As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by Chapman, the druggist.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by Chapman, the druggist.

### Talk of the Town.

Four carloads of Posts, from 11c to 60c. Ludwig Lumber Co.

Preserve the present for the future. Phelps photos Nov. 18, and 19.

Wm. Erickson and A. Swanson were in town last Friday and Saturday on business.

A. E. Morris spent several days in our city the past week, looking after his lumber interests.

Wednesday, Nov. 23, is the date of the cooked food sale held at T. C. Hornby's store at 10 o'clock by St. John's Guild. 44-2

O. D. Carey and wife returned from a three week's visit with relatives in Defiance county, O., last Tuesday morning. It has been 21 years since Mr. Carey visited his old home and he notes many changes there.

John Bachelor came in from his ranch in two hours and twenty minutes Monday, which is probably the fastest speed made between Kennedy and Valentine, a distance of 45 miles, and sandy roads a part of the way. John has a Buick.

Roast turkeys, roast chickens, roast geese, and all the good things that go with a Thanksgiving dinner, for sale by the Ladies of St. John's Guild on Nov. 23, at T. C. Hornby's store. Anyone wishing to leave a special order may do so. 44 2

Leroy Springer was in town Monday from his ranch in Eli precinct and we learned that he has put the broad smile on another man's face by selling him a Cherry county ranch, which is the fifth ranch he has sold of late. Mr. Springer is not much of a howler and makes little noise, but is selling land.

Bert Pike was in town Monday and called at our office to visit and we learned that he had been back to his old home at Millerville, Iowa, where his parents lived, and that his mother, aged 76 years, died October 22, 1910, of dropsy, which finally had affected her heart. Mr. Pike's father, J. W., is enjoying pretty fair health yet and is now 78 years old. Mrs. Pike was buried at Logan Park cemetery of Sioux City, Ia.

We like to meet a man who is cheerful and has unbounded faith in land that yields rich grasses that make fat cattle and raises crops averaging well up to the eastern farms, one year with another, and should bring something near the value of those high priced farms, and men who stuck to their farms here are fast becoming independent, which proves that there is a value often overlooked by men who are too close to the situation and have a habit of looking wistfully upon other localities at their high tide of prosperity, or when they fortunately have a good crop year. Cherry county lands always raise a crop and farmers here have something to sell when there is a partial failure elsewhere and then is when we get the good prices that have put our farmers on their feet. There is no failure in stock and we always raise something to feed them and something to sell.

C. W. Allen, that veteran newspaper writer, who for six years, in the early days, was editor of the Chadron Democrat, has been our assistant during the past month, and our readers have been permitted to read many of his articles during that time. It is not necessary, therefore, for us to comment upon his ability and resourceful capacity as a writer. We have tried to encourage Mr. Allen to return to the newspaper field and let his light shine. We have told him of the beautiful flowers that were born to blush unseen and waste their sweetness on the desert air and other like illustrations to convince him that he should not bury ten talents, but rather, bring forth another ten talents, according to the ancient proverb. He may yet see the error of his way and get before the people to jot down the thoughts he thinks for people to read. However, we congratulate the people in being able to get partially acquainted with Mr. Allen as a writer. He departed for his old stamping ground at Merriman Friday evening.

### Curing Catarrh.

Accept Our Advice and Try the Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucutone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Mucutone a thorough trial. Use it with regularity and persistence for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at the—Rexall store. Chapman, The Druggist.
