, too, and costly, heinous ones, but they only added excitement for the spectators who were all home rooters. Monday's game resulted in a defeat to the visitors too lopsided to make even interesting reading. The score keeper was kept dizzy marking up runs for the home boys. The game was called for 2:30, but only a handful of enthusiasts ventured out to the ball park as the clouds hung low and threatening, and every fan in town still has a vivid recollection of what happened to him one day last summer when he went out there and defied the elements. And say, it was more fun than a cage of cavorting monkeys affords to watch those rooters climb out of the grand stand at the first clap of thunder and hot-foot it across lots to a farm house and place of shelter, while some of the ball tossers struck out on a kangaroo jump for town. The storm cleared away about 4 o'clock when the teams returned to the grounds to contest for supremacy. The locals feel that they have been revenged now for the bunch handed them on the Rushville grounds not long ago.

The 1910 State Fair, September 5 to 9, offers an excellent line of attractions. Among them are four flights each day by Wright's aeroplane, concerts by Signor Lombard's band of forty-four instruments and grand opera company of twenty four singers, fifteen barrer speed contests and a number of running races—the derby, a 10-mile relay race, two miles each day. The great Patterson shows, night speed contests, stupendous fireworks and vaudeville attractions. Taken with the great exhibits in every department, this indeed will make a great show.

The "Stockmen Telephone company" lost its charter from failure to pay the state occupation tax for 1909 and under the law was unable to continue in business. Therefore to protect and conserve the interests of the individual stock holders, it became necessary to re-incorporate. This has been done under the name of the "Stock growers Telephone Co." This new company taking over all assets and assuming all liabilities of the "Stockmens Telephone Co." and issuing stock pro rata in the new company to all stock holders in the old company.
