Senator Gore (Dem. Okla.) who led the fight which caused the finance committee to report the wool and farmers' free list bills, says: "I think it is generally understood now that the reciprocity bill will be passed without any amendments. But the question whether the president will veto a bill or not should have no bearing on the action of the senate. We do not need any report from the tariff board or any one else to show that the wool tariff needs revision downward. The president himself has said that 'scedule K' is indefensible.

"I have in my possession, woolen goods which I bought in Canada for just one-half the price charged in this country. The president, in reference to his reciprocity agreement, has repeatedly said that the price of labor and the cost of production in Canada is the same as in the United States. We know that to be a fact. Then a high tariff is the only explanation of this difference in prices. "If we pass the wool bill this summer, it will reduce the cost of clothing to all the people of the United States next fall and winter.

"If we wait for a report from the tariff board, another winter will have passed with the same extortionate and inexcusable prices being assessed against the people."

Committees from the Woodmen, Workmen, Odd Fellows, Eagles, and the Corn Show met at McLeod's office Tuesday night, to arrange plans for the Fraternal Picnic and Corn Show this fall. Sept. 6, 7, 8, 9, are the dates set for the big doings in Minnechaduzza Park. Prizes will be given for all farm produce as well as cooking and baking. There will be two bands, and plenty of attractions all day long. Every afternoon there will be a fast ball game.

The Valentine Booster Band and base ball team will go to Long Pine on the 4th. As Valentine does not celebrate on this day it would be nice if a big crowd would go down and help Valentine win. The train service is excellent. Go down on the early train and make a day of it.

Not Selling Out

We desire to announce that we are not closing out, but are still selling the very best goods at reasonable prices.

Our line of John Deere Implements, Velie Buggies, Moline and Davenport Roller Bearing Wagons and Samson Windmills is complete and priced right.

We also have a large stock of lumber, lime, Wall Plaster, Cement, Brick, Sash, Doors, etc.

Is it not good policy to patronize a firm who expects to continue in business and intends to handle the same line of goods for years to come.

We never advertise so-called bargains because we have always had our goods priced right.
