Stotts and Mone's Sale last Thursday was a success and horses brought fair prices, though a longer time to advertise would have been to advantage.

The old water tank is crumbling down. Capt. Shaw and family moved out of their home and photograph gallery on Main and Virginia streets Tuesday from fear that the tank would fall and crush them. It is fast crumbling down; leaning to the southeast now and is about 2 ft. out of line. It may stand but is likely to go any time. No one knows how rotten it may be.

The children of the Methodist Sunday school, teachers, parents and friends, are enjoying a picnic and outing today at the city park, and that all are having a jolly good time romping, feasting, bathing and fishing, no one familiar with that ideal picnic ground will question. The affair had been originally planned for yesterday but the rain storm intervened and upset the plans.

A. T. Bennett, a veteran newspaper man, was in town three days last week talking life insurance, and enjoying the pure air, pure and wholesome food and the simple life of this best little town on the map. He was in the newspaper harness for more than eighteen years, first in Ohio, later in Minnesota. Mr. Bennett now makes his home in Lincoln and is making good pursuing the less strenuous vocation of writing insurance.

Master Tom Vlady, who was brought to Valentine last week from the home place near Kilgore, punctured in a plurality of places by bird shot which were intended by the marksman for a covey of "prairie snipe" instead, was discharged from the doctor's care on Sunday. None of the wounds inflicted were dangerous and the only shot extracted was one that lodged in his skull. Tom is happy to be among the living yet and the way he got on the outside of his Sunday dinner was a caution.

A bolt of lightning struck John Porath's well machine yesterday morning, shocking John and his helper, cut his well rope into fragments and scared the team. A few minutes later a bolt with terrific noise like a bomb shell struck Geo. Hornby's store building, doing slight damage, scared a team hitched in front of Tom Hornby's, they breaking the spring wagon tongue and frightened Lou Taylor's team while freight was being loaded from a car and jerked Mr. Taylor against the car door, hurting his head and face, and the 4-horse team sped away down the road out of town but were caught by two horsebackers and brought back.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera, and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. Nearly everybody will want a state daily during the political mix-up now going on and the Lincoln Journal cuts its price to January 1, 1911 to \$2, with Sunday, or \$1.50 without. You know why The State Journal is the paper to give the straight of what is going on and you'll get a lot for your money if you send in right away.

A. C. Anall, who has been here the last three weeks in the interests of the Superior Lumber & Coal Co. of Minneapolis, looking after lumber shipments from the coast and freighting same to Carter, S. D., where a branch yard is being established, expects to complete his work the first of next week and return to Minneapolis to resume his duties as bookkeeper and office man for his firm.

Martin Querner was shot accidentally, it is reported, Tuesday noon near Oasis by a gun in the hands of Ben Steadman, the bullet striking him in the fore part of the hip, passing through and out at the opposite hip, being deflected by a bone. John Bachelor's new automobile was brought into use and made the trip out to Oasis and back in about six hours, bringing the wounded man, who is now resting easy at the Chicago House.

Pete DeCory has bought the Dave George residence which was formerly the Razey house and will fix it up and move to town to live. We're glad to have him and any others who contemplate a home in town to move in and live with us. Its a good place to live. There's lots of conveniences here that many people will never enjoy unless they, like Mr. DeCory, come and join us to make this their home. Its a good old name, Valentine.

The unexpected discharge of a 16-pounder at your heels could not have caused the shivers to chase up and down your spinal column with any greater leap and bound than did the terrific crash of thunder that followed the blinding flash of lightning Wednesday morning. It came so unceremoniously that everybody in town jumped to his feet in a twinkling and out of doors to ascertain the cause. Many a one thought Satan himself after them. The flash of lightning was like a crazy streak of forked fire that seemed to zig-zag into every open door and window. Parents stood in awe, children shrieked and huddled close, while terrified animals with a leap bounded away for any old place. Even the serene, complacent disposition of our friend Ernest Brown curdled as the uncanny thing shot into his door and out of the window in less time than it takes to say skat. While most of us were pulling ourselves together Ernest was putting distance between his den and the prairies west of town. He thinks Haley's comet responsible for this display of new-fangled fireworks.

Rev. Baker and wife moved their household effects into the new parsonage Friday and the same evening Mrs. Baker left for an extended visit with her parents in Red Oak, Iowa.

Isadore Bray, of Green Bay, Wis., stopped in Valentine over night Tuesday on his way home from Rushville Agency, where he accompanied his daughter, Mrs. Grace Cole and child, who will make an extended visit with his uncle, Mr. D. Bray, who joined the visitors here last Thursday and accompanied them to the agency.

While tarrying in town Mr. Bray had the pleasure of forming the acquaintance of our esteemed townsman, Frank Brayton, which proved a most happy meeting for both of the gentlemen as they soon discovered upon comparing notes that they were old time neighbors, having lived within a few miles of one another near Green Bay some twenty years ago. Many were the pleasant recollections brought to mind of boyhood days, and the chance meeting of the men soon ripened into a warm friendship that no doubt will be continued and cemented in the years to come and be the means of more than one enjoyable meeting to talk over olden times.

John Bachelor went to Omaha last week to market some cattle and buy an automobile. On the train between Fremont and Omaha he became acquainted with Dr. Joshua S. Devries of Fremont and to him John confided his intention and the jolly doctor said he had a Buick and liked it which was the make that favorably impressed Mr. Bachelor. Dr. Devries jokingly asserted that if John bought an auto and would run it to Fremont, he would take charge as chauffeur there and bring him to Valentine for ten days board to which John replied: "That's a big bluff, but I'm going to call it," and he did.

John bought the Buick and arrived in Fremont in due time and Monday evening at 5:30 p. m. they were in Valentine in good shape. At Atkinson they picked up Wm Holliston, who is the contractor for McAllister and Hunter Ditching Co., who will go out with Mr. Bachelor to see about a ditching contract. Dr. Devries is an old time printer having worked several years on the Omaha Republican and later owned the Fremont Herald. We enjoyed a pleasant visit with him at our office. Mr. Bachelor will take him to his ranch Wednesday and will probably make a light brigade charge on the black bass at Hackberry and Dewey.

TO OUR FATHER

The silver cord is snapped asunder
And one who is done;
Gone to dwell with that Father
And wear the crown that he has won,
Weep not, mother! Weep not, children!
Though we'll miss him day by day,
He is free from pain and sorrow
In that better land always.
Though one chair is vacant and can never be
filled,
Let us strive to do our duty
And gain a home in Heaven
And all be united there.
