TO INVADE PORTUGAL

BAND OF 5,000 TROOPS, WELL ARMED, ARE MARCHED ON THE FRONTIER.

PRISON PLOTTERS ACTIVE

Monarchists in Lisbon Bastle Found with Revolvers Which They Had Intended to Use on Guards and Start Outbreak in Capital.

Lisbon, via the Frontier.—Luise d'Almeida, chief of the Carbonarios, a political secret society, who was sent by the government to the frontier to make a thorough investigation of the royalist situation, has reported. He says the royalists now concentrated in the neighborhood of Orense are preparing slowly to advance. They number from 4,000 to 5,000, comprising infantry, cavalry and artillery. They have about 40 pieces of artillery, for the most part rapid fire.

They also have two aeroplanes, which are constantly flying over the camps of the soldiers of the republic, especially at Chevez, and the troops and the inhabitants are in constant fear that they may drop bombs.

The delay in the attack is due to the monarchists' lack of funds, says the report, but they are expecting the arrival from Brazil and England, within a few days, of money to the amount of \$2,500.

TROOPS BEING SENT TO BORDER.

China Will Make an Attempt to Suppress Disorders.

Peking.—The Chinese government is concentrating troops on the borders for the purpose of suppressing the alarming disturbances in the province of Sze Cheun, if the provincial force is insufficient in number or prove disloyal. Sixty Canadian Methodist missionaries are among the Chengtu refugees. These in all number about 100, of whom thirty are Americans, and nothing has been heard from them for the past four days. It is believed that they are being escorted by Chinese troops in the direction of the Yangtze Kiang. The government has promised a comprehensive statement on the flood as soon as the facts are available.

INDICT RICH MEN

NATHAN ALLEN AND JOHN R. COLLINS ARE CHARGED WITH SMUGGLING JEWELS.

GEMS ARE GIVEN TO WOMAN

Wisconsin Manufacturer and Tennessee Coal Operator Must Answer to Accusations Contained in True Bills Returned by Federal Grand Jury.

New York.—Separate indictments accusing two reputed millionaires of smuggling diamonds, pearls and other gems valued at more than \$300,000, and which were found in the possession of Mrs. Helen Dwell Jenkins, have been secretly returned by the federal grand jury here.

The indictments, which have been kept under seal for two weeks by the United States district attorney and now only made public, are against the following:

Nathan Allen, millionaire leather manufacturer of Kenosha, Wis., who has for years had friendly relations with Mrs. Jenkins and who is said to have purchased most of the jewelry in Europe and brought it over for her.

John R. Collins, wealthy coal operator of Tennessee, who is also said to have purchased jewels in Europe intended for Mrs. Jenkins.

Three counts are included in each of the indictments returned against Allen and Collins. They charge smuggling and conspiracy to smuggle.

Mrs. Jenkins lived in Sheridan road, Chicago, for a year or more, and it was during this time that the alleged smuggling is declared to have taken place.

These jewels, valued at \$170,000, were given to Mrs. Jenkins in 1900, and for two years the revenue officers have been collecting evidence that they were brought from Europe without the payment of duty.

Mrs. Jenkins, collector of the Port Loe and Deputy Surveyor Parr were witnesses before the grand jury that investigated the case a month ago.

William W. Smith appeared before United States District Attorney Wise shortly after the indictments, which were found August 23, were made public and said that the two defendants would positively appear this week.

New York.—The publishers of the one hundred and twenty-fifth New York city directory estimate the population of Manhattan and the Bronx at 2,830,000, an increase of nearly 95,000 over the federal census of 1910. A similar increase in all the boroughs of the city would give New York a total population of 4,900,000. It is figured, however, that the rate of increase in some of the suburban districts has been much larger.

NAILING IT DOWN

UNREST IN EUROPE

DELAY IN SETTLEMENT OF MOROCCO QUESTION BRINGS WAR SCARE.

MANY WILD RUMORS AFLOAT

French Troops Are Massed on German Border—Belligerent Stories Induce People in Germany to Withdraw Savings From Banks.

Paris.—The delay in the settlement of the Moroccan question, which is now being negotiated in Berlin between high officials of France and Germany, has brought an uneasy feeling akin to a war scare throughout this country, Germany and Belgium.

This feeling was augmented in Paris by the action of La Patrie in publishing a long story to the effect that France is concentrating a large army on the German border. It was allayed to some extent by the statement of the ministry of war, which said the movement was solely for the purpose of annual maneuvers.

The same spirit of unrest seems to be gaining the upper hand in Germany. According to dispatches received here, the people of many provincial cities in Germany are taking their savings deposits from the banks, fearing a war.

At the same time Belgium is known to be strengthening its force on the border to preserve neutrality if the Franco-German clash comes.

The Paris bourse was affected to only a slight degree by the Moroccan situation. Some French money in the process of withdrawal from Berlin, either directly or through Swiss banks, was explained by the unusual demands of the approaching January payments.

SLEEPING CHILD IS STOLEN

Family Too Poor to Pay Ransom—Police Can Discover No Motive For Kidnaping.

Madison, Wis.—Anna Lemberger, seven years old, daughter of Martin Lemberger, a laborer living at 2 South Frances street, was kidnapped while asleep. Wide search has so far revealed no trace of her or the person who took her.

Her parents fear she was taken by some degenerate or insane person, and probably murdered and the body sunk in one of the lakes surrounding the city. The police have no theory.

The Lemberger family lives in the center of a district inhabited by Italians and Russian Jews, but the police do not suspect any of them, as the parents are too poor to pay a ransom, and so far as known have not incurred the enmity of their neighbors.

DENEEN BREAKS LEG

DOCTORS SAY THE INJURY IS A SEVERE ONE.

Illinois Executive Jumps From Auto in Attempt to Prevent Collision With a Team.

Springfield, Ill.—Governor Charles S. Deneen suffered a broken left leg by jumping from his automobile in an effort to prevent a collision with a team of horses which were in the path of the machine as it rolled backwards down a steep hill after the brakes had refused to work.

The accident occurred near Farmington, 15 miles from Springfield. Governor Deneen was brought to the executive mansion here and received medical attention.

The injured member was badly swollen when Dr. L. C. Taylor, the governor's physician, applied a temporary cast. Governor Deneen suffered excruciating pain and it was necessary to administer an anesthetic. Doctor Taylor says the injury is a severe one. Both bones in the left leg being broken an inch and a half above the ankle. The accident will necessarily confine the executive to his bed for many days.

With Governor Deneen in the car at the time of the accident were Mrs. Deneen, their daughter, Miss Frances; Bina, their infant child and her nurse, and Otto Swansen, the chauffeur. By remaining in the car all escaped injury although the buggy which the automobile struck in its backward race down the hill was demolished. The occupants of the surrey escaped with minor bruises.

GOTCH DEFEATS HACK

RUSSIAN "LION" PROVES TO BE VERY MUCH OF A LAMB.

World's Champion Wins Bout in Two Straight Falls in Less Than 20 Minutes.

Chicago.—In less than twenty minutes George Hackenschmidt, the Russian "Lion," went down to defeat before Frank Gotch, the world's champion wrestler, in the presence of 35,000 spectators, the largest throng that ever witnessed a wrestling match. The showing made by Hackenschmidt proved that his powers had been largely overestimated.

Gotch won the first fall in 14 minutes and 18 seconds with an inside leg hold and chancery, which is the new hold Gotch developed for the match. The Iowan won the second fall in 5 minutes and 32 1-2 seconds with a toe hold switched into a crotch and half nelson.

Gotch proved his superiority in the most marked manner. He was the aggressor throughout and the Russian never had a chance. There was little rough work, that which was done being by Hack himself.

The bout simply demonstrated that Hack lacked the heart to stand up to Gotch's punishment.

REFUSES TO MARRY ASTOR

Newport Methodist Minister Turns Down Offer of \$1,000 to Perform Marriage Rites.

Newport, R. I.—Clergymen of the Baptist church and the Methodist church declined to perform a ceremony marrying Col. John Jacob Astor and Miss Madeline Force.

Col. William P. Sheffield, Newport attorney for Colonel Astor, offered \$1,000 to Rev. Dr. Edward A. Johnson, pastor of the First Baptist church of Newport, to perform the ceremony. Doctor Johnson is ill and in sore financial straits. Bad eyes are forcing his retirement, at least temporarily, from the ministry, and he is in need of money, but despite this fact he would have nothing to do with the marriage.

This is the first intimation that Colonel Astor and Miss Force contemplated marrying so soon.

CHOLERA'S TOLL IS 30,000

Italians Die of Dread Plague—Oppose Health Plan, Blaming Authorities for Scourge.

Chiasso, Switzerland.—Since the beginning of the present year the total number of deaths from cholera in Italy has passed the 30,000 mark. Terror and superstition are causing outbreaks of violence among the inhabitants, who consider the authorities responsible for the scourge.

Health measures are opposed by the people, who think that the measures have been put into effect for the purpose of spreading the infection, firmly believing that it is the desire of the authorities to kill, through poison, a large number of the people and in that way get rid of the poor. The most energetic measures have been adopted by the Italian government to maintain order.

State Funds Will Be Protected.

In an opinion addressed to State Treasurer George, Attorney General Martin holds that banks newly applying for the deposit of state funds need not offer a surety bond as security, providing they are protected by the guaranty law, but that the banks which have already given surety bonds for the protection of state funds cannot pull down their bonds nor is anyone authorized to release them from such obligations. As a result state funds deposited in state banks will be protected by surety bonds and by the guaranty law at the same time. The old law required that bonds should be given the state treasurer for twice the amount of state funds deposited and that this sum should never exceed 30 per cent of the bank's capital stock. The attorney general holds that this part of the law is still in effect. State banks are not required to include state funds in their total of deposits subject to assessment for bank guaranty purposes.

Changes at Soldiers' Home.

Governor Aldrich has issued an order making an entire change in the administration of the state home for soldiers at Milford. The change is to take place September 10. In place of Commandant Howard the governor appointed W. L. Hilyard of Superior. Captain Crawford of Lincoln, who has been adjutant is to be succeeded by W. H. Crites of Central City. The matron is to be the daughter of Mr. Hilyard, Mrs. Mary C. Saum of Superior. Mrs. Walsh, the present matron, was to have been succeeded by Mrs. Downes of Lincoln, but that arrangement was not completed and as a result the daughter of the new commandant is to be matron. Her husband is a millwright and will probably make his headquarters at the home.

State Buys Home Securities.

The board of educational lands and funds has authorized the sale of \$31,000 of Tennessee 3 per cent state bonds and the reinvestment of the funds in 4 1/2 per cent municipal bonds. Treasurer George is to accept \$17,500 of bonds issued by the town of Bridgeport, \$8,500 of Haigler bonds and \$4,500 of Bartley bonds.

Test Ride for Major Penn.

Major Julius A. Penn, Twelfth infantry, U. S. A., who is on detached duty as an instructor of the Nebraska national guard, has received notice to proceed to Fort Crook and undergo the annual test ride on horseback invented by President Roosevelt for the officers of the army. The date of the test and the route have not been ordered, but it must be a ride of ninety miles, or thirty miles each day for three days. Seven and a half hours are allowed for the first two days and six hours for the last day of the test.

Will Continue in Force.

It is expected that Attorney General Martin will shortly write an opinion, in reply to questions from State Treasurer George, holding that although state banks are not required to furnish depository bonds for the security of public funds, that there seems to be no way provided for them taking down the bonds already deposited with the state treasurer and that these surety bonds will therefore continue in force until expiration.
