480 acres of isolated government land was sold at auction last Thursday to Mrs. Nancy Wilson at \$2.40 per acre. The land started at \$1.25 per acre, Mrs. Wilson making that bid. George Hornby bid against her in small bids of 2c per acre until he had run the price to \$2.40 per acre and then offered to withdraw his bids. That is about on a par with some of his business methods. This land was Mrs. Wilson's former homestead upon which she felt unable to make final proof because of not having lived upon the land while teaching school and relinquished to purchase at public land sale which she caused to be sold.

The debate between Atkinson and Valentine last Friday night resulted in a tie vote in points but two judges found in favor of the Atkinson team by two points and eight points while the other judge found in favor of the Valentine team. The trainers of Valentine team, Alice McLean, Maud Rowley and Lawrence Rice are entitled to praise for their splendid work and untiring efforts. We, in behalf of ourself and others most interested, wish to thank them most sincerely for their kindly interest and solicitation for Valentine team and at the same time congratulate them upon their success.
