

A Safe, Simple System

The system of paying by check was devised by all men—for any man—for you. It is suited to the need of any business, either large or small. It makes no difference whether we pay out \$10 or \$1000 a month. A checking account will serve your needs.

Pay by check, the method puts system into your business and gives you a record of every transaction.

TREES

Plenty of time to plant trees. Our trees are kept in our large, cool, cement building now and are held back so they will be good to put out for several weeks yet. We keep no trees in our building in winter, and only recommend the hardiest and tried varieties that do business in Northwest Nebr.

Catalog upon request.

County Assessor Young turned
over his books on Wednesday.
The records this year show a short-
age of 19,753 head of cattle. The
reason for this large decrease was
the high market and the short hay
crop of 1910. Horses show an in-
crease of 1,577. The total valua-
tion of Cherry county for 1911 is
\$14,808,420 an increase over last
year of \$265,640. Each year
shows a good increase in the num-
ber of acres of land on the assess-
ment books, 285,850 acres were
recorded for taxation this summer.

A. M. Morrissey will leave to-
night for Saskatchewan, Canada.
Mr. Morrissey owns a half section
of wheat land near Garvey. He
will go from there to Lincoln some-
time in July.

A Big Show

Campbell Brothers Consolidated
Shows are advertised to exhibit in
Valentine on Thursday July 6,
and on that day it is safe to say,
everyone will take a holiday as
there will be plenty of entertain-
ment from early morning till late
at night for old and young.

All previous efforts of these able
circus managers have been sur-
passed this year and they are pre-
sented the largest, cleanest and
most gorgeous entertainment that
has ever been given heretofore un-
der canvas.

No labor has been too hard, no
expense too great, to gather to-
gether a brilliant array of every-
thing that goes toward the making
of a first class circus; 200 head of
fine high spirited horses; over 300
human beings, many of them from
foreign nations over the seas, all
trained to perfection in their own
special art; bare back riders; ac-
rial artists; acrobats; jugglers, and
others too numerous to mention,
besides the large and elaborate
menagerie which has been secur-
ed at great expense and consists of
a herd of trained Elephants, Cam-
els, Lions, fierce as in their native
forest, Tigers, Leopards, an Asia-
tic Yak, imported direct from the
land of Thibet, and others as equ-
ally interesting. The brilliant
street parade will be given promp-
tly at 10 a. m.

We like
to talk Kodak

We are always best satis-
fied when our customers are
best satisfied. That's one
reason why we like particu-
larly to talk about the goods
in our photographic depart-
ment. The Kodak goods have
quality written all over them.
They are our kind of goods
because our kind of custom-
ers, the quality kind, can ap-
preciate them.

KODAKS

made and popularized amateur photography.
They have always lead in improvements, in
new ideas. But what is of equal importance is

the careful workmanship
and the superb lens and
shutter equipments. Yet
they are not expensive—
