For sanitary plumbing or heating call H. I. Weinzimmer, the only licensed plumber in town. 49

H. I. Weinzimmer finished the plumbing on the Lamoreaux house and the family is well pleased with the work. This adds one more sanity job to Valentine.

All Webb and wife started yesterday morning on a trip to the Pacific coast. They go first to Omaha, then to Kansas City, from whence they go to Phoenix, Ariz., to visit C. B. Ricketts and wife.

After a couple of week's visit there they expect to go to the Pacific Coast to see the ocean and fill their lungs with sea breezes fresh from the equator. They don't know how long they'll stay but don't intend to come back until they've thawed out, basking in the land of eternal sunshine and roses and fruit. We have long wished to make such a trip as this but we've had to work, and when we get the money we'll go some where and see the sights and spend Christmas and a part of the winter in a warm place that doesn't require so much high priced coal.

**Every Woman Should Read This Advice and the Generous Offer That Goes With It.**

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system. Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Rexall-Mucu Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of
