

RICH PIOUS PAGEANT

MONSTER PARADE MARKS END OF EUCHARIST CONGRESS.

100,000 CATHOLICS IN LINE

Brilliant Procession Starts at Noon and Ends at Foot of Mt. Royal at 7 O'Clock—Montreal So Crowded that Multitudes Sleep in City's Parks.

Montreal, Que.—A religious pageant as rich in devotional emotion as in imagery, and as orderly in behavior as it was diverse in nationality and huge in size, closed Sunday the twenty-first International Eucharist congress, held this year for the first time in the Dominion of Canada.

Visitors from the United States were especially impressed with the magnitude, splendor and reverence of the procession, which marched four miles through the city streets, the host at its head, to Mt. Royal, above the city. A modest estimate is that there were 100,000 in line and that 500,000 viewed it from where best they could.

GOLD STOLEN IN TRANSIT

Bullion Valued at \$57,500 Disappears En Route to Seattle from Alaska.

Seattle, Wash.—Gold bullion valued at \$57,500, part of a consignment of \$170,000 from the Washington-Alaska bank of Fairbanks to the Dexter-Horton National bank of Seattle, on the steamship Humboldt, was stolen in transit. Lead was substituted in the strong box that contained it.

The boxes were opened at the United States assay office in Seattle Friday noon and the theft was discovered. One contained pigs of lead instead of gold. The seals of the boxes were intact when they reached the assay office, and it was evident that the robbery had been committed on board ship. The gold was insured against loss by the express company.

Fremont, Neb.—Several passengers were slightly injured and a mail clerk badly hurt in a head-on collision of passenger trains on the Chicago & Northwestern railroad in the Fremont yards Sunday.

IS GIVEN OVATION

GIFFORD PINCHOT IS OBJECT OF BIG DEMONSTRATION AT ST. PAUL.

EX-FORESTER SHEDS TEARS

Opposing Ideas Concerning Conservation of Natural Resources Are Presented Before Congress by Senator Beveridge and James J. Hill.

St. Paul, Minn.—Before the conservation congress here Wednesday Senator Beveridge in an eloquent speech argued for national control of conserving the natural resources of the country, while James J. Hill spoke squarely against that idea.

Gifford Pinchot received an ovation that furnished the most dramatic moment of the congress. The former forester, the object of a wild demonstration by the audience, stood with tears streaming from his eyes until the outburst of cheers had subsided and the spectators were seated.

Just what Senator Beveridge was trying to say complimentary to Mr. Pinchot was drowned in the roar that rose the moment the trend of his remarks became apparent.

"Gifford Pinchot," said the speaker, and the outburst started. It grew until every one was yelling and the whole house was on its feet waving hats and handkerchiefs.

Senator Beveridge had no sooner retired than cries of "Pinchot! Pinchot!" rang through the house. He was dragged forth by President Baker. His voice shook as he spoke.

"It is magnificent," he said, "to hear the sound policies of conservation acclaimed as has been done here. Conservation has won out. I thank you."

Senator Beveridge sounded his key note in the statement that this is one nation, not forty-six nations.

He said in part: "Co-operation of municipality, state and nation to correct past mistakes and preserve and administer for the general good of all the people the natural resources yet remaining—this is the policy of common sense and common honesty. Strife and division to the end that the reign of waste and pillage under the falseness of development shall go on and the feverish upbuilding of private wealth upon the ruins of the people's resources shall continue—this is the policy of private avarice and private plunder. Forests and coal, water powers and phosphates—must be kept and developed for the benefit of all the people."

Mr. Hill said that there are dangers inseparable from national control. The machine is too big and remote, he said, and its operation too slow and costly.

Continuing, Mr. Hill said: "To pack the fact into a single statement, the need of the hour and the end to which this congress should devote itself is to conserve conservation. It has come into that peril which no great truth escapes—the danger that lurks in the house of its friends. It has been used to forward that serious error of policy, the extension of the powers and activities of the national government at the expense of those of the states. The time is ripe and this occasion is most fitting for distinguishing between real and fanciful conservation and for establishing a sound relation of means to ends.

"Toward the conservation of our mineral resources little can be done by federal action. The output is determined not by the mine owner, but by the consumer."

LORIMER IS BARRED

ROOSEVELT DECLINES TO SIT WITH ILLINOIS SOLON AT BANQUET.

COMMITTEE GETS ULTIMATUM

Colonel Demands That Hamilton Club Withdraw Invitation—Telegram Sent Asking Senator to Be Absent From the Dinner.

Freeport, Ill.—Colonel Roosevelt and Senator Lorimer did not sit at the same banquet table Thursday night. While here Mr. Roosevelt positively refused to attend the dinner given by the Hamilton club at Chicago if the junior senator from Illinois was to be present.

A committee of 16 members of the Hamilton club, headed by ex-Judge John H. Batten, came to Freeport from Chicago in a special car and met Colonel Roosevelt, who attended the county fair here. They came to make arrangements for the dinner. The committee men met him at the fair grounds and the colonel at once asked who was to attend the dinner.

"Is Speaker Cannon to be there?" he asked.

"Yes," Mr. Batten replied. "He accepted the invitation."

"How about Senator Lorimer?" he asked.

"Senator Lorimer is a member of the club," he was told. "He has accepted an invitation to the dinner." "Then I must decline to go," said the colonel. He added that he would feel the same about the presence of Senator Lorimer as though members of the Illinois legislature, who are involved in the graft investigation, should be present at the dinner.

The members of the committee told the colonel that they would go back to Chicago and inform Senator Lorimer of his views.

"No," Colonel Roosevelt replied. "Send him a telegram, telling him that I will not attend the dinner if he is there."

President Batten consented to withdraw the invitation. The telegram was written and submitted to Colonel Roosevelt. He approved it, and Mr. Batten took the following message to the telegraph office:

"To William Lorimer, Chicago: Colonel Roosevelt positively declines to sit at the same table with you. Our invitation to you for this evening is therefore hereby withdrawn.

"JOHN H. BATTEN, 'President Hamilton Club.'"

SEVEN HURT IN GAS BLAST

Gang of Workmen Are Caught in Explosion While Installing New Machinery at Grand Rapids.

Grand Rapids, Mich.—One man was fatally injured and six others seriously injured as the result of an explosion in the Grand Rapids Gas company's plant here. A gang of men were installing a new type of gas-making machinery when some of the leaking illuminant exploded. All the men were cooped in the basement and were fearfully burned. The loss will reach \$70,000.

UNITED STATES IS VICTOR

AMERICA IS SUSTAINED IN FISHERIES DISPUTE.

Great Britain Wins Point Which She Considered Most Important of All.

The Hague.—America gained a substantial victory in the decision of the international court of arbitration on the Newfoundland fisheries question, handed down. The United States was favored on five points and Great Britain on two.

The British consider the two points decided in their favor, Nos. 1 and 5, as of the highest importance and it is understood that the colonial office is satisfied with the outcome. On No. 1, however, the United States has raised certain questions of equity which will be submitted to a special commission for determination.

The court finds that the claims of Great Britain to a right to prohibit American vessels from employing foreigners and to impose harbor customs and other duties are not authorized by the treaty of 1818.

The tribunal finds that the regulation of the manner, time, and implements of fishing which Great Britain enforces must be reasonable and appropriate, but that Great Britain cannot be the sole judge of their reasonableness. In case of disagreement the question must be determined by an impartial tribunal like The Hague or by a special commission.

OIL EXPLODES ON WARSHIP

Three Men Killed, Eight Injured Aboard Battleship North Dakota During Fire Test.

Washington.—The new battleship North Dakota, one of the two great Dreadnoughts of the navy, may be seriously damaged by an explosion on her Thursday during a test of petroleum as an auxiliary fuel.

Three enlisted men, all coal passers, lost their lives as a result of the explosion and eight men, including two warrant officers, are badly injured, although they are expected to recover.

The North Dakota has been ordered into Hampton roads, where she will dock at Newport News to see what damage has been done to her boilers and interior. It is not known here whether she will be able to take part in the great gun target contest to begin September 12 on the southern practice grounds, off the mouth of Chesapeake bay.

The navy department, lacking details of the disaster, is greatly wrought up and is wiring Admiral Schroeder, in command of the battleship fleet, for particulars. The only information received here came in the following dispatch to Acting Secretary of the Navy Beekman Winthrop, from Admiral Schroeder, at Fort Monroe:

"While North Dakota was under way approaching Hampton roads, fuel oil caught fire in No. 3 fire room, apparently near settling tank. Oil fuel being used for test at time and only on boiler one. Three are dead. All injured will recover. Dead and injured transferred to the Solace. No estimate possible yet regarding injury to boilers. Have ordered board of investigation."

Columbus Car Dynamited.

Columbus, O.—Conductor Zimmerman was painfully injured in the foot Thursday when a car in Boxley, a suburb, was partly shattered by dynamite placed on the track by unidentified miscreants in the strike disorders.

Lebeau, S. D., Fire Swept.

St. Paul, Minn.—A fire, the origin of which is not known here, wiped out the business district of Lebeau, S. D., Thursday. The loss is estimated at \$250,000.

ILLINOIS COAL STRIKE ENDS ALL OVER NEBRASKA

AGREEMENT REACHED BETWEEN MINERS AND OPERATORS.

Practically Every Demand of Men Is Granted—40,000 Wo. Men to Resume Work.

Chicago.—Forty-four thousand Illinois coal miners will resume work at once after an idleness of more than five months as a result of an agreement reached between the officials of the mine workers and the Illinois Coal Operators' association.

Practically every demand of the men has been granted. A contract extending up to April 1, 1912, was signed today.

The average increase to the miners in wages will amount to eight cents per ton, or an aggregate of \$4,000,000 annually. The installation of safety appliances and general betterments which the operators agree to give the men will increase the cost of putting coal on the market nearly 12 cents per ton.

Of the 72,000 miners who quit work April 1, more than 28,000 already have signed up and assume work. The balance will begin active work so soon as the mines can be pumped out and put into condition for operation. It is thought that by the middle of next week every mine in the state will be in full operation. Several are in condition to start mining today.

It is estimated that the strike has caused a shortage of at least 20,000,000 tons; a loss in wages amounting to \$15,000,000, and a net loss to the operators of nearly \$10,000,000.

STATE PRIMARIES' RESULTS

La Follette in Wisconsin and Charles E. Townsend in Michigan Win in Senatorial Fight.

Milwaukee, Wis.—United States Senator Robert M. La Follette carried Wisconsin at the recent primary election by an overwhelming majority over Samuel A. Cook of Neenah. In Milwaukee county the senior senator's plurality easily will reach beyond 8,000 and estimates are given of his nomination over his opponent by a vote of 5 to 1, a larger majority than was anticipated.

There is no doubt that La Follette will have control of the candidates' platform convention at Madison and that he will have the next legislature back of him. So big was his vote that it carried with it a large majority of the legislative nominees. The La Follette state ticket, headed by Francis E. McGovern, also is nominated by a safe majority.

The "insurgent" congressmen were renominated and added to their strength by the nomination of Harry C. Cochems, the former Wisconsin university football star. Cochems defeated Stafford for renomination in the fifth district. Cochems is the man who placed La Follette in nomination for president at the last Republican national convention.

Congressman Charles H. Weiss, Democrat, easily defeated Burt Williams of Ashland in the race for the United States senatorial nomination of his party.

Aside from the Republican state ticket and the United States senatorial contests, few of the nominations were contested.

Detroit, Mich.—Congressman Charles E. Townsend is conceded by supporters of Senator Burrows to have swept the state in the fight for the Republican endorsement for United States senator at the primaries.

Townsend's plurality is admitted to be more than 17,000. Chase S. Osborn of Sault Ste. Marie has a lead nearly as good for the Republican nomination for governor. Returns from two-thirds of the precincts in the state give these figures:

For senator—Townsend, 48,622; Burrows, 31,296.

For governor—Osborn, 38,993.

For lieutenant-governor—Kelley, 24,014; Amos S. Musselman, 24,911.

Concord, N. H.—Returns from the primary election in 273 out of 289 election districts in the state gave:

Bass, progressive Republican, 9,041.

Ellis, regular Republican, 9,912.

Carl, Democrat, 6,893.

APPLETON WINS THE PENNANT

Wisconsin-Illinois Baseball League Closes Season in Close Finish—Rockford Is Second.

Aurora, Ill.—The Wisconsin-Illinois league season is closed.

Appleton wins the pennant, with Rockford second, Fond du Lac third and Madison fourth. The race between Appleton and Rockford was a close one, and not until last week, when Appleton secured the services of Pitcher Eberly of Racine, was the Illinois city put out of the running. Aurora, the baby club of the circuit, finished in last place.

Loeb's Animal Hunt.

New York.—William Loeb, Jr., collector of the port of New York, left Wednesday for his annual hunt of big game in the Rocky mountain region. He is accompanied by Samuel G. Blythe, newspaper writer.

Murray Causes Shakeup.

Washington.—Twenty national bank examiners, about one-fifth of the force employed by the government, were transferred to new fields Wednesday by an order from Comptroller of the Currency Murray.

N. K. Griggs Found Dead.

Box Butte County.—Nathan K. Griggs of Lincoln, attorney for the northwestern division of the Burlington, and former United States consul at Chemnitz, Germany, was found dead in his Pullman berth on Burlington train No. 41. Death was due to a sudden attack of heart failure.

Mr. Griggs had started from the west for his home in Lincoln. He was one of the oldest attorneys connected with the railroad. Besides his prominence as a lawyer, Mr. Griggs was well known in Nebraska for his temperance views and by several volumes of western poetry which he published. He came to Nebraska in 1867, hanging out his shingle as an attorney at Beatrice. He moved to Lincoln in 1893, having become attorney for the Burlington in 1890.

He was a member of the Nebraska constitutional convention in 1871 and was twice a member of the state senate. He was United States consul at Chemnitz, Saxony, from 1876 to 1882.

Mr. Griggs published two books of poetry, "Lyrics of the Lariat" and "Hell's Canyon." He also published one series of songs called "Voices of the Wind."

Boy Shot in Melon Patch.

Custer County.—Word has reached the county attorney's office that Charley Meschler, a boy of 14, living thirty miles southwest of Broken Bow, was shot and badly wounded by Ben Beschler, jr., a cousin. According to statements made by John Beschler, father of the wounded boy, Charley and two other friends were in the watermelon patch of his cousin when, without a word of warning, Ben appeared and commenced shooting. The other boys escaped harm, but Charley was struck in the back and legs. In this condition he wandered over twenty-four hours and was finally discovered by his people in a canyon, fourteen miles from home.

Threatens Mail Carrier.

Hall County.—August Felske, a young farmer, aged 25, attacked a rural mail carrier, J. W. Davis, demanding the privilege of going through the mail. The mail carrier resisted and was threatened by Felske. Felske insisted that his neighbors were trying to get him out of the way and that the mail carrier was preventing the papers and letters addressed to him from reaching him.

Far, Far Away India.

Douglas County.—The Baker Ice Machine company of Omaha closed a contract by cable for the equipment of an ice plant in Sulzimidhi, Delhi, India. The order came in response to a request quotations on the equipment of a plant. In nine words the Baker company answered the correspondence by cable and received the order from the far distant country.

Leaves for Porto Rico.

Custer County.—Miss Marian Holcomb, eldest daughter of ex-Governor Silas Holcomb, started from Broken Bow for New York, where she will join thirteen other young ladies appointed by the government as teachers in Porto Rico. Miss Holcomb will be in New York until September 10, when she will sail for Porto Rico to enter into her new duties.

Dodge County Out of Debt.

Dodge County.—Dodge county is without bonded indebtedness. County Treasurer Morris Horstman paid to State Treasurer Mortensen \$70,000, being the principal on the county bonds owned by the state. The bonds are Fremont, Elkhorn & Missouri Valley railroad refunding bonds, and constitute the last bit of such indebtedness against the county.

Baby Eats Strychnine.

Kearney County.—George, the 22-months-old son of the Rev. M. B. Carman, ate strychnine tablets and died within a few minutes. The child had been sleeping and the members of the family did not know it was awake until it attracted their attention and had climbed upon a dresser and found the tablets.

Changes at Doane College.

Saline County.—During this past summer extensive alternations and improvements have been made in the Doane college buildings. The biological, physiological and chemical departments have been transferred from Merrill hall to the new Carnegie Science building, which is nearly ready for use.

Walthill to Make Improvements.

State Treasurer Brain took over \$22,500 worth of bonds issued by the village of Walthill a few days ago. These bonds net the state 4 1/2 per cent interest. The money will be used in the construction of a heating, fighting and water plant.

Mail Sack Is Stolen.

Buffalo County.—A United States mail sack was stolen at Lexington. The sack, made up for train No. 15 going west, containing seven packages of ordinary letters, one registered letter and some fourth class matter, was taken from a truck and was missed by the employees. The sheriff was called and with bloodhounds traced the guilty party west from town where the mail sack and most of the letters were found scattered along the track. The sack was slit open with a knife.
