School Notes.

Everyone is glad to see Ethel Galloway and Olive Van Metre back at their desks.

After a week's absence Gladys Jackson's smiling countenance is welcomed back by the high school.

Miss Joyce has permitted her pupils to take the state examination and those who pass in this with a high grade will be excused from final examinations.

The excellent work done, the industry of the pupils and the up-to-date methods in class instruction were among the favorable comments made by the class in normal training on returning from a profitable hour in observing practical pedagogy in Miss Van-Orsdoll's room Wednesday.

Of the many and new ways to arouse interest in her pupils Miss Nelson this week made a neat little experiment to show the power of steam by a miniature explosion. Always resourceful, energetic and faithful to a large degree Valentine can well be proud to count so able and strong a teacher as Miss Nelson among her instructors.

Talk of the Town.

John Shelbourn was in town Monday.

Go to Fischer's hardware for fresh seeds. 10

Chas. Reece was up from Simeon last Thursday.

F. J. Wilsey came down from Rosebud Monday on business.

Correspondents will please get their items to us by Wednesday morning or earlier.

Mrs. Slonecker and little girl returned Monday from a visit to Ainsworth of a few days.

Col. Tracewell reports about 200 people at Dell Query's sale Tuesday and every thing sold at fair prices.

Tracewell & Hitt have torn down the Eagle barn and have the foundation done for their new barn.

A box of cigars at Chapman's Drug store last Saturday on Frank Fischer jr., heralded the birth of a son Saturday morning.

M. J. Jordan has bought the C. W. Cramer house near the Catholic church and is beginning to make extensive improvements.

Mrs. Mary Carter of Cody has electric lights put in her large residence property on Cherry street and papered, painted and repaired.

Wm. Shelbourn drove to town Monday morning with his father-in-law, A. J. Wallingford who had been visiting them the past few days.

Pete Decory has built a new iron fence and made other extensive improvements on the property he recently purchased from Grant Dunn.

Rasmus Anderson came down last Saturday from the Whipple ranch to load up his family and move to the reservation. He has leased the Whipple ranch.

John Bachelor took Gov. Aldrich, H. N. Miller and M. V. Nicholson out to the lakes fishing Monday and expected to go over to John's ranch to spend a couple of days.

John Dambly is building an auto garage north of his barn and we understand he has rented it to a Mr. Brown of Stuart who expects to put in some autos for livery purposes.

Henry Morris and family have moved to town from the north table and live in the green house recently purchased from Mrs. McDonald on Hall street south of the M. E. church.

Misses Helen Sparks, Alice McLean and Kate Helzer, one of the Valentine debating teams, went up to Gordon last week and debated Friday night with the Gordon team and were defeated in the decision, though making more points.

Mrs. Henry Stetter and daughter Helen returned from Richmond, Va., last week where they spent the winter with Mrs. Stetter's father who is now 78 years old and still in good health.

John Ferstel returned Sunday night from Salem, Ore., where he has a fruit farm and has been doing some work upon it. He says trees are in blossom and grass three or four inches high out there.

Henry Murphy and daughter, Miss Alice came up from the south part of the country last Thursday and spent a couple of days in town on business and we acknowledge a pleasant evening with them at our home.

Louie Hoenig was thrown from a horse Sunday and holding onto the bridle swung the horse onto him and was struck or kicked in the stomach laying him out for awhile. He had to lay in bed a few days this week to recover.

August Erickson was in town Monday.

Dr. Perrigo, registered optometrist of Omaha, will be here again at Donohoe hotel April 22. 13 3

W. B. Grace & Son have leased the Church hotel and are furnishing twenty-two bed rooms, two closets and bath rooms on the two floors above and will have two bed rooms downstairs, a sample room and a big office.

Easter services were held in the different churches in Valentine with appropriate decorations and special music. We went to hear Rev. Wells of the Episcopal church in the morning and Presiding Elder Carns at the M. E. church in the evening.

Frank Shubert, lately of Houston, Minn., has been visiting F. J. Wilsey on the Charley Tackett farm near Rosebud the past three weeks and returned Monday to take the train for his home at La-Crosse, Wis. He was well pleased with this country and may return.

A. J. Wallingford of Lake, Neb., called on us Monday for a little visit. He is one of the early settlers of Cherry county, coming here in '85 and run a saw mill by water power on the Snake in the early days. He is 78 years old and has waited long and patiently for a railroad to run through the central portion of the county and if it doesn't come soon he thinks he'll get tired waiting for it and move to town where can take more comfort during his declining years.

An ox team hove into town Monday morning from Tripp county after a load of potatoes. It was a novel sight on our streets to see two cows and an ox hitched to a covered wagon and slowly wending their way along our streets. Gov. Aldrich being in town ready to start on a fishing trip to the lakes was attracted to the sight and he and Judge Walcott had their pictures taken in charge of the team. Count Meltendorf and Jennings did the kodak stunt, catching them in various positions, the pictures of which are now on exhibition on postal cards.

County Superintendent's Notes.

We understand the appropriation bill for the junior normals passed the house and that in all probability Valentine will have her junior normal again this year. All the teachers will do well to plan to attend if possible. Institute will be held just at the close of the normal.

Eight grade examinations will be held April 20th and 21st at the following points: Valentine, Kilgore, Cody, Merriman, Wood Lake, Brownlee and Elsmere. If any teacher finds that it is impossible for her pupils to go to any of these points she should inform this office at once.

Teachers' examinations as usual at Valentine April 21st and 22nd.

We understand that Representative Clarke gave his support to the junior normal bill and also to the superintendents' salary bill for which he deserves our sincere thanks. The salaries of the different counties are now as follows:

Not less than \$1800 in Buffalo, Custer, Gage and Saunders.

Not less than \$1600 in Adams, Cass, Dodge, Knox, Madison, Otoe and Platte.
