LET the name Taylor tailoring be photographed upon your mind. It is a good thing to remember, when you want a suit or overcoat of style and distinction. Just now is a good time to look over the complete line of all wool fabrics and to see the new Ideas which are going to be popular for the Spring. Taylor tailoring is thoroughly insured against dissatisfaction. A guaranty goes with every garment that makes it quite impossible for anything to be wrong. And most important of all, the prices we quote are the very lowest for high grade made-to-measure Clothes. Polite service at

Talk of the Town.

School began Monday after a two week's vacation.

W. A. Prindle, district manager for the W. O. W., has been in our town several days the past week, soliciting membership for that company.

James Bradshaw, who had his leg broke about four months ago, is able to be around again and is hauling hay from his homestead southwest of town.

Hon. Dave Hanna and J. C. Applegate, bankers of Woodlake, were transacting business in Valentine Monday and we acknowledge a pleasant visit with them.

P. F. Nuss, special agent for the Columbia Fire Ins. Co., visited I. M. Rice and family a few days the past week while in town on business and adjusted a loss for L. A. Beers Tuesday.

L. A. Beers came to town Tuesday on business and called on us to have THE DEMOCRAT sent to him this year. He has a homestead 35 miles south of here and at present he is feeding cattle for W. G. Ballard and sons.

We met Cyrus Hagen and U. G. Welker of Woodlake on our streets Tuesday. Grant carried a big bundle of wolf scalps and if there are any coyotes yet alive around Woodlake it's safe to say they are hiding out when these hunters tour the hills.

The railroad company has been very busy the past week putting up ice from Lake Minnechadusa which they drag up an ice chute with teams to the top of the hill where the chute runs along side of a spur of the railroad track and elevated to slide the ice into box cars.

P. F. Simons and son Charles brought Grandma Razy to town last Saturday and she took the train here to go down to her daughter's home near Ft. Scott, Kan., we believe where she has made her home mostly in recent years. Grandma Razy has been visiting Mr. Simons' family at Sparks for several months past.

W. D. Clarkson has been busy with a force of men the past week on his ice harvest which is now nearly completed. He fills several large ice houses and takes contracts furnishing people of other towns with ice, using the railroad company's chute after the company has completed their work. Other towns can get ice in this way cheaper than they can put it up unless they have equal facilities near town.

The ice being put up is 16 to 18 inches thick and clear as crystal. It will look good next July if properly taken care of.

The A. O. U. W. and the Degree of Honor will hold a joint installation of officers next Monday night, Jan. 16. All members should attend this installation. Good music has been secured and a supper will be served by the D. of U.

Hon. Dave Hanna was in town Monday and says he's not feeling first rate. His health in the fall not being good left him weak and tender and the grip or a cold makes him feel the need of a milder climate and he and his wife expect to go to Florida to join Wash Honey and wife and Nick Uek and wife for the remainder of the winter and they expect to start sometime next week.

J. M. Pawnee dropped into our office Tuesday to subscribe for THE DEMOCRAT. He wants to read the papers some so he will know what is going on. He had just returned from Pine Ridge, where he went a few days ago to claim some land that his aunt had owned prior to her death and Mr. Pawnee was the sole heir of a section of land. Mr. Pawnee's grandmother also left him a section of land in Gregory county and he has a quarter section near Wood, S. D., where he lives and farms. He is a full blood Sioux Indian and has a pretty fair education and good business knowledge to take care of his property.

The weather bureau reported a cold wave Monday evening for Tuesday and when the thermometer went up above 50° Tuesday morning people began to think of warm weather, but about ten o'clock the thermometer began to drop and went down pretty fast for several hours. The weather bureau is pretty safe on their cold wave forecasts generally and gives us a chance to bar the doors and windows against cold, gather a little feed for stock and fuel for fires. If the reports could be spread broadcast among the stockmen they would be of inestimable value, but the present government regime seems to be more interested in dreadnaughts and high tariff wall.

Purcell's Comedy Co. will play the "Girl and the Sheriff," Saturday night, Jan. 14, 1911. This is a western comedy drama portraying a pretty story of the times when the gold fever was raging in the hills of Colorado, where every class of society was represented in a search for hidden wealth. The principal scenes are layed in the heart of the rockies and the beautiful valleys with which the country abounds; a land where gold was the ruling spirit, but where a young and innocent girl was the guardian angel. Special scenery with plenty of comedy and a few tears, pleasing all classes, young and old, rich and poor. Specialties between acts, colossal and unsurpassed. Something doing all the time. Every seat sold under a positive guarantee. Valentine, Saturday evening, Jan. 14, 1911.
